The Educational Review is published about the 10th of each month. Any subscriber failing to receive it by the 20th should notify us of the fact. Subscribers wishing a change of address should give the Former as well as the New address.

EDITORIAL NOTES.

In future, subscribers to the Review in Nova Scotia and Newfoundland should send their subscriptions and all business communications to Editor Educational Review, Halifax, N. S. All other subscriptions and business communications should be addressed, Editor Educational Review, St. John, N. B.

A VALUED correspondent writes: "I also take this opportunity of saying that I find the "Book Reviews" of much interest, and that I eagerly consult the advertising columns of the Review for information as to new books, etc., bearing on my every day work."

On March 31st the School for the Blind of the Atlantic Provinces gave an exhibition of the ordinary gymnastic exercises which, for the last eight years, were conducted under the special charge of Sergeant-Major Bailey, of the Imperial forces. Both ladies and lads showed well developed physical powers, and as full an enjoyment of it as a club of cricketers. Under Principal Frazer's inspiration, eleven years ago, physical training was introduced; and after the

publication of his report this essential part of an education has been extensively introduced with the best effects into similar institutions all over the world. After the calisthenics came a short musical entertainment, the presentation of medals, with an address, and a presentation of a silver cup from the pupils to Sergeant-Major Bailey, who is about to return to England. The Atlantic Provinces have the best reasons to be proud of this school and its intelligent management. The enthusiastic principal hopes to have its accommodations doubled during the present year. Could the people of these provinces only become acquainted with the superior work done by this institution, any accommodation required would be meted out with the most ready and liberal hand. In a note of this kind we cannot even attempt to describe what an education our blind are now capable of receiving.

The following gentlemen from the Atlantic Provinces have passed the necessary examinations and are entitled to degree M. D., C. M., of McGill University: G. A. B. Addy, St. John, N. B.; C. P. Bisset, River Bourgeois, N. S.; J. Broderick, Fredericton, N. B.; J. W. Clarke, Tatamagouche, N. S.; F. G. Corbin, Halifax, N. S.; Curtis Harland, N. B.; W, E. Jenkins, Conquerall Bank, N. S.; A. C. Lewin, St. John, N. B.; H. H. McKay, Pictou, N. S.; A. C. McLellan, Prince Edward Island; H. D. McManus, Fredericton, N. B.; James Ross, Halifax, N. S.; W. A. Wilson, N. B.; E. S. Yorston, Truro, N. S.

WE are glad to learn that the Nova Scotia parliament is likely to give us an amendment this winter which will enable school-boards to establish kindergartens under the general educational system wherever they may be likely to be required.

The N. B. University Monthly will begin in its April issue a series of sketches on the past graduates of the university. These, when completed, will be used in compiling a memorial volume, which is intended to be a complete history of the university since its foundation. The editors of the Monthly deserve great credit in taking the initiative in such a
