

- 6.3.1. The proposal specified in paragraph 6.3. shall contain:
- 6.3.1.1. an explanation of the objective of the proposed new global technical regulation, based on objective data to the extent possible;
- 6.3.1.2. a narrative description or, if available, the draft text of the proposed new global technical regulation;
- 6.3.1.3. any available documentation that may facilitate the analysis of the issues to be addressed in the report required by paragraph 6.3.4.2.1. of this Article; and
- 6.3.1.4. the identification of any known existing relevant international voluntary standards.
- 6.3.2. Each proposal specified in paragraph 6.3.1. of this Article shall be submitted to the Executive Committee.
- 6.3.3. The Executive Committee shall not refer to any Working Party any proposal that it determines does not satisfy the requirements of Article 4 and paragraph 6.3.1. of this Article. It may refer all other proposals to an appropriate Working Party.
- 6.3.4. In response to a proposal referred to it for developing a new global technical regulation, the Working Party shall use transparent procedures to:
- 6.3.4.1. develop recommendations regarding a new global technical regulation by:
- 6.3.4.1.1. giving consideration to the objective of the proposed new global technical regulation and the need for establishing alternative levels of stringency or performance;
- 6.3.4.1.2. considering technical feasibility;
- 6.3.4.1.3. considering economic feasibility;
- 6.3.4.1.4. examining benefits, including those of any alternative regulatory requirements and approaches considered;
- 6.3.4.1.5. comparing potential cost effectiveness of the recommended regulation to that of the alternative regulatory requirements and approaches considered;
