a Includes both first and second contributions.

b Council's administrative allocation for 1946 included pending government's legislative action.
c No operating contribution authorized as of 31st March, 1946.

Amount of contribution not determined as of 31st March, 1946.

Excludes payments in local currencies to defray local expenses of UNRRA missions.

Includes value of contributed supplies.

g Includes advance payment of \$80,000. In The amount paid or available is over 80 per cent of the total authorized or in process. With the completion of the second contribution of the U.S.A., Australia and New Zealand, this percentage will be raised to almost 95 per cent.

## MILK

INQUIRY AS TO SUMMER SUBSIDY RATE

On the orders of the day:

Mr. J. A. CHARLTON (Brant): I should like to direct a question to the Minister of Agriculture. Owing to representations made by the Milk Producers' Association and the increased costs of production, would the minister not consider continuing throughout the summer months the winter rates of subsidy on milk?

Hon. J. G. GARDINER (Minister of Agriculture): The question which has just been put by the hon. member has been submitted to me, and one has also been put on my desk by the hon. member for Springfield (Mr. Sinnott) relating to the same matter. I think I should answer both at the same time. The question put by the hon. member for Springfield reads:

Will the hon. Minister of Agriculture restore the 55 cent milk subsidy to dairy producers?

The position in regard to milk subsidies is that a subsidy is paid both in the winter and summer months. There is a subsidy on whole milk of 55 cents in winter and 35 cents in the summer months. The time at which the change is made is 12 o'clock on the night of the 30th day of April to cover the new dairy year. There has been no change made this year, so that the suggestion here that we restore the 55 cents milk subsidy is scarcely an accurate way of stating the position. The order governing the subsidies has been exactly the same for the last two years, and the new order will make it the same for the next twelve months. In other words it is just a seasonal reduction from 55 to 35 cents.

It is hardly necessary for me to say that if there are to be seasonal subsidies there is no possibility of having the same subsidy in the

[Mr. Mackenzie King.]
