TELEPHONE COMMUNICATIONS

Mrs. Claudy Maily (Gatineau): Mr. Speaker, I have the honour to present a petition signed by 10,000 residents of the ridings of Gatineau and Hull-Aylmer who exercise their ancient right to present a common grievance to the House.

These residents are complaining about the telephone communication system, in very many cases with long distance rates within the territory of the National Capital Region. They find that Quebecers, men and women alike, are treated unfairly with respect to telephone communications. They suggest as well that everybody should have the same ready access to communication facilities because that is essential to the development of the *esprit de corps* and the feeling of community membership of all residents of the National Capital Region.

SUPPORT FOR BILL C-226

Mr. John Gormley (The Battlefords-Meadow Lake): Mr. Speaker, I have the honour and duty to present to this House a petition signed by Members of the Mennonite Brethren Church in Borden, Saskatchewan, in my constituency. They call upon Parliament to support the Private Members' Bill C-226, coming before the House later this week, which proposes to make abortion in Canada less available.

ILLEGAL DRUGS TRAFFIC

Mr. Andrew Witer (Parkdale-High Park): Mr. Speaker, I am pleased to present a petition on behalf of residents of the MacDonell and Fuller Avenue area of the City of Toronto. They ask this House to provide them with relief from the indignity of the harassment and abuse they have received at the hands of individuals involved in the suspected illegal drugs traffic in their neighbourhood. They ask for police protection from such harassment and urge the responsible federal Ministers to use all powers at their disposal and to initiate appropriate legislation to resolve this problem and return the neighbourhood to a safe environment in which to raise a family.
