CORINNE LANDED THE SILVER CUP

Motor Boat Races Watched by Thousands of Interested Spectators.

WANDA DISQUALIFIED

Finished Eleven Seconds Ahead of Time Made in Handicap.

Perfect weather greeted the opening of the motor boat races at the Exhibition yesterday afternoon, and the whole water front was lined with thousands of spectators interested in the manoeuvres. It being the initial day, the greater part of the afternoon was taken up in time trials over the five mile course for handicapping purposes.

G. McKendrick's Corinne landed the silver cup in the class C handicap race, rounding the course in a little under six minutes, closely followed by R. C. McArthur's Jean, Premier, owned by L. H. Russell, crossed the line in the third heat.

Two boats to arouse the spectators to listen of enthusiasm were John G. Robinson's Marco III, and W. H. Gooderham's statue, both of which kicked up a big wave along the lake front at a thirty mile an hour clip. These two boats are the fastest on Canadian waters.

WOMAN'S SLAYER ATTENDS INQUEST

James Dickenson Present at Inquiry Into Lucy Ives' Death.

ADJOURN PROCEEDINGS

Victim of Hotel Tragedy Came to Canada Five Years Ago.

Standing by the side of Detective Strohm, James Dickenson appeared undersized and pitiful as he listened last night up to the formal proceedings of the opening of the inquest on Lucy Ives. The man who has to face a charge of murder is not over five feet in height, with sandy hair, a sparse sandy moustache and pale blue eyes, which he kept furtively wiping to hide the signs of emotion.

No evidence was taken last night by Coroner Graham, beyond the necessary evidence for the identification of the body which was given by Miss Williams of the Prisoners' Aid Society. After the jury had viewed the remains, the inquest was adjourned until September 3, when the medical evidence will be taken.

The deceased woman had passed into the hands of the society for some time, where she had been laid against her by a colored man with whom she lived on Elizabeth street.

The woman has been in this country five years, having originally come from London, England. She had been brought to Toronto by the British Women's Emigration Society, but since her arrival here, had given away to drink, and altho the workers of the Prisoners' Aid Society endeavored to take her away from the associates with whom she was consorting, she had eventually drifted back to the man who had been the cause of her appearance in police court.

Mr. Williams stated that the woman was evidently of a respectable family, but could never be induced to tell much about her kindred.

Her trunk is at present in the keeping of the society and will be searched in an effort to learn the address of her relatives, so that they can be notified of her death. She also had a small sum of money which she left in the hands of the society, sufficient to save her from being buried at the expense of the city.

HIGH POWER LINE WILL BE DIVERTED

Brantford Residential Streets to Be Freed From Source of Danger.

BRANTFORD, Aug. 27.—(Special).—Arrangements have been completed whereby the high tension line of the hydro electric power from the Brant station near the Paris road will be taken care of on the right of way of the Lake Erie and Northern Railway right into the city to Greenwich street substation. This move will mean that the 26,000 volt line will be away from any residential streets and the danger will be reduced to a minimum. The expense will also be reduced. It is likely that the power for Paris will also go in over the Lake Erie and Northern Railway right of way, altho arrangements in this regard have not been completed.

The local hydro electric work is being rushed ahead with all possible dispatch and while Engineers Ireland refuse to make any possible announcement as to when the juice will be turned on in Brantford, members of his committee are confident that he will have things in great shape by December so that the new hydro lights will be on in full blaze in January.

GUELPH RAILWAY A PAYING VENTURE

GUELPH, Aug. 27.—(Special).—At a meeting of the directors of the Guelph Junction Railway held this morning, a resolution was passed to pay a further dividend of six per cent upon the fully paid up stock of the city, and the same has been paid, being at the rate in all of 17 1/4 per cent, paid this year.

The receipts for the various quarters show a steady increase and the total for the year should be over \$12,000.

Farm Laborers' Excursions—\$10 to Winnipeg

Via Grand Trunk Railway System, plus half a cent per mile from Winnipeg to destination, but not beyond Macleod, Calgary or Edmonton. Returning, \$18 from Winnipeg, plus half a cent per mile from points east of Macleod, Calgary or Edmonton to Winnipeg.

Going dates: Sept. 3—From all stations Toronto and east, and east of Orillia and Scotia Junction.

Sept. 5—From all stations Toronto to North Bay inclusive and west thereof in Ontario.

Farm laborers' special train will leave Toronto at 2:00 p.m. on Sept. 5, via Guelph, Berlin and Stratford.

The route via Chicago is an attractive one, many large cities and towns being passed en route, which breaks the monotony of the journey, there being something new to see all the time.

The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg, Saskatoon, Edmonton, with smooth roadbed, through the newest, most picturesque and most rapidly developing section of Western Canada.

Full particulars at all Grand Trunk ticket offices, or write C. E. Hornung, district passenger agent, Union Station, Toronto, Ont.

Best of the Bottled Ales

C.N.E. Visitors who can appreciate our fine Canadian Ales should try the leader of them all. It is named

WHITE LABEL ALE

Taste it—it's a treat!

You can get it at hotels or the dealers. Prime, heady, clear ale, that tickles the palate and refreshes the body.

Get Some!

Dominion Brewery Co., Limited, Toronto

MR. LANGSKILL ILL.

James Langskill, president of White & Co., wholesale fruiterers, Church and Front streets, was suddenly seized at his warehouse yesterday morning with an acute attack of appendicitis. After being removed to his home at 14 High Park boulevard, he was ordered to the Western Hospital, where he was successfully operated on, and last night was resting easily.

NOTABLE CAREER OF LORD HALDANE

Richard Burdon Haldane, who is to attend the American Bar Association convention at Montreal, is one of the intellectual giants of modern England. As lord high chancellor of Great Britain, he outranks all other official personages in England, save the King, the members of the royal family and the Archbishop of Canterbury.

As lord chancellor he presides over the house of lords, and in his keeping is committed the royal seal of England, which instrument has never left the shores of the "Tight Little Isle," save once, and that was when Lord Cardinal Wolsey took it with him when he accompanied Henry VIII. to France.

Lord Haldane was born in Edinburgh on July 30, 1856, and before he was 2 years old he began to show signs of that mental superiority which is now the pride of England. Before he was 2 years old his governess one day discovered him working over a pile of dust. When she asked him what he was doing she received this reply: "If God made man out of the dust of the earth, why shouldn't I?"

Such high aspirations were perhaps due largely to his splendid parentage. His father was a famous Edinburgh writer to The Signet, and a descendant of the famous old Scotch family, the Haldanes of Glenagles, who have intermarried with nearly all the Scottish nobles.

His mother is a typical gentlewoman of the old school, and possesses an unusual force of character. She was a Burdon-Sanderson, and the second daughter of Richard Burdon of West-Jermond, Northumberland—a connection of the Burdons of Castle Eden, who, marrying the only child of Sir James Sanderson, assumed the second name.

Lord Haldane passed thru the Edinburgh Academy, and later the university, where he received his M.A. with first-class honors in philosophy. In the meantime, while a student at the university, he had acquired all that famous German seat of learning had to offer in the way of speculative philosophy. In 1878, when 20 years of age, he won the Gray scholarship of the Ferguson scholarship of the four Scottish universities for philosophy, and after winning these honors he took up the study of the law and was called to the English bar in 1879. He at once identified himself with the best work on the chancery side of the law courts, and in 1880 he became a Queen's counsel. From that time his rise has been as rapid as it has been brilliant.

YORK COUNTY AND SUBURBS SEEKS REDUCTION OF ASSESSMENT

R. R. Reinhardt Thinks Synod Property Has Been Over Assessed.

His Honor Judge Morgan will hold a court of revision in the York Township offices this morning. There is only one appeal to be dealt with, that of R. R. Reinhardt, against the assessment of the Synod property, of which he is tenant. The property comprises about 30 acres, of lot 8, Con. 2, E. B., adjoining the city limits at Danforth avenue. Mr. Reinhardt leased the property from the Synod some years ago, and it is a condition that he shall the same, but the great increase in value of farm lands adjoining the city and the consequent increase in the assessment, has made the annual rental altogether out of proportion to the value of the property for other purposes. He is, therefore, appearing against the assessment in conjunction with the solicitor for the Synod, W. R. Smyth.

Talking to The World yesterday, W. A. Clark, the township clerk, said: "The township cannot discriminate in the case of any one property owner. Mr. Reinhardt is tenant of it is not assessed any higher than property adjoining, and if we once began to take a lease into consideration, anyone who wanted a fixed assessment on their property would just have to leave it for a term of years."

WARD SEVEN

A small fire in the Wilkinson-Bateman Plough Factory on Campbell avenue was soon extinguished by the Keele street firemen about 6:15 yesterday afternoon.

The origin of the fire was not clear, but the damage, which was chiefly to the interior fittings, amounted to \$100, and was covered by insurance.

For the convenience of Exhibition visitors who alight from inbound trains at Royce avenue station, a constable has been stationed at the C. P. R. station at the corner of Weston road and Dundas street to furnish any required information and to direct enquirers to streets, hotels and cars. The officer is a member of the staff at number 9 station in Keele street.

A generous offer of oil was yesterday spread on Annette street and intersecting streets, which a few days ago were scraped and brushed free from loose dust. These streets, on which no permanent pavement can be laid until the new sewer system for ward seven is completed, have now a fine hard and clean surface, which will probably remain so until winter.

Rev. Edward Morley of St. Paul's, rummaged, left yesterday for the Muskoka lakes, where he will spend his vacation.

NORTH TORONTO.

A resident in the newly-annexed district telephoned The World last night and said: "There are a lot of people up here who are wondering why they will have a vote in the by-election, whether they register or not."

The answer is that if they do not register they will not have a vote. Some of the young men in the district are reported to be reluctant to register for fear of incurring some tax. They need not be informed that they need have no fear of this, as there is no poll tax in existence today.

Up to date the registration has been very light, and a number of citizens are going to have no vote at all in the election unless they register. They will please note that the booths will be closed on Thursday and Friday, but will be open from 9 a.m. till 9 p.m. on Saturday.

AGINCOURT.

Bricklayers have resumed work on the new school. The building has been delayed for some time on account of the steel beams not being delivered when expected, but these are now in place and the work will go right ahead. The building will likely be ready for occupation some time in February.

Advocates of localism are busy registering signatures to a petition which will be presented to the council at their next meeting. Sufficient signatures have not yet been obtained, but they expect to have a full complement early next week.

THE TORONTO WORLD Needs a Copy Reader

Any newspaper man either in Toronto or an outside town, who wants a desk job with good opportunities for advancement, is advised to get in his application, either in person or by mail. An experienced copy handler will have more chance of getting the position than one with no experience, but any good newspaper man who knows how to handle and re-write copy, and write heads who wants the position, should apply to the News Editor.

AURORA.

The Rev. Canon Hartley of England, who is visiting in Canada, will preach in Trinity Church on Sunday.

The young people of Trinity Church held a very successful lawn social on the rectory grounds. The congregation did full justice to the occasion, over two hundred being present. The lawn was gay with flags and Chinese lanterns, and the platform was prettily decked with flowers.

Possibly the finest feature of the entertainment was the singing of a solo voice quartet recruited from the church choir. Miss Kennedy, a member of St. Anne's Church, Toronto, won many accolades with her recitations. Others who took part were Mrs. Rice, Miss Marjorie Willis, the Misses Gillam and Miss Merry Taylor. The Rev. Mr. Despard conducted the choir.

Credit Auction Sale

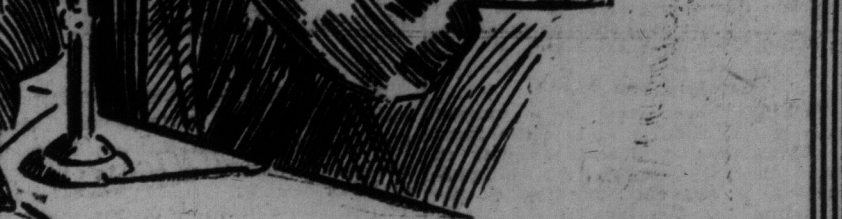

Of horses, harness, wagons, plows, etc. The undersigned has received instructions from Mr. Wm. Maher, to sell by public auction, at Bower's Hotel, Cooksville, on Saturday, Aug. 30, 1913, at 1 o'clock sharp, the following: Fourteen horses, also a number of wagons, flush and wheel scrapers, plows, harness and other utensils used in railroad construction.

NICKEL COINS FOR FRANCE.

It is now definitely stated that French bronze coinage will very shortly be withdrawn and replaced by small nickel 25 centime pieces. A further new design will be made by the French mint, which at the same time will issue 2 1/2 centime pieces, also a nickel corresponding to the English shilling.

Accidentally Killed.

That William Hall, the jockey who was killed at Hillcrest Park track on Tuesday, came to his death accidentally, and that no one was to blame, was the substance of a verdict rendered last night at the city morgue. It was shown that death was due to a fracture of the skull caused by Hall being thrown from his horse, "Tom Hancock," and another fracture resulting when the animal rolled on him.

If You Like Good Beer

—just step to the phone and call up your nearest dealer and have him send a case or a few bottles of

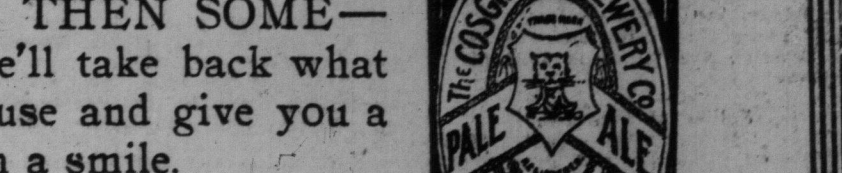

Cosgraves Pale Ale

Chill-Proof

If you don't find that the delicious flavor and malty richness makes "COSGRAVES" fit for Kings and THEN SOME—tell us—we'll take back what you don't give you a refund with a smile.

On sale at all hotels and licensed cafes, and dealers.

Brewed and bottled only at the brewery.

MR. LANGSKILL ILL.

James Langskill, president of White & Co., wholesale fruiterers, Church and Front streets, was suddenly seized at his warehouse yesterday morning with an acute attack of appendicitis. After being removed to his home at 14 High Park boulevard, he was ordered to the Western Hospital, where he was successfully operated on, and last night was resting easily.
