
The Art - Union of London

Nearly all of the English Paintings in this Exhibition have been kindly collected and forwarded by the Art-Union of London, a Society which has done very much for many years to encourage Art throughout the Empire; every year a drawing is held, when valuable Prizes in Paintings, Statuary, etc., are distributed, while each subscriber in addition is given an engraving or etching from works of celebrated artists. The Picture to be presented next year is an etching entitled; "Proclaiming our Sailor King, 1910," and shows the scene in Portsmouth Harbour on 9th May last, when His Majesty King George V. was proclaimed on board H. M. S. "Victory," the Fleet firing a Royal Salute. A number of Prizes in Oils and Water Colors have been drawn by subscribers to the Art-Union in St. John and other cities of Canada.

Mr. E. T. Sturdee, St. John, is the Hon. Agent of the Society the annual subscription to which is \$5.30.
