T. G. TREANOR AND B. ELLIS Lead at Batting and Bowling in St. James C. C. Awards.

In the season just finished the St.James' Cathedral C.C. played 16 matches, of which six were won, six lost and four were drawn. T. J. Treanor leads in the batting with an average of 16, and Ben Elits leads the bowlers with an average of 6.21. Thru the transferring of Mr. T. G. (Tom) Treanor to the Chicage branch of the Bank of Montreal, St. James loses a most valuable player. During his four years' connection with the club he has proved himself a most consistent batter and bowler and his loss will be most keenly felt. He intends following up the game in Chicago and will prove a splendid acquisition to the team he will identify himself with. The averages follow:

Evidence will also be put in to show that Edward Jardine was seen with the Anderson girl outside the fair grounds on the night she was missed from home, while witnesses, who swore to seeing them together between 8.15 and 9.55, will also be re-examined. This is in rebuttal of Jardine's and his relatives' statements he was at home at 8.

Mr. Blackstock is going to try and finish up the enquiry in one day.

PRACTICAL CHRISTIANITY

New Cult Which Has Been Introduced to Toronto. "Practical Christianity gives immor-

tality in the flesh." In these words Mrs. Marjorie Golden Eastman expressed the claims of a new cult which has just been intro-duced to Toronto. Last June Mrs. Eastman came here and she has been lecturing during the summer in Broadway Hall to a steadily increasing audience. A house has now been obtained at 37 Carlton-street, which from now on will have the sign, "The Home of Practical Christianity," and where the work of preaching, teaching, and healing will be carried on. One room has been turned into an auditorium with a seating capacity of 125.

with a seating capacity of 125.

When interviewed on Saturday afternoon at her present residence, 12 Grosvenor-street, Mrs. Eastman gave the following account of the creed and claims of practical Christianity:

'In practical Christianity everything is carried absolutely into the realm of mind. The mind is the realm of activity, and Christianity is a practical science. It is for to-day, for now, not for the hereafter. To-morrow will take care of itself.

take care of itself. take care of itself.

"We base our belief on the inspiration which each one of us receives. Human nature is the real book of life, but we find in the Bible the quintessence of the truth. Distorted and misrepresented tho the Bible may be by the orthodox churches there are three interpretations to the Scriptures, the historic, the symbolic, and the esoteric. Now we take the escteric, and give a spiritual interpretation to the state-ments made in the Bible. Jesus Christ brought immortality in the flesh, and practical Christianity gives immortality in the flesh, for death is the result of sin.

"What is sin? Well, I would say that sin is the result of man's double concept. Evil is not a reality, but concept. Evil is not a reality, but bears the same relation to goodness that darkness does to light. The standard of right and wrong is, whether or not it hurts the body. The body, you see, is not perishable, it is a part of each one of us, and each one of us in an avenue for deity, leading to a perpetual unfolding. Christ came to restore the lost consciousness of our divinity, and the Christ is the reality in every body.

week, namely, that Edward Jardine was in possession of a knife on the day that Lizzie Anderson must have been murdered. The crown investigators have secured several witnesses who will swear to this, tho young Jardine himself has sworn that he did not have a knife, nor was in the habit of carrying one. A knife has been found near the abandoned cellar, in which the mutilated girl was found, but to this cipcumstances not much weight is attached, as it is believed it was placed there since the tragedy.

Evidence will also be put in to show

our civilization that needed perfecting.

The various numbers on the program were well executed. The band of the 48th Highlanders contributed two selections. Arthur Blight gave a splendid rendition of "Hall, King George," by St. Quentin. The Toronto String Quartet were delightful in the first movement from Grieg, Op. 27, and Mrs. Elizabeth Campbell displayed the rich qualities of her contraito in "My Heart at Thy Sweet Voice," The program concluded with a duet, "Love and War." by Messrs. Hollinshead and Blight.
