Dr. KOHR'S RESTORINE The Remedy of the New Century,—the most wonderful Medicine ever discovered. It is astounding the Medical world. 10,000 cases cured in one month in Paris. The National Medical Board has recommended this Remedy for use in the Insane Asylums where, as it is well known, a majority of the male inmates are victims of lost Vitality in its most terrible form. In Europe the remedy is endorsed by all governments and is now used as a Specific in the great standing armies of both France and Germany. Stops losses in from seven to ten days so that they never return. Drains entirely cease after a few day's treatment. The skin becomes clean, the eyes bright. Confidence returns, step elastic, bowels regular. Headaches disappear. No more weak memory, the mind becomes bright and active. A Food for Brain and Blood. A permanent cure no matter how chronic the case. Just send us to-day your name and address plainly written and a 5 days treatment of Restorine will be sent FREE in plain sealed package. Do not hesitate a moment. We will treat you with success and with honest confidence.

TROLLEY'S "DIP OF DEATH."

Plunges Across Mine Cave-In and is Held by Earth on Other Side.

Freeland, Penn., Aug. 21.— Several acres of ground over the Jeddo mines dropped eight feet last night. A car leaving this city at 10.30 p.m. for Hazleton reached Japan siding about the time the earth began settling, and swept down the incline with lightning speed. Fortunately, the rails spanning the main cave-in held together and permitted the car to reach the opposite side. It then left the tracks and plunged into the side of the gulf, where it hung until the passengers were released.

PRIVATE SECRETARY KILLED.

Horace Waters Was Riding on Engine When Collision Came.

Winnipeg, Aug. 21.—The unknown man killed in the head-on collision last night at Clandeboye Siding, has been identified as Horace Waters, private secretary of Second Vice-President William Whyte of the C.P.R., whose headquarters is in Winnipeg.

Waters was riding on the engine of the excursion train and was pinned beneath the debris. He was about 23 years of age, and was to have been married in a month's time.

CARRIE NATION JAILED.

Denver, Aug. 21.—Carrie Nation spent last night in the city jail. She addressed a meeting of women yesterday afternoon and asked for volunteers to accompany her to the tenderloin district in the evening. At 9 p.m. one hundred women, some carrying babes, followed her into Market-street, and two hours of wild excitement followed.

Five thousand people gathered, blocking the street cars. Hoodlums began abusing the women, a cry of alarm caused a stampede in which many were injured, and the police interfered, locking up Mrs. Nation on charges of disturbance and inciting a riot, the latter a penal offence here.

The Empire Club.

Invitations have been accepted by the following well-known gentlemen, who are attending the coming meeting of the British Medical Association in Toronto, to a luncheon to be given by the Empire Club on Thursday at 1.30 o'clock:
Barlow, Bart., K.C.V.O., M.D., LL.D.; Sir Victor A. H. Horsley, M.D.; Sir W. H. Broadbent, Bart., K.C.V.O., M.D., F.R.S. Professor William Osler hopes to be present, tho not quite certain because of his many engagements. Professor C. S. Sherrington, F.R.S., of the University of Liverpool, is being invited, and we have some reason to hope, will be present.

Thru the kindness of the Royal Canadian Yacht Club, the luncheon will be given at their club house. The launch will be available at the Yonge-street wharf at 12.45 and 1.15 o'clock p.m., and every half hour thereafter.

CHILDREN FOR ADOPTION.

Supt. Kelso of the department of neglected children has twenty children offered for adoption.
They are a bright, healthy lot.

STRUGGLE HOURS IN WATER

Five Men On Upturned Boat Rescued With Difficulty.

Winnipeg, Aug. 21.—(Special.)—Messrs. McClellan, Connell, Wangell, Rodcliffs, Baldwin and Anderson Young of Winnipeg struggled for hours on an upturned boat in Lake Winnipeg, and were rescued by H. F. and M. Drummond after heroic work of many hours. Two of the canoes, three men in one and two in the other, struck across the wide expanse of water from Winnipeg Beach, a distance of about seven miles. Three other canoes hugged the shore along Sandy Beach. The wind freshened into a gale and one of the canoe men on shore noticed three of his companions struggling in the water a mile and a half from shore. Soon another canoe upset and two more were clinging to an upturned canoe, fighting the elements.

Mr. Drummond and brother went to the rescue at the risk of their lives. In the presence of a large crowd of picknickers they were cheered.

HEROES IN GAS ACCIDENT.

One After Another Attempted Rescues—Three Are Dead.

Pittsburg, Aug. 21.—Three men are dead, two are in a serious condition, and nine others were rendered unconscious by a blow-out of accumulated gas to-day at the Eliza furnaces of Jones & Laughlin's Steel Company at Soho, this city.

The men were engaged in dumping ore into the furnace from the top, when there was an explosion of accumulated gas. Flames enveloped one and he fell over unconscious. His brother went to his assistance, but was overcome, and a third, who followed him, was rendered insensible.

In spite of their realization that the same fate awaited them, each of the eleven men remaining attempted to succor those first attacked, and every one, in his turn, was overcome.

By this time notice of the accident had reached the workmen below, and the gas was shut off.

STARTS WORK ON SCHOOL.

Peterboro, Aug. 21.—(Special.)—The board of education has made a start towards the erection of a collegiate institute on the lot in Central Park which the Ontario government wanted for a site for the normal school and which the board refused to give up.

The board has $40,000 on hand to proceed with the work, besides the possession of a site.

DEFENDS JOHN D.

Cleveland, Aug. 21.—Dr. Courtland Meyers of Brooklyn occupied the pulpit of Rockefeller's church Sunday night. He attacked the newspapers for their criticism of Mr. Rockefeller, saying: "I have known men to be unjustly accused and made to appear worse than the inside of the gates of hell. Still, among the friends who know them they are loved and respected."

Big Steamer Ashore.

Duluth, Minn. Aug. 21.—The steamer Frank H. Peavey of the Peavey Steamship Co., one of the largest of the lake freighters, is ashore at Gooseberry River, on the north shore, about 50 miles from Duluth. During a heavy fog she lost her course going in, shortly after midnight.

Your Tongue is Coated!

LOOK inside your watch cover and see!

That's bad business, Bill!

What you been Eating?
What were you drinking?
What kind of Lazy Chair did you take exercise in?

Now don't think it doesn't matter!

Because, it's your Bowels that talk now, every time you open your Mouth.

That doesn't help your Popularity, nor your Earning capacity.

Besides, a man with bad Bowels is in a sad way.

And, a Coated Tongue, or a Bad Breath, are sure signs of bad Bowels and poor Digestion.

* * *

Go and take a Ten Mile Walk, for Exercise!

'Finest thing in the world for Constipation, Indigestion, or Dyspepsia, Ten Mile Walks.

Haven't time? Too Lazy?

Well,—there is another Way.

Take Artificial Exercise for your Bowels.

That's—CASCARETS.

They rouse the Bowel Muscles, just as a Cold Bath freshens Athletic Muscles.

Waken them up, Strengthen them so they Contract and Expand the Bowels and Intestines in a healthy active manner.

That's how these muscles work the Food along, through your thirty feet of Intestines, to its Finish.

That's how they squeeze Gastric Juice into the food, to Digest it.

That's how they make the millions of little Suckers in the Intestines draw the Nutrition out of Food, and transform it into Blood, Brawn, Brain and Bone.

No purging from CASCARETS, because there is no flooding of the Bowels with a waste of precious Digestive Juice, as with Salts, Castor Oil,—"Physic," etc.

Cascarets act like Exercise,—harmless, pleasant, simple, convenient, but sure as Shooting.

The thin little Ten Cent Box, carried in your Vest Pocket constantly, is sure protection against the results of

—Late Suppers
—Cheerful Boozing
—Rapid Eating
—Slow Walking
—Easy Chair Athletics
—And Lazy Liver.

* * *

One tablet taken whenever you suspect you need it will insure you against 90 per cent of all other ills likely to attack you.

Because 90 per cent of these ills begin in the Bowels, or exist through poor Nutrition.

Cascarets don't purge, don't weaken, don't irritate, nor upset your stomach.

Cascarets are Warranted to Cure Constipation, Indigestion, or, your money back.

SEVERE PUNISHMENT METED TWO ROYAL NAVY OFFICERS

Captain and Lieutenant of "Montague" Lose Their Positions and Are Censured.

Portsmouth, Eng., Aug. 21.—The court-martial which tried Captain Thos. B. S. Adair and Lieut. James H. Dathan, respectively the commander and navigating officer of the British battleship Montague, which went ashore off Shutterpoint, Lundy Island, May 30, has severely reprimanded Capt. Adair, and dismissed him from his ship, and has severely reprimanded Lieut. Dathan, dismissed him from his ship, and deprived him of two years' seniority.

London, Aug. 21.—The verdict in the case of the loss of the battleship Montague is regarded as just, and as having been inevitable, by all the London morning newspapers, but great sympathy is extended to Captain Adair and Lieut. Dathan on account of the admittedly difficult circumstances of the case, and they are considered to be the victims of ill-fortune rather than of carelessness. Both were officers of excellent record, and the evidence showed that they were tired out by 48 hours, more or less, of incessant duty.

Various suggestions are made, one that one navigating officer on a man-of-war is not sufficient. Capt. Adair's orders were to carry out important wireless experiments, and the evidence showed that he was almost constantly engaged in the wireless room.

Some comment takes the shape of protest against the employment of first-class battleships in such dangerous proximity to dangerous coasts. While it is admitted that officers must obtain experience, it is contended that this might equally be obtained on board smaller vessels.

In some quarters it is suggested that the judgment is a concession to the public disappointment over the loss of the battleship, and The Standard complains that the government has taken the moment when the nation has been deprived of a first-class battleship to still further cut the naval program.

ACCIDENT TO "DOMINION."

Montreal, Aug. 21.—The battleship Dominion, which struck ground in Baie des Chaleurs on Sunday night, will not be repaired in Canada, but will go to Portsmouth.

The naval dock at Halifax was got ready by Lieut. Barnet, who is in charge there, as soon as he heard of the accident, but the ship's divers examined her at Bic, on the way to Quebec, and decided she was able to complete her program here and go home for repairs.

It was feared at first that Captain Kingsmill and his officers would fare badly when they are court-martialed, but it is understood the charts issued by the admiralty were wrong, and that the officers will not be blamed for the accident.

SABINE'S SYMPOSIUM.

Issues Challenge to Anybody to Face Him With Words.

The Poet Sabine has issued a challenge to public debate—nobody barred. In the manifesto sent to The World, Poet Sabine calls his repertoire "Eleven Nights in a Debating Room With Poet Francis John Sabine sr."

And he saith:

(1) Resolved, that our system of government is the perpetuated offspring of barbarism and tyranny.

(2) Resolved, that government is conducted for the benefit of the rulers and associates—grafters, trusts and combines—and not at all for their victims, the people.

(3) Resolved, that we have a verbosity or redundancy of government officials, one-third of whom hold sinecure offices and some of those needed are paid four times more than they could obtain elsewhere.

(4) Resolved, that mostly all government officials are appointed thru party influences and not for qualifications.

(5) Resolved, that workingmen who receive no holidays at their employer's expense should not be compelled to pay high-salaried officials during their holidays.

(6) Resolved, that some of those officials are the vermin on the political body.

(7) Resolved, that public representatives should not spend moneys other than what they are elected for, i.e., stealing salaries, feasting pugs, burying supposed dead heroes or paying the traveling expenses of nabobs who sport tin-pot titles.

(8) Resolved, that judges are not always appointed for their knowledge of law and equity, but for party favors, thus they are subservient to their masters, whom they will adjudge guiltless.

(9) Resolved, that erring innocence finds his way to prison while brazen guilt roams at large thru maladministration.

(10) Resolved, that judicial investigations are instigated and conducted for the benefit of judges and lawyers, and when they ask for a larger scope of investigation they may want to pay off a mortgage or discharge a debt.

(11) Resolved, that government is like the farmer who stall-fed some cattle and starved the residue.

EAT TOADSTOOLS; DIE.

Camlachie Boy Succumbs and Two Others of Family Are Ill.

Calamachie, Ont., Aug. 21.—Cecil, the 13-year-old son of Mr. and Mrs. Miles, Carrick, died last night as the result of poisoning from having eaten toadstools in mistake for mushrooms, and two other members of the family are also in a critical condition.

The toadstools had been eaten on Saturday for dinner, and it was not until evening that three of the family became violently ill.

Veterinary Surgeons Gather.

New Haven, Conn., Aug. 21.—Veterinary surgeons representing the state associations of this profession in most of the states of the Union, gathered here to-day for the 43d annual convention of the American Veterinary Medical Association.

Among the prominent surgeons who are to read papers are Dr. W. Reid Blair of the New York Zoological Gardens; Dr. C. H. Jewell, U. S. A.; Thomas Thacher, Ontario, and others.

Girls Faint on Crippled Car.

St. Catharines, Aug. 21.—While taking a large party of young people to a dance at Port Dalhousie last evening, the rear axle of a trolley car on the N. S. & T. R. broke. Two girls were injured slightly and several fainted.

2-CENT RATE ON RAILWAYS DOESN'T AFFECT EXCURSIONS

Railways Doing Business in Ohio Still Find it Profitable to "Cut."

That two-cent fares do not prevent excursion rates is sufficiently shown by the advertisements in the Columbus, Ohio, newspapers. Altho the two-cent-a-mile law became effective March 10, the Hocking Valley is advertising tickets from Columbus to Toledo and return for $1.50 (240 miles); the Norfolk & Western is advertising from Columbus to Kenora, W.Va., and return, $1.75 (260 miles); and also similar rates for intermediate stations; the B. & O. is advertising to Cincinnati and return, $2 (240 miles); the Ohio Central, to Marietta and return $1.25 (150 miles); the Pennsylvania, to Akron and return, $1.75 (200 miles); the Big Four, to Cleveland and return, $2 (250 miles).

Besides these, are advertised trips at about one cent a mile to Niagara Falls, Put-in-Bay, etc., including boat. The New York Central offers a trip from Columbus to New York and return, 1200 miles, at $17.35.

CANADIAN PROGRESS.

How the Toronto Exhibition Illustrates Our Advancement.

There is no more striking evidence of the progress of Canadian industry than is to be seen from year to year in the buildings of the Canadian National Exhibition. Every year the display is better than the last. Every year the attendance of interested Canadian spectators increases. Every year individual manufacturers exert themselves to exceed what has been done before. For example, it was generally admitted last year in the manufacturers' building that the piano display of Messrs. Gourlay, Winter & Leeming excelled anything of the kind ever seen in Toronto. But this firm is not content to rest on a reputation. Plans have been made for this year, too. One of the Gourlay pianos, specially manufactured for the exhibition, is of Louis XV. design. The instrument has just been completed, and it is certain that its many beauties will arrest the attention, not only of the music-lover, but of the art-lover. The case abjures the straight line. Wherever possible delicate and swelling curves have been employed, while the carvings are exceptionally rich and beautiful. The supporting columns are especially attractively covered as they are with the daintiest carvings and with free swinging scroll work. The case is in polished mahogany of the finest kind. As for the tone of the instrument it is sufficient to say it is equal to the Gourlay ideal. In three years this piano has attained a reputation as the best upright piano on the market.

TERRORIST COUPLE MURDERED

Bodies Found in Park at Peterhof—Were to Kill Trepoff.

St. Petersburg, Aug. 21.—Premier Stolypin evidently finds it impossible to accomplish the difficult task of suppressing the revolution on one hand and introducing reform on the other, and it now appears that the cabinet will practically limit itself, so far as the reform end of the program is concerned, to preparing projects of law for submission to parliament next winter.

The bodies of a fashionably dressed girl and a young man in students' clothes have been discovered in the park at Peterhof. From documents found on their persons it appears that they were terrorists, who had undertaken the task of murdering Gen. Trepoff and other courtiers.

How and why the young people were murdered is a mystery.

Exhibition Tickets.

The "six-for-a-dollar" exhibition tickets are selling fast. They still can be had from A. F. Webster, northeast corner King and Yonge-streets.

Troubled for over Four Years. Weak Bowels and Diarrhoea.

DR. FOWLER'S Extract of Wild Strawberry

cured after other remedies had failed.

This wonderful bowel complaint cure will do the same for you as it did for Mr. Chas. Durham, Toronto, Ont. He writes as follows:

"I was troubled for over four years with Weak Bowels and Diarrhœa and could not get any medicine to cure me until I tried Dr. Fowler's Extract of Wild Strawberry. Since taking this medicine I have had none of my former trouble, and can recommend it to any person with the same complaint that I had."

All dealers sell it. Be sure and ask for DR. FOWLER'S and accept no substitute.

MAYOR COATSWORTH FAVORS THREE TICKETS FOR 10 CENTS

Will Take Up Question More Fully When Thru With Accumulated Business.

The three for ten idea of street car tickets in workingmen's hours catches on all about town, not only with those who could avail themselves of the privilege it would grant, but with other people who use the cars at all hours of the day. The ordinary citizen in a pleasant vein compliments The World men on the suggestion. It comes in praiseworthy tone from all over. The fact that the poorer class of the people would be benefited to the advantage of the Street Railway Company is recognized. Even the street railway men side with the proposal. The conductors would sooner have tickets than change, and so would the management.

Mayor Coatsworth strongly endorses the idea, as it would be a boon to working people and he does not think the Street Railway Company lose anything by it. His worship's views are shared by officials in the various departments at the city hall. In this matter Mayor Coatsworth is certainly the people's representative, because from no source has there come any antagonism to the idea of three car tickets in workingmen's hours for 10 cents.

The mayor was by no means one-sided in his comment on the matter. He said that he had only just returned from Halifax and could not give any off-hand opinion as to what had happened in the Metropolitan case, but he was enthused with the way the company had been brought to time and compelled to accept the real fare provided for in the act. As to the new idea of a three tickets for 10 cents on the city cars it appeared to him as a most sensible proposal, of advantage, both to the company and to the citizens.

This, he said, was on the face of the suggestion. When he got thru some of the work which had accumulated while he was away he would go deeper into the matter, but on the surface it looked just like one of The World's progressive ideas for the people generally.

His worship agreed that there were many working persons who paid a nickel for one ride on the cars when they had not got a quarter, or, if they had, would buy the eight tickets. The purchase of tickets is an income for the Railway Company. A man does not pay the nickel any more than he can help it.

"I will go into the matter more thoroly with you when I get all this rush of stuff off my hands, but you can say I am most heartily in sympathy with your idea," remarked the mayor.

KILLED BY LIGHTNING.

Girl and Man in Eastern Ontario Are Victims of Storm.

Monday's electrical storm did considerable damage along the Ottawa Valley, several points being struck in the Ottawa district. Laura Moore, aged 21, was washing clothes in the Ottawa River when the storm burst. With her mother and sister she sought shelter under a neighboring tree. Miss Moore was killed instantly by a lightning bolt that also prostrated her mother and sister.

Fraser's sawmill, near Aylmer, was hit and three workmen rendered unconscious. Several barns were burned.

At Lanark, William Bradford, aged 65 years, of the Township of Darling, farmer, and postmaster of White, was struck by a bolt of lightning while sitting reading a newspaper at his home.

At Galt, lightning struck a huge willow tree on the premises of the Victoria Wheel Works. In an outbuilding close by was Thomas Kempthorne, an employe. The violence of the bolt overturned the building and flung Kemmthorne to the ground, severely stunned. Ernest Rowe, a fellow-workman, standing nearby, also suffered from the stroke.

LABOR M.P. COMING.

J. R. MacDonald May Give an Address to Local Organizations.

J. R. MacDonald, M.P. for Leicester, the whip of the new Labor party in the British house of commons, and secretary of the British Representative League, is expected to arrive in Toronto on Saturday, and a special meeting of the executive committee of the Toronto District Labor Council has been called for to-night, at which the subject of having Mr. MacDonald address a mass meeting of labor men will be discussed.

Mr. MacDonald will remain two days in Toronto. He is considered one of the ablest men in the new British Labor party. He started the British Representation League some two years ago, the work of which resulted in the success of the Labor party in the last British election.

QUESTIONS ANSWERED.

An information bureau for the convenience of visitors will be opened at 37 Yonge-street on Saturday. It is under the city's direction.

THE NEW FRENCH REMEDY.
THERAPION
TRADE MARK

This successful and highly popular remedy, used in the Continental Hospitals by Ricord, Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION No. 1
In a remarkably short time, often a few days only, removes all discharges from the urinary organs, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2
for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary symptoms, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION No. 3
for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of early error, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated.

THERAPION is sold by the principal Chemists and Merchants throughout the world. Price in England 2/9 & 4/6. In ordering, state which of the three numbers required, and observe above Trade Mark, which is a fac-simile of word "THERAPION" as it appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

Banqueted the Staff.

The new annex to the St. Charles Hotel housed its initial banquet Monday night, and when the 160 guests had arranged themselves about the long tables the "red room" presented a brilliant appearance. The dinner was given by the company in honor of Charles Rochereau de la Sabliere, on the occasion of his return from Europe, to the employes of the Gendron Manufacturing Company, Limited, who took occasion for rejoicing over the success of the guest-of-honor in opening a large market for a new telephone manufactured by the Gendron people. The participants represented the entire establishment. Jas. O'Neil, proprietor of the St. Charles, was himself for fourteen years a representative of the Gendron Company.

Pale? Thin? How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla.
