New York, April 20.—A well-dressed young woman sprang from the Brooklyn Bridge into East River about 2 o'clock this afternoon. She left a cab near the centre of the bridge, and in some way got over the railing and made the leap.

The woman, who was about 35 years of age, was picked up by a boat and taken to the sprange of the bridge in the market that it is sometimes difficult to tell which to buy; but if we had a cough, a we would try Bickle's Anti-Consumptive Syrup. Those who have used it think it is far ahead of all other preparations recommended for such complaints. The little folks like it, as it is as pleasant as syrup.

I have been very badly troubled with catarrh since having la grippe in 1895. The dropping in my throat and pain across my eyes was almost constant, and my breath at times became very offensive. I used only a few boxes of Japanese Catarrh Cure, and it has completely removed every symptom of catarrh, and from my experience so far, I have every reason to believe the cure will be permanent. It certainly does all claimed for it, which I cannot say of many other remedies tried. Japanese Catarrh Cure is the only permanent cure for catarrh yet discovered, Price 50 cents, by all druggists.
