Returned Traveler From the Territory | Paymaster Robert B. Rodney Indulges Names Some Which Would Improve Conditions.

Montreal, Sept. 25.—R. A. Trienne, a
French gentleman, who arrived from the Klondike to-day, says that the government United States Navy Paymaster (retired) at the entrance to the port of Malaga.

(1) The publication and distribution by not pay alimony. The answer was written means of maps of registered or abandoned by Paymaster Rodney, and is a remark-

(2) The refusal of all concessions at Ot- it he says of his wife's suit: tawa before consulting the Yukon Council. "She calls for limited divorce with per-(3) The erection of a mint at Dawson, manent alimony, by which to indulge in for the reason that if such an institution is needed in Vancouver for the few millions of British Columbia, Dawson, with its \$22,000,000, should have one.

(4) Beer and wine should be sold, and cheap at that, instead of essence of alcohol, liquor permits and bad whiskey.

To the question, "Will the Klondike hold out?" Mr. Trienne gives an emphatic arifmative, declaring that it will last at least as long as the present generation. Without speaking of the gold quartz in the Gay and Victoria gulches, he says that there are \$400,000,000 in the present Klondike pavel, and new deposits are being discovered every day.

He says great disappointment is expressed because of Sir Wilfrid Laurier's failure to visit the district.

An Interesting Exhibition in the Robert Simpson Co.'s Big Store.

PANY;

An object lesson in fine boot manufacture is that displayed in the Victor department of the Men's Store, as the southbuilding has come to be called. Here are spread out the component parts of the famous Victor shoe, uppers, linings, in soles, outer soles, slipsoles, all the material such as goes into every pair of Victor shoes. Victor shoes, as is well known, are claimed by the Robert Simpson Company to be the equal of any \$5.00 men's boot on the market, tho selling itself for \$5.50. It will be seen that the three-ply sole of the Victor is of solid oak-tanned leather. There is no weakness about itage of ladies was held yesterday afternoon in the reception room of the Parlialings. The lighter styles are drill lined, drill being similar to a soft duck canvas, The leather lined Victors are beautifully soft and smooth inside, calf being the material used. The Victor styles, twenty in number, cover all the practical purposes for which a man uses a pair of boots. Ranging from the light patent kid to the chrome tanned calf, one has a choice of all the weights, all the styles, all the sizes of the best five dollar boot made. And, as mentioned before, the Victor sells for \$3.50. ern wing of the Simpson Company's fine
