PROSPECTING IN NEW ONTARIO

Systematic Work Carried on at Atikokan and Steep Rock Ranges.

W. E. H. Carter, inspector of mines for Northern Ontario, reports that there is a large amount of prospecting going on at the Atikokan and Steep Rock ranges. Systematic diamond drill work is being carried on by a number of American capitalists, and Hogan has three groups of iron claims, which he is prospecting, and MacKenzie and Mann are expected to test some claims they have on Sepave Lake. A drift of hematite has been found near Steep Rock Lake, and large quantities of the ore are expected to be found. Gold mining is not very active, the report adds.

DIED AT HUNTINGVILLE

Huntingville, Ont., March 24.—Mr. A. G. Scott, for many years a resident of this place, was found dead in his workshop this evening.

Dr. J. Evans was called, and pronounced death caused by heart disease. Coroner Becco concluded that an inquest was unnecessary.

J. H. Hahn Drowned

Detroit, March 24.—Word was received to-day that J. H. Hahn, diabetic, and a musician widely known throughout the country, had been drowned this morning at Huntington, his country home, at Carey Lake, near Coogan's line.

We will guarantee to give you the coal you pay for and deliver it promptly. P. Burns & Co., 35 King-street east.

Good Office for Somebody

It is probable that an additional health inspector will be appointed at Ottawa to inspect the houses coming from entering the province.

THE STRENUOUS LIFE

A Great Strain.

No one disputes the fact that we are living in a harder age; it is rush, rush from morning until night, and competition is so fierce that the struggle does not cease until the machine is worn out. Women, too, even when surrounded by every comfort, become infected by the common spirit, and what with their clubs and many social duties, have no time to give thought to their physical well-being, until they are suddenly brought to sharp realization of the fact that nothing in their lives is so important as attention to correct or rational living.

It may surprise the readers to learn that women are more prone to piles than men, and in most cases because it is difficult to impress upon them the importance of regular movements of the bowels; irregularity means straining at stool, and straining means piles, with the certainty that the sufferer will "have them always with her."

"Usual methods" is nearly the repetition of salves and lotions, or (as a last resort) a surgical operation. If there is a complaint, the sufferer, more distress and suffering upon which it is not known to the writer, fortunately, however, there are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppositories form, is applied directly to the parts, and does its work quickly and painlessly; it is sold by druggists for fifty cents a package, or will be mailed by the makers to any address upon receipt of price. Mrs. John H. Caston, 2942 Arch-street, Chicago, says: "I must write you that I was cured of a very aggravating case of itching and bleeding piles by the use of the great remedy Pyramid Pile Cure, even after several physicians had claimed there was no cure except by an operation. I am well now, and owe all to this valuable remedy. I cannot say enough for it. Write the Pyramid Drug Co., Marshall, Mich., for their little book on the cause and cure of piles."

First Sod Turned.

Operations Begun for the Ontario Power Company.

Niagara Falls, March 24.—In the presence of a large number of interested spectators the first sod on the work of the Ontario Power Company was turned to-day in the Queen Victoria Park. The sod was turned by the company's plan of development, which will be taken from the Welland River and conveyed through a large canal and conduits to the cliff near Table Rock by "usual methods" is nearly the repetition of salves and lotions, or (as a last resort) a surgical operation. If there is a complaint, the sufferer, more distress and suffering upon which it is not known to the writer, fortunately, however, there are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppositories form, is applied directly to the parts, and does its work quickly and painlessly; it is sold by druggists for fifty cents a package, or will be mailed by the makers to any address upon receipt of price. Cheap Excursion to California.

The Wabash Railroad Company will sell round trip tickets to Los Angeles and San Francisco, Cal., at less than the one-way first-class rate. Tickets on sale April 19 to 27. Good to return any time before June 25, 1902. Choice of routes going and returning. All tickets should read via Detroit and over the Wabash, the short and true route from Canada to California.

This will be the greatest opportunity ever given the people of this country to visit this land of sunshine and flowers at a low rate.

Full particulars of this excursion from any railroad agent, or A. R. Bickford, District Passenger Agent, northeast corner of King and Yonge-streets, Toronto.

Victim of Bedroom Gymnastics.

Milwaukee, Wis., March 23.—John Brown, 16 years old, living with his parents in this city, is a victim of bedroom gymnastics. Young Brown had read in some of the journals of the athletic advantages to be gained through the use of a pole hung in the closet, and tried the scheme. When he did not appear at the usual time his parents investigated, and found him dead in the closet. He was hanging by the neck to the ropes, which had become twisted.

The New Science Building.

It has been definitely decided that the basement portion of the new science building will be built of brown stone and above that pressed brick. The Minister of Education does not expect that the cost of the building will exceed the appropriation, which is \$225,000.

If your watch is running irregularly—doesn't beat "normal"—hand it in to our repair department. No feature of our business is receiving more attention just now than watch repairs.

When the Blood is Impure

Everything goes wrong. The digestion is bad. The head aches. The brain is dull. The nerves weaken. And the skin is nearly ruined. Your doctor knows what medicines will cure these troubles: the medicines that are in Ayer's Sarsaparilla. Consult him freely.

"Five years ago I had banches come out on my head and had a breaking out on my body. I tried different remedies without relief. I then tried Ayer's Sarsaparilla. Before I had taken half a bottle the banches and the rash were gone, and I felt like a new man."—M. A. WALL, Bentley Creek, Pa. S.M. All druggists.

PROTECTIVE TARIFF MOOTED.

British Government Urged to Abandon Time-Honored Free Trade.

London, March 23.—The shadow of the coming budget hangs heavy and depressing over commercial circles. Discussion of the Boer war and its scandals has become of secondary importance.

The withdrawal of merchandise from bond, which has assumed the most panic proportions, indicates how mercantile opinion is moving on the question of the new taxes. Wines, spirits and tobacco are the features of the withdrawal, but at present the greatest run is on sugar. So great is the business done that the government, on an appeal of the merchants, has set aside extra wharfage to expedite the sugar passing "thru bond." This is called "expedited wharfage" for the stock set aside on it is free from possible increased duties.

Huge quantities of wheat are also coming in, and petroleum is one of the commodities being withdrawn, adding to their supplies. Bonded cane sugar never before had such a demand for carrying general goods, and in consequence their other work has to be subjected to a tariff on imports proposed.

Meanwhile there is wide and earnest discussion of measures that might tend to reduce the highest level of taxation. The chief proposal considered is that of a tariff on imports from foreign countries.

The United Empire Trade League has practically declared for protection on a basis similar to that in force in the States. At a meeting the other day the league unanimously adopted resolutions urging upon the government the necessity of thoroughly reconsidering the existing financial system before the presentation of the budget with regard to the continual growth of expenditure and the increasing pressure of direct taxation.

World Aid the Colonies.

The resolutions further declared that true policy lay in the development of commercial intercourse upon a preferential basis between the various portions of the empire, and in giving a customs advantage in the United Kingdom to all products of the empire, the league fixed by one-third of the duties levied, thereby following the example of Canada.

Sir Howard Vincent, who moved the resolution, declared the taxation of foreigners was absolutely necessary to recover British lost commercial prestige; that the foreigner was an inveterate foe of the nation, and that Britain should possess the same advantage for negotiations abroad as that wielded by other nations.

He added that the evils of free trade were not only economic, but also political, and that measures should be adopted if commercial ruin is to be averted.

Another Dufferin Born.

London, March 24.—Lord and Lady Dufferin are much pleased at the birth of a third daughter, whose arrival took place between Thursday and Friday.

Lady Dufferin is making an extremely good convalescence, and her little daughter is doing well.

The Dowager Lady Dufferin has been to see her daughter-in-law several times. Only a day or so ago she received in private audience by General Alexander at Marlborough House. The Dowager Marchioness has always been a great favorite with royalty.

ASTHMA.

CLARK'S ROLA COMPOUND.

The great constitutional cure for Asthma. It never fails.
