ATHLETICS.

A BOUT AT WALLACEBURG.
Sixteen rounds were fought at Wallaceburg Thursday night by two local lightweights, named Lewis and Praxter. It ended in a draw. Lewis, who was trained by Jack Crawford, of London, was the aggressor, but Praxter was nimble on his feet.

CHOYNSKI VS. SHARKEY.
San Francisco, Cal., March 12.—Hours before the commencement of the Choynski-Sharkey fight last night the crowds gathered at Woodward's pavilion, and when the first event on the programme was announced every available foot in the building was occupied. It was estimated that over 7,000 spectators were within its walls. A low estimate of the amount wagered upon the event in this city places it at from \$15,000 to \$30,000. The men entered the ring at 10 and 10:30 respectively. It was 10:40 when the men entered the ring. Jim Chesley was agreed upon as referee. Just as the impatient crowd was expressing its approval that gentleman declined to serve, and the matter was ultimately settled by the selection of George Green. Time was called at 10:45. At 11:45 (2:45 eastern time) the men were fighting in the seventh round. Sharkey was fighting right again, but the referee refused to take note of it.

BASEBALL.

DUNNVILLE CLUB.
A very large and enthusiastic meeting of the lovers of baseball assembled in the town hall at Dunville, on Wednesday evening, when the following officers were elected: President, A. R. Lator; first vice-president, F. J. Hamsey; second vice-president, W. Stone; secretary, J. H. Smith; treasurer, Thomas Lynch; George Wood, Charles Snyder, and Ed. Swartwood. The club will also be offered a berth on the major league staff, and will probably accept.

FLY.

Tom Tucker was sold to Brooklyn for \$300, and not for \$200, as reported. Sam Young says he is going to try and get Egan, Pittsburgh's new second baseman, for Philadelphia. Egan has been slated for Kansas City.

President Van Derbeck, of Detroit, long ago gave up the attempt to secure McKinley, of last season's Grand Rapids team. McKinley will play in Omaha this season.

The schedule committee of the International League, consisting of Messrs. C. Collins, A. D. Holman, and George Black, is at work. The first draft schedule has been proposed and is now being revised. It will be ready for publication before many days.

It is likely that Guelph will enter the Waterloo County League this year. James Ryan, the veteran right-hander of the Chicago, will act as captain of that team this year.

It is likely that "Cap" Anson may be signed to play first base and manage the St. Louis Browns.

The St. Thomas Baseball Club has signed four pitchers—Hardy Regan (New York State), and Hall and Cudlip, of Chicago.

The president of the New York Baseball Club has in his possession the "no kicking" agreement signed by eleven club presidents at the St. Louis meeting. He says he has been too busy to affix his signature, which he is expected to do shortly, as the document

will be incorporated, probably, in the league's guide.

Willam Lush, who has just been elected manager of the Springfield, succeeding Tom Burns, has assumed charge of the Ponies. He is a referee in the Southern New England Polo League, and will not give all his time to his Springfield duties till after that closes.

Henry Gruber, the old Cleveland and Eastern League pitcher, has applied for a position as Eastern League umpire. He filled that position with some credit last season, but left President Powers in the lurch on one or two occasions by failing to show up. Powers is not in a hurry to appoint him, but Gruber will, it is believed, land his appointment before the season opens.

All Boston believes that in Tenny, Lowe, Long and Collins the champions have the fastest, best balanced and brainiest infield in the league, and, barring accident, it believes that a good share of the league circuit will agree in this before the season ends.

The infield was well shaken together by last season's work. Every man has played on the Boston diamond at least one year now, and each has learned just how to fit in his work with his neighbor to the best advantage. Every man of the four is a fielder, a stickler and a base runner.

London baseball club will play two games at Hamilton on the civic holiday of that city, Aug. 8.

LAID UP FOR REPAIRS.
Montreal, March 12.—Mr. F. F. Rolland, of Montreal, the amateur champion racket player of America, sprained his ankle at the beginning of the contest for the Canadian championship here and had to retire.

TROTTERING AND PACING STAKES.
The Industrial Exhibition Association of Toronto offer \$3,000 in stakes for trotting and pacing at their next meeting on Aug. 30 next. The purses will be \$500 for each class, for 2 and 3-year-old trotters and pacers, 3-minute class trotters and 2:30 class pacers.

AUTHORITY FOR THE STARTER.
New York, March 12.—At the regular meeting of the Jockey club this afternoon a number of amendments to the rules of racing were adopted.

Rule 62, second paragraph, was amended to read as follows: "In all cases of sale by private treaty or public auction, the written acknowledgment of both parties to the sale was sold with engagement to sell, and when a horse is sold or reclaimed out of a sale, the advertised conditions of the race are sufficient evidence." Rule 105 was stricken out, and the following substituted therefor: "The starter shall have authority to fine or suspend a jockey for disobedience of his orders or for attempting to take any unfair advantage but the suspension of the jockey shall not take effect until the last race of the day of his suspension."

The starter shall not impose any fine or suspend a jockey for any offence beyond the last race of the day of his suspension. He shall report all fines and suspensions to the clerk of the scales in writing.

George T. Brown, Good live committees were also appointed to look after the different departments of the club's work for the season. Some changes have been made in the arrangements for playing of the monthly matches, which will make them more interesting. Several new members were proposed and elected. The members of the club expect this to be a great year for itself.

MISCELLANEOUS.
THE NEW YORK CLIPPER NEARING ITS JUBILEE.
With their issue of March 5, the New York Clipper commenced its 46th volume. It adheres to the policy that has been in force for many years by appearing in a new dress of type. The paper, which gave it a special look of increased prosperity. The introduction of half-toned cuts is also an innovation which will be appreciated by the readers of this popular journal.

THE RAILWAYS.
[G. N. W. Special to Advertiser.]
Montreal, March 12.—Prospects for a true are not as promising now as they were yesterday. It is generally believed that the passenger traffic manager for the G. T. R. has something in store for the G. T. R. and the American lines. It can be stated with a fair amount of safety that it will be another cut in transcontinental rates. Mr. McNichol claims that the intercolonial railway is selling tickets to the Pacific coast at the same rate as the American roads, and the G. T. R., which he says is a Canadian Government system, and the C. P. R. The general traffic manager of the intercolonial denies that his road is taking part in the rate war.

NOTES.
Receipts from traffic on the C. P. R. for the week ending March 7, \$454,000; increase, \$129,000 over last week.

The G. T. R. have ordered 20 first-class coaches from the Pullman Company, Chicago.

DURHAM IS IN LINE.
And Testifies to the Wonderful Efficacy of Dodd's Kidney Pills.

Hotel Clerk Bauman Tells of His Cure—The First Dose Gave Him Relief—Two Boxes Cured Him Entirely of His Kidney Disease.

Durham, Ont., March 11.—Everyone in Durham, and hundreds of people who visit the town periodically, know J. Bauman, the genial clerk at the Knapp House. All will be surprised to hear that he has had a narrow escape from a relentless enemy. Thanks to the kindness rendered by a good friend, however, he escaped safely. He tells the story in this style:

"I suffered for a long time from terribly severe backache, caused by kidney disease. It was with the most agonizing pain, that I could sit down, and the pain I endured in getting up was equally as severe. My life was being made miserable, for these pains were present during the greater portion of the time.

Other medicines having failed to help me, I tried Dodd's Kidney Pills, and got relief from the first dose. Two boxes cured me completely, and I have not been troubled since. There is no medicine like Dodd's Kidney Pills for any and all kidney diseases."

"Good Fortune knocks once at every man's door," says an old saw. Good Health knocks at your door every time you see the words "Dodd's Kidney Pills." You need not miss being healthy by neglecting to respond to the first auspicious knock. The advantage of the next, if you have needed the first.

[Special Cable Letter to The Advertiser.]
London, March 12.—The departure of Queen Victoria for the south of France has had an effect upon the political and commercial world, as it is reasonably assumed that she would not leave the country unless the horizon was clearer, which is commonly supposed to be the case. Club gossip has it that when her Majesty saw the French ambassador, Baron De Courcel, at Windsor on Monday last, she expressed the hope that nothing would interfere with her visit to the Riviera.

The ambassador is said to have replied: "It would be a misfortune for France, madame." At Portsmouth, the Queen was looking well, though

EXTRA PRECAUTIONS.
were taken to secure her from disturbance. The royal yacht, on which she slept, was guarded by a chain of pickets, and at Cherbourg, on Friday night, where she was to remain, the shipyard was forbidden for the time being to work.

The royal train was ordered to run at a speed of only 20 miles an hour.

SALISBURY THE CONSERVATIVE SCABAREAT.
Although the general impression made upon the country by the statement of the parliamentary secretary of the foreign office, Mr. George N. Curzon, on Thursday, in the House of Commons, that Russia had not sent an ultimatum to China, is regarded as reassuring, and the House of Commons, the first lord of the admiralty, the Hon. Mr. George J. Goschen, in the House of Commons the other day, when the naval estimates were presented, helped, on the whole, to create a hopeful feeling.

The recovery of the Marquis of Salisbury from his recent illness is very slow, indeed. He is only allowed to peruse the most important papers, his weakness is excessive, and no date has been fixed for his going abroad, although Lady Salisbury goes to the Riviera next week.

"THE MAILED FIST."
Mr. Goschen's somewhat rhetorical peroration on the alternative of peace or war, the first lord of the admiralty in our centers of industry, and the marine instincts of the nation which calls itself mistress of the sea, reasserts itself by an increase in its mercantile, seamen, then the nation may look forward with confidence to the present international situation, and his allusion to the "mailed fist," "We could not celebrate the home coming of our ships, rather than their service," was received with much laughter and cheers.

REVOLUTION IN A FASHIONABLE HOTEL.
All the fashionable people who dine or sup at the Savoy Hotel are greatly agitated at a full-fledged revolution which has taken place there during the past week. The Savoy Restaurant has long been pre-eminent in London, and so crowded that it has been necessary to order tables a day ahead, but in spite of this the directors have long been puzzled at the diminution of the profits, and the result was that a special meeting of the directors on Monday, Ritz and Enchenard, the managers, were retired, and, at the same time, Eschdler, the famous chef, resigned, taking with him a host of his subordinates and waiters, who assembled in such numbers in the vicinity of the hotel that a strong force of police was necessary nightly to maintain order.

BANQUETS.
A flutter in society has been caused by the Earl of Rosslyn's big dinner, at a fashionable restaurant, on Monday last, to celebrate his 50th birthday. There were 50 guests at the stage. There were 50 guests at the stage. There were 50 guests at the stage.

WINTRY WEATHER.
Wintry weather of a moderate type has prevailed recently, with frosty nights and cold, dry days, which is increasing the spread of influenza in all ranks of society.

KIDNEY DISEASE.
Symptoms and the Great Cure.
Note the signs: Inflammation, non-retention of urine, scalding, sharp pains in passing, dragging pain in the bladder, chills, cold extremities; all these indicate bladder derangement, catarrh of the bladder, and other serious complications. If neglected will result in stubborn, chronic disorders and physical wreck. South American Kidney Cure will arrest all these symptoms, dispel all the causes, cleanse and keep the system clean. It's a kidney specific, a life giver and a life saver.

Sold by W. S. B. Barkwell and all druggists.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than half a bottle cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any other remedies do me good."
