SCALDED BY BOILING FAT

COULDN'T USE HAND FOR A MONTH

Zam-Buk Gave Instant Relief.

An accident in a Toronto home might have had very serious consequences had it not been for Zam-Buk.

Miss Martha Green of 9 Claremont-street, in taking a pan of boiling fat from the oven, split it over her right hand. "The boiling fat ran into the palm of my hand," she says, "and over all my fingers. I was almost wild with the pain. The hand became swollen and large blisters formed all over the palm and along the fingers. For over a month I was unable to use the hand at all. I tried several kinds of salves and liniments, but the wound seemed apparently no better. It was altogether too severe for these preparations to heal.

"About this time, I was advised to try Zam-Buk. I stopped using all other preparations and applied it instead. The very first application soothed my hand and seemed to draw out the fire and inflammation, and as I kept on using Zam-Buk the blisters gradually dried up and disappeared. In a very short time the scald was healed completely."

But one instance of the uses to which Zam-Buk can be so advantageously applied. It is equally effective for burns, cuts, bruises, abrasions, sprains and stiffness.

It also cures eczema, ulcers, sores, blood poisoning, ringworm, scalp sores, chronic wounds, blackheads, pimples, cold sores, chapped hands and all skin diseases and injuries.

Rubbed well on the chest, in cases of cold, it relieves the aching and tightness, and applied as an embrocation to the neck, it relieves rheumatism, neuralgia, etc. All druggists and stores sell at 50c a box, or post free from Zam-Buk Co., Toronto, for receipt of price; three boxes for \$1.25.

OBITUARY

W. Ericson James, formerly of The News staff, died yesterday at Woodstock, his native town, aged 30. He left the Canadian Bank of Commerce in Chicago to enter journalism and worked on The Omaha (Neb.) Bee. He was a special writer of marked ability.

Mrs. Farmer Bennett, mother of Mrs. Robert Bennett, of the well-known Ontario stock exchange, died suddenly in Raleigh Township, Kent County, of heart failure, aged 74.

At London, England—Sir Algernon Borthwick, the first Baron Glenesk, the proprietor of The Morning Post. He was born in 1829.

Dr. H. H. Huestis said that the feeble-minded pupils in public schools kept classes back. They should segregate.

At the afternoon meeting of the convention C. H. Corbett, governor of Ontario, said that the Ontario stock exchange was lacking in all important points. The buildings were constructed with the single idea of the safe-keeping of the investors' money. They looked sanitation, classification or useful means of employment. They were not safe, they were not sanitary, they were not comfortable, they were not convenient. "First offenders should be given every encouragement to reform, and habitual offenders should not be free to prey on the public."

Major Snelgrove endorsed Governor Corbett's plan of reformatory for prisoners so that prisoners would learn the art of agriculture instead of being tortured by the heart-breaking drudgery of carrying weights or breaking stones.

A paper was read by Dr. Ryan, superintendent of Rockwood Hospital, in which he said that the Ontario stock exchange was lacking in all important points. The buildings were constructed with the single idea of the safe-keeping of the investors' money. They looked sanitation, classification or useful means of employment. They were not safe, they were not sanitary, they were not comfortable, they were not convenient.
