The latter, however, has been opening up its property for the past 16 months and has suff even deeper on the No. 3 vein than has the Kerr Lake Co. In the past the fatter has taken millions of dollars of ore from this vein and they still find it strong and rich as ever Hargrave gives every promise of repeating the history of Kerr Lake, which is now paying dividends at the rate of 40 per cent. per annum. Hargrave's No. 1 vein on the east property shows six to eight inches of rich ore at the 75 foot level. It is expected that this yein will shortly become as good a producer as the No. 3.

But Head Councillor Commander Says It's Being Remedied.

WOODSTOCK, Feb. 2 .- (Special.)-Head Councillor Commander C. C. Hodgins of the Woodmen of the World was seen at the G.T.R. station tonight, as he was about to board the fiver for London. When asked to make a statement in reference to the reported alleged shortage of Grand Secretary Fitzgerald of London, he said: "I do not care to say anything. At

the present time the matter is under settlement, and there is nothing in it that the public should know at this You may say, however, that the order is protected." "Is your visit to London connected with the affairs of the order," Mr.

Hodgins was asked. "Yes," was the reply. "A few of us are going to meet and consider the matter in London to-night." According to report, auditors found what appeared to be discrepancies in the books amounting to about \$20,000. This, it is stated, can be explained by faulty bookkeeping, but in the meantime security for that sum has been given. Mr. Fitzgerald has been a resident of London for many years, practicing as a barrister, and was at one time chairman of the board of

It seems that balliffs selzed a quantity of goods from a Chinaman, and Heyd had them bought for him for \$39. Heyd sold them to another the self-terms for \$42 and a note for other Chinaman for \$42 and a note for "And that's the way you do busi-

The case is one in which two Chinamen, Law Ki Tong and Chin Fun, are suing Bailiffs Coltsen and Mc-"I'll see to that." Tamney for \$500 damages. The evidence taken yesterday showed that the Freemason Chinamen of Toronto seemed to split into two factions, the wealthy and the poorer. Judge Winchester is trying to make out whether the Chinamen who instructed the bailiffs to seize the store goods for nonpayment of rent was entitled as grand master of the Freemason Society which owned the store, to do so.

When Sir Richard Cartwright told the delegation of Montreal manufacturers that the government was but a fly on the wheel as far as bringing prosperity to the country was concerned, Sir George and others at once started in to defeat the free traces then in power, and the Conservative triumph of 1878 was the east to of their offerts.
