ASTHMA,
BRONCHITIS
CATARRH,
COUGHs,
COLDS,
Hoarseness, &c.

SPENCE, WESTMORLAND CO., N.B., Feb. 27, 18

MR. W. E. CHESTER.

DEAR SIR—I received your package of half dozen boxes Cure last mail. Am much obliged. Has distributed it. Am happy to say it is doing wonders. Enclosed is price for another half dozen. I am forehanded or would order more largely, as I have been sick for thirteen years with Asthma and Bronchitis in its worst forms, and have been for months that I could neither move or lie down, but since using your medicine I am in great hopes of getting well again, as I am so much improved. I will gladly act as your Agent here, and do what I can for you, but I can only give you small orders at first, my means being small at present, in consequence of being long sick. I have spent upwards of \$300 in GREEN MOUNTAIN ASTHMA CURE, and can safely say I have derived more real benefit from part of a box of your Cure than from all the others I have used, for which please accept my heartfelt thanks, and may the Almighty in His providence spare and bless you, and may you still prove a further blessing to suffering humanity. I used to teach school, but had to give up on account of my health, but since using your Cure I am so much better that I have offered of a school, which I have accepted for the summer term. Please send me Circulars and mail me oblige.

Yours respectfully,

JAMES C. SPENCE

P.S.—This is a country place, but I will do my utmost to get your cure to the suffering. I have just heard of a case of Consumption (which the doctor gave up) being cured by your Cure, but cannot vouch for its accuracy yet, as it is about 60 miles from here. Can you recommend it for the above complaint. Answer and oblige. J. C.
