"A Good Place to Buy Good Clothes"

HOT WEATHER SUITS

There is science as well as art in suit-making.

Science directs the use of fabrics that will wear well, provide free passage to the air—keep the wearer comfortable in spite of humid and torrid atmosphere.

Art fashions these fabrics into suits of elegance.

And these, the ideal hot weather suits, we are now selling at $10 to $25.

Many of them are two-piece suits; coats skeleton lined, trousers with cuffs and belt loops.

Colors: Light and medium Greys, Browns and mixtures. Many desirable patterns. Excellent values.

LONDON POLICE SEEK MURDERER OF AMERICAN GIRL

London, July 14—Scotland Yard is engaged with the murder of an American woman, and today cabled the police of the United States requesting the arrest of the woman's husband, Dr. Hawley Harvey Crippen, also an American who is believed to have sailed for New York on Saturday last. The case is strikingly similar to that of the Charlton murder at Lake Como, Italy. Both women were Americans and actresses who left their homes to meet death by violence in a foreign land and in each instance the police pursued the husband to the shores of his native land.

Dr. Crippen, who is a dentist, fifty years of age, has made his home for some time at 39 Hill Drop Crescent, North London. His wife was Belle Elmore, a Brooklyn girl.

The battered body of the woman was found today, buried deep in the clay in the cellar of their home at Hildrop Crescent, North London.

Crippen has been missing since Saturday, when apparently he could no longer offer explanation for the death of his wife, which was alleged to have occurred months ago in California. Then it was that the police, in making a thorough examination of the empty house, came upon the body, mutilated, and burned beyond recognition by quicklime, which had been thrown upon it.

The City Cornet Band gave a very delightful concert on the King Edward band stand last night. It was greatly enjoyed by a large crowd. The concert will be repeated at Seaside tonight.

BAPTISTS DISCUSSS CLOSER UNION

Sussex, N. B., July 14—At the Baptist conference this morning, a resolution favoring the use of the duplex envelope system for church collections was adopted.

At the afternoon session a cordial welcome was extended to Rev. W. B. Wiggins, secretary, and Rev. Percy Trafton, moderator of the Reformed Baptist Alellanc. An invitation was given to hold the annual association meeting at the camp grounds at Beulah. Steps were taken to have a discussion over the problem of closer church union..

Rev. H. G. Kennedy, of Woodstock, was the choice of the association for moderator. Rev. H. H. Saunders received the second highest number of votes and became assistant moderator. The secretaryship fell to Judge F. W. Emmerson, and James Patterson, St. John, still holds the treasurership.

The executive, to retire in 1913, consists of Dr. Joseph McLeod, of St. John; Rev. J. H. McDonald, of Fredericton, and Rev. B. H. Nobles, of St. John. The additional members of the home mission board are Rev. W. R. Robinson, Rev. W. C. Townsend and Rev. D. C. Clark.

Dr. McLeod's resolution that a license to preach should not be issued for longer than one year, subject to renewal by the church and that the churches should be so informed, was adopted.

At the evening session a platform meeting was held and addresses were given by Rev. Frank E. Bishop, of Fairville; Rev. Dr. T. C. Phillips, Rev. Malcolm L. Orchard, Rev. John Glendenning and Rev. W. V. Higgins.

A Distinguished Woman

Miss Margaret McMillan, of London, Eng., who for years has been an indefatigable worker in the interests of children through the advocacy of protective labor laws and improved methods of education, will visit America this fall. Miss McMillan is the women who secured the insertion of the medical inspection clause in the British education bill and she will bring a message that the people of Canada should hear. For years she was a member of the national council of the British Independent Labor party and is moreover an authoress of note among the productions of her facile pen being Early Childhood, Education Through the Imagination and Labor and Childhood. Miss McMillan will arrive in Washington in time to attend the International congress on September 23 and will probably remain on this side of the water until December 20, devoting part of her time to lecturing.

Fashion Hints for Times Readers

A BEAUTIFUL SUMMER EVENING GOWN OF LACE AND CHIFFON

Gray and white in combination are the fad just now in Paris—this combination being used as a tribute of mourning for the dead English king. The lovely costume illustrated is of white embroidered net in combination with stone gray chiffon, and the sash is made of white and gray moire ribbon stitched together. Beneath the tunic of lace, which is bordered with a white chiffon hem, is a broad, draped sash of gray moire which droops downward at the left side in graceful effect. The sleeves are of gray chiffon over white chiffon.

The Evening Chit-Chat

By RUTH CAMERON

WHEN a man once complained to Alice Freeman Palmer, the famous president of Welesley, that he simply could not remember the names of half the people he met, Mrs. Palmer answered him:—

"Oh, yes, you could if you had to. It is simply that you never had to do it. Whatever we have to do we always can do."

As an abstract statement I suppose that is true. Indeed, I own it sounds very much like some remarks of my own in former chats, but I do wish the great college president had gone a step further, and contributed a few definite details as to just how that impossibility could be made possible.

One of my readers asked me recently to put into this column an infallible method of teaching one's self to remember the names of the people one meets.

If I had such a method, my friend, I would probably have aired it long ago. But, as it happens, that is one of the will-o'-the-wisps that I myself have been hunting for many years.

It certainly is a path-smoothing ability to be able to readily attach the right name to every familiar face, but an ability that few people seem to possess.

The person who never forgets a face and never remembers a name is a familiar friend of all of us, maybe lives in the same house and sleeps in the same bed.

"I remember your face perfectly, but I can't quite recall your name." Who of us hasn't had that said to him a thousand times and very likely said it about as many?

Of course, to an extent this defect in the memory can be overcome, and although I know no infallible method of doing so, I can give my inquiring friends, and any who like her are troubled by this irritating weakness, a few suggestions while long struggling with my own difficulties along this line, has given me.

In the first place, when you are introduced to a person, use the name in acknowledging the introduction. Make it an invariable rule to add to your, "I am glad to meet you," or "How do you do" the name of your new acquaintance.

If you don't just catch it, ask who it was. It will be much less embarrassing to do so at once than later.

Secondly, in conversing speak the name of your vis-a-vis occasionally. Don't just call him "you" all the time. Not only does this use of their names, for some unknown reason, please most people, but, of course, it also fixes the names in your mind.

Again, when you see an acquaintance on the street, or in the car merely to bow to, and find you can not at once recall his name, do not let the matter drop simply because you do not have to say the name just then. Rather do all in your power, such as running over the alphabet, recalling the circumstances under which you met him, etc., to bring the name back. If you recall it this time it will be much easier to do it the next time when you are obliged to use it.

"Oh, yes, that's all very well," I can hear some one saying, "but when you have a memory like mine such things are no more than drops in a bucket."

Quite so, my friend, but I confessed in the beginning that I couldn't give you the bucketfull. And if it's a question of drops, maybe you can remember what it is that makes "the mighty ocean and the beauteous land."

Daily Hints for the Cook

BREAKFAST GEMS.

One pint of sweet milk, one cup each of graham and wheat flour, one egg, half a teaspoonful of salt and a tablespoonful of sugar. Beat eggs separately and stir everything well together. Butter gem pans and have them hot when dough is put in. Bake in hot oven.

CREAM WAFFLES.

One pint of sweet milk and one pint of good, thick sour cream, two well beaten eggs, a teaspoonful of soda dissolved in a little hot water and a teaspoonful of salt. Add flour enough to make a batter just stiff enough to pour from a pitcher. (Mix it in the pitcher and beat well). Have the oven hot. If you have no sour cream you can use sweet cream; but in this case use two teaspoonfuls of baking powder in place of the soda.

DRIED HADDOCK AND TOMATOES

Remove the skin and bones from a cooked haddock and chop the flesh in rather large pieces. Melt one ounce of butter in a frying-pan, slice into it one small onion, and fry a golden-brown. Cut one-half pound of tomatoes in slices, add to the onion, and cook all together for 20 minutes. Add last of all the fish and a good sprinkling of pepper. Stir over the fire for a few minutes. Have ready one-quarter pound of rice, which has been boiled for a quarter of an hour; arrange a wall of it on a dish, pile the haddock inside, and place the tomatoes on the top. Garnish with finely chopped parsley sprinkled over the tomatoes and serve.

AN INTERNATIONAL RAILWAY COMMISSION

Washington, July 14—An international railway commission with supervisory authority over the railroads of the United States and Canada, probably will be the result of action taken today by the United States government in the appointment of Chairman Martin A. Knapp, of the Interstate Commerce Commission as the representative of the United States, to confer with Hon. J. P. Mabee, chief of the railway commission of Canada.

Meetings will be arranged between Mr. Knapp and Mr. Mabee at once to take place at points in the United States or Canada, or both, during the remainder of the summer. Upon the completion of the conferences, a report will be made either jointly to both governments, or separately to the respective governments.

Mend broken china with plaster of paris mixed with the white of egg and it will stand washing. This method is suitable for articles of everyday use, not for valuable old china.

Wireless Telephones

San Francisco, July 15—Oakland and San Francisco now have the only two wireless telephone stations on the Pacific coast and the only successful plants of the kind in the world.

The Oakland plant is on top of the St. Mark hotel, while the San Francisco plant is on the top floor of the Metropolis Bank building.

The aerial of the Oakland station is 330 feet above the ground and is said to be one of the best on the coast.

It is thought that when the Oakland station is fully equipped with the new transformers and other apparatus, passengers on Pacific liners can hold conversations with friends on land as the equipment is so simple that calls can be made by merely pulling a lever that operates a switch.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbor about it. You can use it and get your money back if not satisfied. 60c. at all dealers or Edmanson, Bates & Co., Toronto.

DR. CHASE'S OINTMENT.

KILLS THE GERMS

Every Woman Can Have Beautiful, Luxuriant Hair

That Glorious Hair, Radiant and Luxuriant, and Free from Dandruff

IS CAUSED BY

PARISIAN SAGE THE IDEAL HAIR DRESSING and TONIC

Now that the clever women of America, ever anxious to improve their beauty, have learned that Parisian Sage, a remarkable and almost marvelous hair nourisher and beautifier, is the most entirely responsible for the charming hair of the ladies of France, the demand for it has become enormous.

A chemist who analyzed Parisian Sage said: "It is the ideal dressing for the hair. The ingredients are so scientifically combined, that Parisian Sage is first of all a hair grower because it surely destroys dandruff germs, and nourishes the hair roots."

"Second, it puts life, substance and brilliancy into the hair, which improves the attractiveness of any one."

"Third, it is very delightfully scented, free from particles of sticky or greasy and does not contain one atom of anything that could possibly injure scalp or hair."

Parisian Sage is now sold all over Canada by progressive druggists, who are authorized to guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks, or money back.

It is the finest dressing for children's hair that money can buy, and best of all, the price puts it where every family can afford to use it. A large, generous bottle for 50 cents. Made in Canada by Giroux Mfg. Co., Fort Erie, Ont., who fill mail orders, charges prepaid, on receipt of 50 cents. The girl with the Auburn hair is on every package.

Made and bottled in England.

THE final touch Which means so much

Worcestershire **Holbrook's Sauce**

ERECTING SHACKS AT CAMPBELLTON

Campbellton, N. B., July 14—The smoky atmosphere of the devastated town of Campbellton was rent today with sounds of keen activity arising from the use of hammers, saws, hatchets, chisels and other tools, essential to the erection of a number of crude shacks where the homeless inhabitants may find shelter from the elements and also supply themselves with material they need, there being several temporary stores included in the shanties constructed.

Many of the people are placing their temporary quarters near the sites of their former homes, but in most cases a site has been chosen in a place where the ground was most suitable. The following are among those who have either erected a temporary home or have put up what is to be a place of business: William Comeau, grocery store; Grey Bros., restaurant; Hugh Marcus, plumbing; Walter Marcus, grocery store; A. E. Alexander & Son, hardware establishment; F. Bellanger, dwelling; and the Royal Bank, Bank of New Brunswick, Bank of Nova Scotia, and the post office.

The I. C. R. has fitted up a temporary boarding house in a passenger car, and the employes of the road are greatly benefited by it. It was with regret today that the news was received in Campbellton telling of the death of Daniel O'Keefe, in Dalhousie. He was formerly proprietor of the Queen hotel in Campbellton, but when the catastrophe occurred he was taken to a place of safety.

What is considered to be the greatest problem with which the devastated town has to contend is its bonded debt, which is very heavy, amounting to $300,400. Many ideas and propositions are being advanced for the lessening of it, but nothing definite has been decided upon. There is no doubt that the town will be rebuilt, but the leading citizens are of the opinion that the location of the streets and public buildings will be greatly changed. Offers of assistance in various forms are still pouring in, some coming from places outside the province, showing how general has been the sympathy for the destitute people. Inquiries as to what is most needed have been received in profusion, and Mayor Murray has been kept constantly busy answering the queries to the effect that cash and clothing are most required.

Aid has been given today by the McLaughlin Carriage Company, of Oshawa; Eaton & Co., Toronto; Boston Globe, A. E. Killam, Moncton; Ogilvie Flour Company, Montreal, and from the towns of Bathurst, Dalhousie and Sydney, they having donated sum of money in addition to food supplies.

The Grand Trunk Strike

Toronto, July 14—The Grand Trunk has opened an office in Toronto and is advertising for experienced conductors and trainmen to take the place of strikers. Officials say the company is actively preparing for a strike, but the employes say the act is a bluff to impress them.

WHY HESITATE?

An Offer That Involves No Risk For Those Who Accept It

I am so positive our remedy will completely relieve constipation, no matter how chronic it may be that I offer to furnish it free of all cost if it fails.

Constipation is caused by weakness of the nerves and muscles of the large intestines or descending colon. To correct a cure you must first restore tone to and strengthen those organs and restore them to healthier action.

I want you to try Rexall Orderlies on my guarantee. They are eaten like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the [illegible] have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent ailments. Try Rexall Orderlies at our risk. Two sizes, 10c. and 25c. Sold only at our store—The Rexall Store, Chas. R. Wasson, 100 King street.

WILL IMPORT STRIKE-BREAKERS TO MONTREAL

(Montreal Gazette.)

A new phase was given to the strike of bricklayers and stonemasons by the decision of the master builders to import all the strike breakers they could get, and to fill their ranks from all over the country in order to carry on their work.

At the close of the meeting the following official statement was given out by J. H. Lauer, secretary of the Exchange.

"In accordance with the definite plans adopted last week it had been decided to remain passive for a week, and then to adopt aggressive methods. That period having elapsed, it was decided to take further steps.

"From well authenticated sources it was reported that the number of contractors reputed to have signed the union agreement had been greatly exaggerated, and that as a matter of fact only 45 firms, most of them of very small calibre, had signed on with the unions.

"The Builders' Exchange desires to state that it has not nor had it ever any desire to declare war on legitimate unions, but it is determined to make a strong stand for Canadian control of Canadian industries, and not allow them to be dominated by foreign labor agitators from the United States, whose interests are by no means identified with Canadian progress. The master builders believe that they will have the unhesitating support of every loyal Canadian, whether worker or employer, in this fight for national honor.

"In purusance of this fight it was determined to take immediate steps to secure additional labor to replace the strikers from outside points, and to distribute the same amongst the employers. In order to do this the following permanent committee was appointed to take charge of the work: Messrs. J. T. Anglin, C. G. M. Cape, H. R. Hutchison, and James Young. These will at once take all the necessary steps to secure a supply of men from any point where they are available, and it is expected, with the wages offered, which are the highest union wages for the best men, that they will be able to fill all the gaps caused by the strike.

The Other Side of the Story

As an evidence of the striker's side the situation, Mr. J. H. Bernier, president of the committee, today issued a statement to the effect that if it could be disproved that one hundred and thirty employing contractors had not signed the union agreement as to wages and hours of bricklayers and masons, a sum of $5,000 would be distributed to various city hospitals.

In answer to this, Mr. J. H. Lauer, secretary of the Builders' Exchange, said: "We are not in any such competition."

The statement issued today from the Labor Temple was as follows:

"I the undersigned, agree to deposit $5,000 to be paid to the hospitals of Montreal, if it can be proven that we have not received the signatures of 130 employers in this district, conditionally that the Builders' Exchange agree to pay the same amount to the same purpose.

"The Builders' Exchange can nominate one and the Unions will name another gentleman not connected with the building industry to meet here and examine the signatures.

"The same two gentlemen shall order that marked cheques shall be deposited in any bank of Montreal to the order of the referees."

Mr. Bernier said that there was 900 men at work today with the various contractors who have accepted the union conditions. He added that about one hundred had left the city for Toronto and various points in the Eastern States, where there was plenty of employment offering. He said, too, that there were about three hundred men on the strike list as being unemployed.

Girl Drowned in St. Croix

St. Stephen, N. B., July 14—(Special)—Stella Moffat, the fourteen-year-old daughter of Mr. and Mrs. Fred. Moffat, of Calais, was accidentally drowned in the St. Croix river this afternoon while playing with some children on the river bank. The body was not found.

NEW YORK SPORTSMEN HAD CLOTHES BURNED IN CAMPBELLTON FIRE

The Montreal Star, of Wednesday, says: "Wearing oddly combined clothing outfits contributed by five different men, Messrs. Decoppet and Hitchcock, of New York, arrived in Montreal today, telling a harrowing tale of their escape from the Campbellton fire and of their suffering, due to losing all their effects. Mr. Decoppet is a member of the firm of Decoppet and Boremus, of the New York Stock Exchange, who had arranged with Mr. Hitchcock to spend a few days fishing on the Restigouche river.

They were in a hotel at Campbellton when the fire broke out and neither of them had any chance to save any clothing except that which happened to be on their backs at the time, which consisted merely of fishing outfits. All their other clothing was destroyed and even their money could not be saved. In order to make a respectable appearance on leaving the scene of the fire, they each managed to secure five different contributions of clothnig.

Firemen's Sports in Amherst

Amherst, N. S., July 14—(Special)—The old home week events of today were the trades procession in the forenoon in which the manufacturing and mercantile interests were represented, and the firemen's sports this afternoon.

In the latter there were five events. The first was the hose reel contest, which was won by Amherst, with Moncton I. C. R. team second. The time was 58 3-5.

The ladder contest, the Robb Engineer Company won first, and the Springhill team second. Time, 13 4-5.

The hose coupling contest was won by Amherst, with Springhill a close second. Time, 11 2-5.

The quarter mile run, won by Crawford, of the Amherst fire department; McKenzie, of Springhill, second.

The 100 yards dash was won by Hill, of Oxford; McKenzie, of Springhill, second. Time, 12 2-5.

The masque parade and ball this evening attracted many. The three and one mile races tomorrow will be contested by the American runners who competed in the ten mile race. Sterling, of St. John, and probably Cameron, will run. The interest in Saturday's fifteen mile race over shadows all other events.

For Women's Needs

Every woman should fortify herself against those weaknesses and derangements which are usually present at times when Nature makes extra demands upon the system.

For women's special ailments there is no known remedy so safe and reliable as
