NO DEATHS FROM SMALLPOX.
The independent report of two physicians had died from smallpox in this city during the last month is erroneous. Secretary Burns of the Board of Health says that it must be all of fifteen years since a fatality has resulted here from this disease. At present there are only three cases in the city, all of them listed in the Sanitary Point road institution. Two of them are well on the way to complete recovery, the other is a new case taken from the city on Monday night. Two of the three cases in hospital are of outside origin.

BURIED TODAY
The funeral of Miss Margaret Britney took place this afternoon from O'Neill's undertaking rooms. Interment was made in the new Catholic cemetery. A THOUSAND WOMEN WANTED
Mrs. J. W. Y. Lawlor, acting chairwoman of the new Women's Institute, an outgrowth of the Housewives' League, says 1,000 women is the slogan in connection with the grand organization meeting of the institute to be held soon. More than 800 housewives and home workers already belong to the league and these will be absorbed by the membership of the newer organization, which, it is expected, will be one of the most vigorous and helpful bodies yet instituted by the female citizenship. A strong appeal is going forth to all women to join the institute, for the benefits of such banding together is well-known in other communities where the government has lent every assistance with its experts and departmental officials co-operating in solving domestic problems.

MAJOR GEN. HUGHES COMING TO ST. JOHN

Major-General John Hughes, Inspector General of Western Canada, who is acting Inspector General of Eastern Canada during the illness of General Lessard, is expected in St. John to the annual inspection of Military District No. 7. General Hughes is a brother of Sir Sam Hughes, and this is his first visit to St. John in official capacity.

Word was received at Militia headquarters that various garrison battalions throughout Canada are soon to be reduced in strength, until finally disbanded. It is also rumored that officers at present doing duty in 7th Battalion C. G. R. will soon be struck off the strength and be returned to civil life.

Brigadier-General Macdonnell C. O. C., local headquarters, who was reported ill, is improving, and is expected out in a few days.

INFLUENZA SITUATION

Decision of Board of Health Relative to Parks Home

The Parks influenza epidemic hospital will not take any more patients after next Monday. This was decided at the monthly meeting of the Board of Health yesterday afternoon after Dr. J. F. Brown, district health officer, Dr. L. M. Curran, member of the board, and Dr. W. L. Ellis, the local physician, had been heard on the subject of the abatement of the disease. Therefore what cases happen to be in the hospital on the 10th will be nursed to recovery and discharged until the house is emptied. It is expected this process will take well up to March.

Mrs. Grundy, matron of the epidemic hospital, who was present at the board meeting, explained that nearly all the cases admitted for the last month have been imported ones; that is, they were Sand Point cases, coming off the ships. Local cases were very few, only about twenty since Christmas.

Doctor Curran, in discussing the closing of the emergency hospital, said that while influenza was still rife about the city, the emergency condition had most certainly passed. What was an epidemic a few weeks ago is now subsided to a fairly general prevalence in private homes. Considerable pneumonia is attending cases now existent. There will doubtless be considerable of it all winter.

The Parks property was leased by the Board of Health on a monthly basis. It was hurriedly but properly equipped to fight the influenza epidemic and has proved a most efficient institution. A great many cases were segregated there, thus saving whole households among the poorer classes. It has also been a boon to the stricken stranger.

What will be done with cases originating in transportation circles after the Parks house is closed remains to be seen. There are still the Partridge Island detention facilities. Although there is a slight daily fee for outside cases at the Parks hospital the Board of Health feels that the municipality is not justified in keeping this emergency institution open at its expense to handle outside cases. The port has its own governmental hospital for this purpose.

EXPECT TO BE HOME APRIL 1

Letter From Son of Peter Mahony Comes From Germany

Peter Mahony, of 384 Main street, received a letter yesterday from his son, Edward, who is with the Canadian Expeditionary Forces overseas. The letter was written on January 12 and is from Hans Frankfort, Obercaassel, Rhein. The letter was in part as follows: "The day finds me looking forth as the uninvited guest of Herr Von Hasenclever at the above mentioned house and place, and doing what will be the last outpost duty by a Canadian unit."

"We have been here eight days and expect will be relieved Tuesday, after which we will start on the first lap homeward."

"The above named gentleman, who, by the way, is a staff officer in the German army, has the most pretentious and spacious home and grounds it has ever been my good fortune to visit. Besides I am enjoying the comforts of life. All the help about the place, also the owner, are very kind to us, in fact this is the rule now with all the German people. We have occupied their country as white men and our conduct has been far above what it seemed they expected, and only a few clashes between the militia and civilians has taken place."

"We learn on good authority that we will be home by April 1, this after all, is a better time to arrive than during the winter. The weather here is beautiful, almost springlike. It is good to see the fields about teeming with vegetation in January."

"Paper products is the real industry here. They are making clothes from paper; am bringing along with me a towel purchased the other day made from this article."

"The Rhine, with all its scenic grandeur, has lost its charm for me, as I am anxious to get back into harness again. I will acclaim with joy the day our departure is announced."

FREE EVENING SCHOOL

Meeting With Success—More Pupils May Enroll at Any Time—Attendance Above 100

The free evening school for boys and men which is being conducted in the King Edward school, Wentworth street, and the Centennial School, Brussels street, is meeting with excellent success. The attendance has gradually increased until now there are more than 100 in all the classes. Pupils may enroll at any time. Those attending in the King Edward building are taught reading, spelling, writing and arithmetic, and those in the Centennial receive instruction in elementary and advanced mechanical drawing. More pupils can still be accommodated in all the classes. Either of the instructors will gladly furnish full information to any who are interested.

The large number of returned soldiers who have enrolled this winter has placed special consideration is always shown these men, and they are encouraged to attend regularly so that they may qualify for the important and responsible positions that are awaiting the returned heroes.

Dr. H. S. Bridges, the general superintendent of schools, has been visiting the evening classes this week, and he expressed himself as being well pleased with the progress already attained by the pupils and pointed out to them that many prominent and successful men had gained a liberal education by making the best use of their spare time to increase their fund of knowledge.

PERCY LONG WRITES FROM GERMANY

Times Printer With Canadian Army of Occupation—Tells of Cologne

Percy Long, a member of The Times' printing staff, now in Germany as a member of the Canadian army of occupation, in a letter to Henry McEachern of this city tells of some of his experiences. Writing of a trip to Cologne on the Rhine, he says that in the city they have a museum illustrating the habits and traits of the natives of North America. He says that their idea of America is rather crude. Where he is stationed the Canadian soldiers fairly decently.

He mentions a visit to members of the 6th Siege Battery, which left St. John as the 7th. They are stationed at Bonn, about half an hour's ride from Siegburg where he is located. He adds that the 4th Battery is back at Mons with the rest of the siege artillery.

The members of the battery had an enjoyable Christmas, with an excellent dinner and New Year's Day was quiet but pleasant.

FOUND TEN BOTTLES OF WHISKEY; ARREST AND FINE OF \$200

Inspector McAlinh and Detective Bidcombe raided the residence of a man named Johnson at the rear of a Brussels street house and made a seizure of ten bottles of whiskey last night. In the early hours last evening the inspector and detective made their way down Brussels street and lay in wait near the suspected residence. After having watched nearly all the evening, about 11:30 they saw a man come out of the house, they searched him and found one bottle of whiskey. On questioning him, he said his name was Miles Wright and that he had got the bottle from Johnson and had paid \$5 for it. Inspector McAlinh went into the house and found under the window ten bottles of whiskey, which he seized. He took Johnson and Wright into custody. Appearing before the magistrate this morning both men pleaded guilty and were fined \$200 each.

Robert Totten was before the police magistrate this morning charged with drunkenness and having liquor in his possession. He pleaded guilty and was fined \$200. Totten was taken into custody last evening by Sub-inspector McAlinh.

A leaky gutter or conductor is about the most useless thing in existence. Apart from the looks of the thing, it is positively dangerous, as the rain and wet and slush will find access to the interior of the house and rot the woodwork.

We are experts at making Galvanized Gutters, Conductors and Cornice work, and will be glad to tender quotations on any work along this line.
