The new treatment for tender skins
 Many people with tender skins have been misled by the superstition that washing the face with soap and water is bad for the complexion.
 "Dr. Pusey in his book on the care of the skin says: 'The layer of dirt and fat that such persons accumulate on the skin is a poor substitute for a clean, clear skin and is a constant invitation to various disorders.'
 The following treatment with Woodbury's Facial Soap is just what a tender skin needs to keep it attractive and resistant.
See what a difference it will make in your skin
 Just before retiring, dip a soft washcloth in warm water and hold it to the face. Do this several times. Then make a light warm water lather of Woodbury's and dip your cloth up and down in it till your cloth is "fluffy" with soft, white lather. Rub this lathered cloth gently over your skin until the pores are opened and thoroughly cleaned. Rinse the face lightly with clear, cool water and dry carefully.
 Use this treatment persistently for ten days and your skin will show a marked improvement—a promise of that loveliness which the steady use of Woodbury's brings to a tender, sensitive skin. Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.
 Do this today—now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's and try this treatment. Tear out the cake now. Take it to your druggist today. Begin tonight to get the benefits of this Facial Soap. For sale by Canadian druggists from coast to coast, including Newfoundland.

Later a lady was discovered on the floor of the cab, apparently having been unable to fly fast enough out of the train's way.

Diver Frederick Doyle was obliged to remain under water for about four hours yesterday afternoon when his belt caught on a hook attached to a piece of rope which had hung near where he was working at the south side of the Ballast wharf. After working for two hours to free himself, Doyle signalled to his assistant for help. Divers Edward Lahey, Green and Howard were called upon and within thirty-seven minutes after he received word of the accident Lahey effected the rescue.
