

DRIVERS OF NEW YORK'S STREET CLEANING DEPARTMENT ON STRIKE

GUARDING THE REMOVAL CARTS

The strike of the two thousand Street Cleaning Department drivers in New York has reached a serious stage. Rioting is frequent in all parts of the city and the police seem unable to cope with the situation. Uncollected refuse and ashes litter the streets, and but for the cool weather this would be a menace to the city. Some time ago Street Cleaning Commissioner Edwards issued an order compelling the men to collect ashes and garbage at night. The men rebelled against this order, claiming that under the new order of things their hours of work were longer and that they were unable to sleep during the day. A petition was sent to the Mayor requesting a shift to day work. Their request was refused and the strike followed.

REFUSE THROWN INTO STREET BY STRIKERS, SPREADING AND MAKING ANNUAL

FACE WAS LITERALLY COVERED WITH PIMPLES.

Four Different Doctors Did Her No Good.

Two Bottles of BURDOCK BLOOD BITTERS Cured Her.

Bad blood is directly the cause of the face breaking out in pimples, and it is impossible to eradicate them unless you put your blood into good shape. Burdock Blood Bitters is compounded from roots, herbs, fruits and berries, and is without a doubt the best remedy procurable for the purpose of driving all the blood impurities out of the system. Mr. Geo. E. Miller, of Ontario, writes: "Last fall I was very much troubled with pimples. My face was literally covered with them. I went to four different doctors, but they could do me no good. One day a friend advised me to use Burdock Blood Bitters. I got two bottles, and before I had taken all the first one, the pimples had nearly all disappeared, and by the time I had taken all the second one the pimples had disappeared completely. Thanks to Burdock Blood Bitters, I would advise anybody who is troubled with any blood trouble to use Burdock Blood Bitters. Manufactured only by T. T. Miller Co., Limited, Toronto, Ont."

A BATTLE THAT WAS NOT ADVERTISED BY ITALY

Sinking of an Italian torpedo-boat some hours after an engagement with a small Turkish warship. The vessels in the rear are heavier Italian warships which came up in time to rescue the Italian torpedo-boat men and send a few shells whizzing after the Turkish Mosquito as she sped away in the direction of the Dardanelles.

MARY SMITH WAS HERE

Railway and Immigration Officials Now Know Her Very Well

(Montreal Witness.) The life of a station master is not always smooth, as was in evidence yesterday when Mr. St. Germain, of Bonaventure station, had two interesting cases to deal with.

In the first case he simply and quietly explained the rules of the railway to a very highly irate lady, who had been prevented from accompanying a friend into a car on account of her not having in her possession a railway ticket. The lady in question had been stopped by the conductor, and she carried the case in a high handed manner to the station-master, who quietly and courteously waited until she was through, and then he explained that such was the rule, not only of the Grand Trunk, but of all other railways. The lady left in an angry mood.

The second case under notice was more intricate and difficult to deal with, but tact and kindness carried the day. A short, buxom French-Canadian woman, who was packing them in crates in old storage ready for shipment to the United States a little later.

L. A. Burke, of Port Elgin, has purchased the Thomas Magee house at Port Elgin from Gould Bros., of that place. About a dozen gentlemen were entertained to oysters on the half shell Saturday night by F. Fawcett, V.S., at his office in York street. The oysters, which were exceptionally good, were picked by Mr. Fawcett himself on the shore at Port Elgin.

Mrs. Janet Menzie, of St. John, Kings county, N. B., is the guest of her daughter, Mrs. C. C. Ayard, who is confined to her room with a badly sprained ankle. C. H. Read, of Port Elgin, has purchased from Albert and Clarence Wheaton, of Midway, about 400 acres of valuable timber land, together with a portable mill. Mr. Read expects to make a large cut this season.

Charles Weldon, of Mount View, has purchased the farm of George A. Fawcett at Upper Sackville.

GREAT LEGAL LIGHT GONE. Contributed 100 Legal Articles to the Encyclopedia Britannica. London, Nov. 3.—Dr. James Williams, high sheriff of Flintshire, a contributor of 100 articles in successive editions of the Encyclopedia Britannica and many law magazines and reviews, died here today. He was born in 1831. He was the author of a number of books on law, including The School Master and the Law, Wills and Succession, Law of Education, Dante as a Jurist, and Law of the Universities. He also wrote A Lawyer's Layover (verses), Simple Stories of London, Bizarreous, Ballads, and Ventures in Venice.

MAKING HER HAPPY. "It is the duty of every one of you to make at least one person happy during the week," said the Sunday School teacher. "Have you?" "That's nice. And what did you do?" "I went to see my aunt, and she's always happy when I go home again," said a little boy.

NEWS OF SACKVILLE

Board of Trade for Greater Activity — Lumber Property Purchase — A Chicken Canning Factory

Sackville, N. B., Nov. 12.—(Special.) At a meeting of the Sackville Board of Trade on Thursday night the opinion was freely expressed that more frequent meetings of the board would do much to stimulate interest and make the work more effective. Meetings were likely hereafter to be held once a month. The board is making a strong effort to secure a new post office building.

The work of building concrete sidewalks is done for this year. During the last few weeks a sidewalk has been built from the store of M. Wood & Sons, along Bridge street to the corner of Main and Bridge, and from this corner up Main street to the north corner of the Powell brick block. More work will be done in the spring.

At a meeting of the District League in Sackville on Friday, A. B. Copp was elected president, and Capt. P. Hanson, secretary. The application of Port Elgin club for admission to the league was refused.

An address on missions will be delivered on Tuesday evening before the Epworth League by Rev. Thomas Marshall.

George F. Estabrooks, who recently moved here from Campbellton, has rented one of George E. Ford's houses in Squire street.

Mrs. and Mrs. Bliss Anderson are moving from Cole's Island to the house recently purchased from F. Fawcett, V.S., in Bridge street.

Mrs. LeBlais Richardson is suffering from a severe attack of neuritis.

Fred Magee, of Port Elgin, started a chicken canning factory last week. About a dozen gentlemen were entertained to oysters on the half shell Saturday night by F. Fawcett, V.S., at his office in York street. The oysters, which were exceptionally good, were picked by Mr. Fawcett himself on the shore at Port Elgin.

Mrs. Janet Menzie, of St. John, Kings county, N. B., is the guest of her daughter, Mrs. C. C. Ayard, who is confined to her room with a badly sprained ankle. C. H. Read, of Port Elgin, has purchased from Albert and Clarence Wheaton, of Midway, about 400 acres of valuable timber land, together with a portable mill. Mr. Read expects to make a large cut this season.

Charles Weldon, of Mount View, has purchased the farm of George A. Fawcett at Upper Sackville.

HON. WM. PUGSLEY

SPEAKS ON NEED OF THE WORKS AT ST. JOHN

When informed that the Borden government had at last made no move towards letting the tenders for the development of Courtenay Bay, Hon. Mr. Pugsley said yesterday that he was absolutely not standing in the way of the government letting the tender to Norton, Griffiths & Co. Ltd. They had made a security deposit, he said, which had been retained by the late government, while the deposits of the other firms had been returned before the change in administration. "As to the work going on eventually," he said, "I cannot imagine for a moment that the government will not carry it out as it is important not only to the city but the country at large. I notice that Mr. Bath, the English engineer, while in the city, made some reference to the dry dock subsidies act of 1910 being changed to allow a longer dock to be built, but that cannot be, as the act did not limit the dock which received aid to any size, simply stating a minimum."

Hon. Mr. Pugsley's attention was also called to the report that local Conservatives sought to influence Mr. Bath when here to have the work of development confined to the west side.

"I cannot believe," he said, "that there are many people in St. John, either Liberal or Conservative, who would favor limiting harbor development to the west side because, while the west side facilities will necessarily have to be rapidly extended in accordance with plans which were approved and for which tenders were received before the late government went out of office, these facilities will be required for business which will come to the port over the C. P. R."

"They cannot be utilized to advantage by the C. P. R., which will reach the city from the east and to couple this company to utilize the west side would add greatly to the cost of transportation, because they would be obliged to use the C. P. R. tracks including the bridge, unless another bridge were constructed at Navy Island. What is of much greater importance, however, is that according to the engineer, there is not sufficient space available on the west side for the vast yard room which the G. T. P. will require. Courtenay Bay is, in the

SHE WAS SURPRISED

When Dr. Morse's Indian Root Pills Cured her Chronic Liver Complaint

Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings. "I can hardly tell you how great my sufferings have been. Chronic liver complaint accompanied by biliousness was a daily source of pain to me. By day I experienced the same. By night these ailments I longed for some medicine that should permanently drive them away. Hearing of Dr. Morse's Indian Root Pills, I thought they were worthy of a trial. My surprise was indeed great. From the very first I experienced relief. Continuing with them I found my troubles were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long plagued and weakened me. So great is my faith in Dr. Morse's Indian Root Pills that I shall never on any account be without them."

Dr. Morse's Indian Root Pills cure Bowel and Kidney as well as Liver troubles, and keep you healthy. 25c a box at your druggist.

STAY AT HOME CLUB TO BLOCK DIVORCE EVIL

Western Idea is to Strengthen Family Ties By Obliging Members to Spend Three Evenings a Week at Home

Spokane, Wash., Nov. 12.—Strengthening the family ties and weakening divorce temptations is the primary purpose of a nation-wide movement launched in Spokane by the formation of a stay at home club for married men. The national organization is to be known as the Stay-at-Home League of America. E. Potter Hall, formerly an English clergyman, now a member of the editorial staff of the Spokesman-Review, who originated the idea, says the only obligation of the members will be to stay at home with their families at least three nights a week. George A. Forbes, secretary of the Y. M. C. A. of Spokane, declared that no more important work can be undertaken at this time, when engagements and amusements taking men from their homes are so varied and attractive, than by every means strengthening the home ties. Home-loving and home-keeping men are not those who become candidates for divorce, Mr. Forbes said, adding: "I think a league on these lines will do good and help to bring back those sanctities of the American home which obtained in the earlier and simpler times of the nation."

PERHAPS HE IS. "The man did talk about his wife's honor being lost," said Uncle Eben, "but sounds like he was running kind of short of references."—Washington Star.

BLOOD TRANSFUSION TO OVERCOME POISON

Something New in Medical Practice is Proving Successful in Case of Spokane Nurse

Spokane, Wash., Nov. 12.—Possibly without precedent in the annals of medicine, the direct transfusion of blood to counteract bichloride poisoning, performed upon Margaret Scully, a nurse in training in the Sacred Heart hospital, Spokane. Her mother, Mrs. J. B. Vane, told, said that the patient is improving rapidly. Miss Scully, by mistake, used bichloride tablets for a headache, but before the poison began its work she was able to summon a physician. The pump and its usual treatment were applied, but she continued to fail. Blood tests showed only 30 per cent of the normal number of red corpuscles and a transfusion of blood was decided upon. The patient's brother, Edward Scully, living in Mansfield, Wash., volunteered, and a direct transfusion was made. Dr. R. D. Cash, who performed the operation, reports that a quart of fluid was taken and that this saved the sister's life. Physicians declare the case is entirely new to the medical profession, and that it marks an important discovery.

Joseph Peeron, a young settler living near Richards, Rostigouche county, was instantly killed on Friday by a dead stump falling on him while he was working in the woods. He leaves his wife and eight children.

The fastest run yet had been made between Montreal and Quebec was that of last evening when the C. P. R. overtook a train did it in three hours and fifty minutes.
