

Tisdale, Sask.

To the Forward, Dear Comrade,

We have got our local reorganized again and the comrades have conferred on me the coveted honor of president. I held this position in the old local, but somehow when the war started we could not hold together. I talked this matter over with Comrade Stirling, the organizer, when here, and spoke of delivering a short address on some topic of interest in an effort to get more interest into our meetings, he agreed this would be a great help, and I am enclosing a paper I delivered, which was heartily discussed by the comrades.

Yours, etc.

To the Editor,

Dear Comrade,

The Montreal group of Social Relovutionists (Maximalists) notifies to all "labor organizations" that the first group of volunteers leaves for Russia on April 15th to help the revolution.

Dear Comrade.

I am glad to tell you that we have resuscitated Local Fort William. Last election steal has done good work, the near-Socialists have been driven in. We helped in the I.L.P. campaign here and had a chance to shoot some good ammunition for the revolution. Result is, a good number are saying Socialism or nothing.

I am instructed to ask you if possible to allow us to retain the old charter, No. 51.

Accept my congratulations on your being found worthy to be provided with board and lodging at public ex-

Yours in Revolt,

H. Bryan, Secretary.

Labor and New Social Order

cern of the government of the day to see to it that there shall be, as a result of the gigantic "General Post" which it, will itself have deliberately set going, nowhere any degradation of the standard of life. The government has pledged itself to restore the trade union conditions and "pre-war practices" of the workshop, which the trade unions patriotically gave up at the direct request of the government itself; and this solemn pledge must be fulfilled, of course, in the spirit as well as in the The Labor party, moreover, holds it to be the duty of the government of the day to take all necessary steps to prevent the standard rate of wages, in any trade or occupation whatsoever, from suffering any reduction, relatively to the contemporary cost of living. Unfortunately, the present government like the Liberal and Conservative parties, so far refuses to speak on this important matter with any clear voice. We claim that it should be a cardinal point of government policy to make it plain to every capitalist employer that any attempt to reduce the customary rates of wages when peace comes, or to take advantage of the dislocation of demobilization to worsen the conditions of employment in any grade whatsoever, will certainly lead to embittered industrial strife, which will be in the highest degree detrimental to the national interests; and that the government of the day will not hesitate to

POVERTY and RICHES

SCOTT NEARING

Scott Nearing tells why the rich are getting richer and the poor poorer; shows the vast wealth produced in this country and who controls it; proves that the heaven of the rich is founded on the hell of the poor. He argues that when one marvelous machine will do the work of many men, there is no reason why everybody should not have comfortable and easy lives; no necessity for people to lose their homes and become anxious renters; no justice in the unequal distribution of wealth; no excuse for the man who owns a living instead of working for it. And he points out a cure for the rising cost of living; he demands that honest industrious men be spared the exhausted faces of their women and the sobs of their underfed children.

A Burning Book, built with Science and Conscience, packed with Sympathy, Sanity and Wisdom; crowded with Facts and clear Explanations; loaded with deadly Arguments; the Big Book of Inspiration and Counsel to every Lover of Social Justice. Illustrated with numerous photographs of actual conditions among both rich and poor, and other stirring pictures of celebrated artists.

take all necessary steps to avert such a calamity. In the great impending crisis the government of the day should not only, as the greatest employer of both brainworkers and manual workers, set a good example in this respect, but should also actively seek to influence private employers by proclaiming in advance that it will not itself attempt to lower the standard rates of conditions in public employment; by announcing that it will insist on the most rigorous observance of the fair wages clause in all public contracts, and by explicitly recommending every local authority to adopt the same policy.
