An enlisted man at the post at Fort Leavenworth was not long ago ordered to the range for the first time for target drill. Out of twenty-one chances the newcomer made never a hit.

"Oh, you dub," exclaimed an officer standing near. "You've missed the target every time. What's the matter?" "Well, sir," answered the recruit, non-chalantly, "the only reason I can think of at present is that the person who set up my target hasn't placed it in a straight the from here."—The Argonaut.

## It's a Good Sound Common Sense Policy

To use medicines only of KNOWN COMPOSITION, and which contain neither alcohol nor habit-forming drugs. It is foolish—often dangerous to do otherwise. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Dr. Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

#### Dr. Pierce's Favorite Prescription

THE ONE REMEDY for woman's ailments, sold by druggists, devised and gotten up by a regularly graduated physician of vast experience in treating woman's pecualiar diseases and carefully adapted to work in harmony with her delicate organization, by an experienced and skilled specialist in her maladies.

THE ONE REMEDY for woman's ailments, sold by druggists, which contains neither alcohol (which to most women is the rankest poison) or other injurious or 'habit-

THE ONE REMEDY for women, the composition of which is so perfect and good that its makers are not afraid to print its every ingredient, in plain English on its outside bottle-evrapper, and attest the correctness of the same under oath.

We have a profound desire to avoid all offense to the most delicatersensitiveness of mocket wernen, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particulatize here concerning the synaptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pience's Common Sense Medical Adviser, a great family doctor book of 1000 pages, bound in cloth and given away gratis, or sent, post-paid, on receipt of 50 one-cent stamps—to cover cost of mailing only. All the delicate ailments and matters about which every woman, whether young or old, single or married, should know, but which their sense of delicacy makes them hesitate to ask even the family physician about, are made plain in this freat book. WHAT MAKES GOOD CLOTHES?

WORKMANSHIP FIRST—That is what makes a garment keep its shape, look well and wear well. Fit-Reform has the best trained corps of hand-work tailors in Canada. Every garment is made and finished as if our whole reputation depended on that garment.

STYLE must be considered—You want correct fashionsclothes of class, down to date. Wear Fit-Reform, and wherever you may live or travel, you have the positive assurance that you are correctly garbed.

FIT—If you are still one of those who think themselves "hard to fit," remember that Fit-Reform has evolved a system whereby the customer can get just the Fit-Reform Suit or Overcoat that fits his individual physique as well as if it had been cut to measure.
