## **COLONEL HAYES** IS FOUND GUILTY

OF OBTAINING MONEY UNDER FALSE PRETENCES

#### Sentenced to Two Years in Penitentiary -Bail Allowed Until Decision on Reserved Case.

The trial of the long pending criminal charge against Col. Granville C. Hayes, of obtaining money under false pre-

not present, having been summoned to appear before the special committee of the legislature. Judge Drake waited for half an hour, and then proceeded, rein error in claiming that they had pre- scheme cedence of this court. The jury brought in a verdict of guilty on the charge of obtaining money under false pretences, with a strong recommendation to mercy F. Peters, K. C., who, with G. E. Powell, appeared for the accused, asked to have the jury polled, but this His Lordship refused. On being asked if he had anything to say why sentence should not be passed upon him, Col. Hayes replied: "I have nothing to say." His

ties for a like amount. His Lordship stated that he might have as many

#### Supreme Court.

#### SATISFYING ANSWER

Dyspepsia Tablets and They Cured My Dyspepsia."

When a man or woman tells you he or she knows a cure for Dyspepsia, your first question is, "How do you know?" And the most satisfying answer, is, "I've used it myself and been cured." That's the answer M. Mongeot of Masson, Que., makes, "I have used Dodd's Dyspepsia Tablets and they cured my Dyspepsia." Here is the story M. Mongeot tells of his own experience:
"I suffered from Dyspepsia for fourteen months. I was despondent and find nothing that would give me relief till an advertisement of Dodd's Dyspep."

#### Peril in the Hand-Shake.

mething New Under the Sun to Be Afraid Of.

Years ago George Francis Train reused to shake hands with anybody and tees have promised to take any site suggested into serious consideration before a definite decision is reached. The character of the baths has not yet been decompleted, and Col. Hayes stands convicted and under sentence of two years in the penitentiary.

The evidence for the prosecution was the tee the most favored, but the committee decision is reached. The character and best.

greatest and best.

"His Excellency the Governor-General and Lady Minto," said he, "not only gave their verbal surport, but in every way have assisted and given their power-ful influence. Lord Minto has been not only president but an active co-operator throughout. All the lieutenant-governors throughout. All the lieutenant-governors from germs, and the most refined are too most favored, but the committee decision is reached. The character of the baths has not yet been decided, although it has been the subject of discussion. Some expressed the opinion that there should be some method of the peritement only president but an active co-operator throughout. All the lieutenant-governors from germs, and the most refined are too take any site suggested into serious consideration before a definite decision is reached. The character of the baths has not yet been decided, although it has been the subject of discussion. Some expressed the opinion that there should be some method of the project of the project of the baths as not yet been decided, although it has been the subject of discussion. Some expressed the opinion that there should be some method of discussion. Some expressed the opinion that there should be some method of the various propriese part and best.

"His Excellency the Governor-General and Lady Minto," said he, "not only gave their verbal surport, but in every way have assisted and given their power-is full influence. Lord Minto has been not only president but an active co-operator throughout. All the lieutenant-governors from germs, and the most reflection to take any side suggests and best.

The evidence for the prosecution was a the preliminary hearing in the police court some months ago, with which our readers are already finalliar. Very little evidence was put in on the defence, which commenced Thursday afternoon. The jury retired to consider their verdict at 3.45 p. m. and at 5.30 p. m. reduced in the preliminary hearing in the police court some months ago, with which our readers are already finalliar. Very little usual energetic manner is that referred to in the following letter from D. R. Ker, general manager of the Brackman-dict at 3.45 p. m. and at 5.30 p. m. reduced in the preliminary hearing in the police to the preliminary hearing in the preliminary hearing hearing

> Recent experiments have proven that the germ of consumption was present in the mouths of physicians and nurses who were in attendance on tubercular patients. They were not themselves infected on account of their power of resistance, due to perfect health. The breath one inhales from the lungs of another may contain germs of disease. You will not only be able to resist the germs of consumption, but many thousands of ex-alderman and treasurer Worcester cases have been known where persons Mutual Benefit Association, of 27 Mawho were suffering from incipient phthisis, or the early stages of consu were absolutely cured by Dr. Pierce's Golden Medical Discovery. It maintains considerable magnitude a labor of a person's nutrition by enabling him to eat, retain, digest and assimilate food. Sir Alex. Mackenzie, Mr. Harriss and the festival party will leave Victoria on Saturday night by the Charmer for Vanfever, night-sweats, headache, etc., which are so common. A tonic made up which are so common. A tonic made up largely of alcohol will shrink the corpuscles of the blood and make them weaker for resistance. A cod liver oil makes the stomach groan because it is irritating. What is needed is an alterative extract like Dr. Pierce's Golden stomach is in its normal-condition, and. Medical Discovery, made of roots and harbs without the made of roo herbs, without the use of alcohol, that will assist the stomach in assimilating or taking up from the food such elements as are required for the blood, also an alterative that will assist the liver in feel better about last Christmas, have 4,598 containing about one million acres throwing off the poisons in the system. Continued to improve, and now believe I of coal, oil, timber and farm lands, and When we have accomplished this we am cured of my trouble, as I do not which had been granted to the British have put the body in a fortified condition have any return of it, which speaks well It declares that prospectors find on the disease which we find everywhere—in eastern boundary of this grant no trace the street cars, the shops, the factories, bottles I took of your 'Golden Medical

> > The Use of Light in Curing Disease. The best disinfectant of all is sunligth. It destroys by its very brightness all sorts of germs and helps the growth of plants and animal life. Doubtless all have noticed that mould grows in dark, damp cellars. Bright sunlight quickly destroys germs, mould or other organisms. That is why it is best to let the sunlight into your houses for its purifying influence. Not only is sunlight a disinfectant, but it is one of the best surinfectant, but it is one of the best surgeons now in use. It was Finsen who discovered that concentrated sunlight would cure many malignant growths of the human body, such as cancer of the skin, and other malignant growths. A is substitute for sunlight was then found in Medical Adviser, by R. V. Pierce, M.D. skin, and other malignant growths. A nicalities, should read the Common Sense substitute for sunlight was then found Medical Adviser, by R. V. Pierce, M.D., to be still more effective, and that was which can be had for thirty-one cents the concentrated rays from arc lamps.
