

# Nervous and Shaky

"Nerves," easily irritated, over-sensitive, so that any sudden noise or any repeated fidgety sound tortures; shaky hands or limbs; headache; sometimes neuralgia; temper variable; easily depressed; often wakeful at night, and tired on arising in the morning. These things also result from the hurried, nerve exhausting condition of present day life. A healthy man or woman does not worry. The

cure is to remove the cause. The cause is nervous exhaustion--the cure is to tone up the nerves.

## Dr. Williams' Pink Pills for Pale People

are an immediate, unmistakable nerve food and nerve tonic. They healthfully stimulate the nerves and keep them stimulated. They cure the worried, jaded mind and temper through the nerves; give strength to the weak and aching back; fill tired, dejected, overworked men and women with cheerfulness, new ambition, and serviceable, work-producing energy. The first box proves it, but the first and every box must look just like this—  
or you will get one of the "something elses" that some dealers sell people whom they think it safe to impose upon. "Something else" never cured anyone; Dr. Williams' Pink Pills have cured thousands--some of them your neighbors, who won't mind telling you so if you ask them.

### PROOF OF CURE.

Mr. Ambrose Major, Williamstown, Ont. says:—"Dr. Williams' Pink Pills have restored me to health after suffering for months from extreme nervousness. The least sound would startle me; I was subject to headaches and easily irritated. My constitution was naturally strong and I at first ignored the trouble, thinking I would soon be all right. This was a mistake, for instead of getting better, I became worse and had to take to my bed. Only those who have been afflicted with nervous troubles can tell how much suffering they cause, and my condition was almost indescribable. I was attended for some time by a doctor, but found no improvement. Then a friend suggested Dr. Williams' Pink Pills, and I got a few boxes. After I had used the second box there was much improvement in my condition, and by the time I had used a half dozen boxes I was again enjoying good health. I naturally think no other medicine can equal Dr. Williams' Pink Pills for nerve troubles.

If your dealer does not keep Dr. Williams' Pink Pills they will be sent by mail post paid, at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams Medicine Co., Brockville, Ont.

### ALBERT CO. COUNCIL

Dismissed Scott Act Inspector W. H. Trueman at Yesterday's Meeting.

HOPEWELL CAPE, Jan. 10.—Albert County Council met Tuesday at 10 a. m. All the councillors were present. But little interest was manifested in the business until the annual report of Scott Act Inspector W. H. Trueman was read on Wednesday. The discussion arising out of his report continued the remainder of the day and until the afternoon of Thursday. Every member of the council spoke, and besides the members of the board, the Inspector and M. B. Dixon, clerk of the peace, and E. B. Peck spoke at some length several times. The Inspector's report showed that not one cent had been collected under the Scott Act during the year 1900, and that expenses amounting to \$286 were incurred by the inspector during the year, which, together with his salary of \$800, make

a deficit of \$468 against the act, not including costs of an appeal pending the case of Andrew Kenney pending for the next term of the county court, and the case of C. Robertson and Ansley Mitten taken up on certiorari to the supreme court. The Inspector, on motion, was dismissed on a two-thirds vote, the council dividing as follows: Yeas—Steeves, Steven, Smith, Goggin, Carnwath, West, Ryan and Leaman—8. Nays—Cleveland, Rommel, Prescott, Barbour—4.

### CENTRAL POWER STATIONS.

During the next few years the design and erection of large central power stations for the generation and distribution of electric energy in bulk promise to be the most important and interesting problem with which mechanical engineers in this country will have to deal. Central station work in this country, as far as magnitude of the undertaking is concerned, is undoubtedly behind when compared with American and Continental practice; but the future development promises to be on an unparalleled scale.—London Engineering.

### TO SURMOUNT THE DIFFICULTY.

(Yonkers Statesman.) "And if your party came suddenly to a stream," said the story teller, "too deep for your horse to wade over, too wide for it to jump over, and too swiftly flowing for it to swim over, what would you do?" "Why, that easy," said one of the party; "we'd sit down and think it over."

### PRaise for Matrimonial Agencies.

New South Wales Congregational Union set to work today to read one of its members—Rev. Bennett—for marrying in one year for a Sydney matrimonial agency 531 couples. The offender, however, wasn't so sorry as was expected, and even went so far as to say that he had thus done a lot of good in marrying people who otherwise might have done worse. It looks, anyhow, as if these matrimonial agencies supply a pressing want, otherwise one of 'em wouldn't bring together nearly 4,000 couples in six years in Sydney alone.—Sydney Bulletin.

### CAMPBELLTON.

Deluged the South Africa Heroes With Good Cheer.

Address Presented by the Town Council, Followed by a Banquet at the Royal Hotel.

CAMPBELLTON, N. B., Jan. 11.—The Restigouche boys who came out on the Roslyn Castle arrived on the express at 2 o'clock this morning, and despite the early hour were given a great and enthusiastic reception from a large body of citizens. At 8 o'clock this evening the town council met in the assembly room, which was patriotically decorated. There were about one thousand citizens present. Council member Murray to a pleasant address moved the adoption of the following resolution:

Whereas, at the outbreak of hostilities in the pending South African war, the Canadian people, prompted by their spirit of loyalty to the British Empire, have contributed to the cause of the South African Republic two military contingents composed of volunteers from various parts of Canada in addition to the corps of Strathcona of Lord Strathcona and his private munitions; and whereas, the principle underlying such voluntary service being common and used by the British Empire as a whole, it affects the honor and glory of the British Empire as a whole, it is one which we desire to affirm, believing that Canada has no desire to claim the power and prestige of the Empire without rendering in return the fullest measure of allegiance; and whereas, the said contingents, after serving in South Africa extending over a period embracing the most trying and arduous phases of the campaign, are now returning with a record of military actions honorable in all details and worthy of our best Canadian traditions; and whereas, among those who volunteered from the town of Campbellton and its immediate vicinity, and who served with the said contingents, are the names of John G. Stewart, John G. Ross, Frank R. Gorman, Harris B. Sears, and George B. Dugal, all of Campbellton, N. B., and Wilson Edwards of Escuminac, Bonaventure Co., P. Q., and it is our desire, on behalf of the said town, to express the gratification of our people;

Be it therefore resolved, That this town council, on behalf of the citizens of the town of Campbellton, views with pleasure the spirit which prompted the formation of the said contingents, the men of whom are so proudly our own as a Canadian—the honorable career of the Canadian contingents ever waged by the Canadian people; and with special satisfaction we recognize and appreciate the loyal and patriotic spirit evinced by the said contingents, and we hereby extend to the said contingents, and to the brave men who served with them, our warmest congratulations and our sincere thanks for their services to the British Empire; and Be it further resolved, That this resolution be engrossed upon parchment, and be presented to each of the volunteers above particularly described.

Councillor Mott in an eloquent and patriotic speech seconded the address and the motion being put, was unanimously carried, after which the whole audience sang God Save the Queen. After speeches by Premier Tweedie and Chief Commissioner of Works Lablillois, the mayor presented copies of the resolution to the contingents. The council then adjourned, and those present had an opportunity of shaking the hands of the soldier lads. The local militia furnished ushers and an escort for the men in khaki. Mead's orchestra and music. Dinner was afterwards served at the Royal. Following was the menu and toast list:

### GOLDEN WEDDING.

Mr. and Mrs. E. M. Chambers of Corn Hill, Kings, celebrated the 50th anniversary of their married life on Christmas day, and had present with them three sons and three daughters, with their wives and husbands. Two daughters, Mrs. B. Armstrong of Woburn, Mass., and Mrs. Jas. McKnight of Tacoma, Washington, were absent. After the Christmas dinner

### the children presented their parents with two easy chairs, accompanied with the following address:

Dear Father and Mother—We, a number of your children, have met here with you today, not only to celebrate this Christmas day, but to express our love and admiration of Him who came to this earth not only to make our homes glad, but to redeem us from all unrighteousness, and to give us a new race. But we are especially here today to celebrate, with you, the fiftieth anniversary of your marriage. We believe some thirty years ago you, our father and mother, started life's journey together and through the Providence of God, you are yet united to us and each other. We feel that when you look over all the years you have walked together, and the things of this life which you have enjoyed, it must bring to your hearts true thankfulness. While we feel that we all have a good deal to do with our own welfare, yet we do know that every good and perfect gift cometh down from our Father in Heaven.

Dear Parents—We rejoice that so many of us have been permitted to meet with you today and to help cheer you on in these closing years of your life, for we are sensible of the fact that all our lives in this world will some day come to an end. We regret that two of our sisters are absent today, owing to the great distance they are from home, yet we feel sure they are with us in heart. Some of our number have gone before to welcome both you and us to that happy home above, where we have good reason to believe we may all meet again.

Dear Parents—When we think of the many pleasant years we spent together, and of the many good things you have done for us, we feel that we have been highly favored; and as a small token of the love we have for you, we now present you with these chairs, and our prayer is that you both may be spared for many years, so that you may be able to see the close of this glorious nineteenth century, and the beginning of another, and we trust that it will also be one of perfect peace, and which will bring us all together again. We wish you a Happy New Year, we remain,

### HUGH JOHN QUITS POLITICS.

Has Formed a Business Connection in Winnipeg.

WINNIPEG, Man., Jan. 8.—Hon. Hugh John Macdonald, late premier of Manitoba, when interviewed by a Mail and Empire reporter yesterday as to his plans for the future, said he had no intention of re-entering politics. He said, in reply to the question, "Have you definitely and positively decided to quit politics?"

"My mind is quite made up not to re-enter the political arena. I have always disliked political life, and I think that now, having for several years past sacrificed my personal inclinations for the party's sake, I will take advantage of the opportunity given me by the electors of Brandon to devote my time in future to attending to my own affairs, which I have to a great extent neglected during the past few years. I have been offered two constituencies in Ontario since my defeat in Brandon. One of them has never, in my time at least, been represented in the house of commons by anyone but a conservative. The other one has been held by the conservatives for a good many years past, and was carried by the conservative candidate by a large majority in the late elections. While in Winnipeg Sir Charles Tupper pressed me very strongly to re-enter political life, but, as I said before, I have made up my mind to remain a private citizen for the rest of my life, although, I shall always, of course, be ready and willing to do everything in my power to advance the interests of the party to which I belong, so long as I am not expected to again become a candidate."

"Do you intend to re-enter the firm in which you were a partner previous to the late provincial elections?"

"No, it is not my intention to re-join my old partners in the present firm of Tupper, Shippin and Tupper; I have agreed to accept a solicitorship, which it would be impossible for me to hold as a member of my old firm, for it would conflict with some of the companies for whom the old firm acts. I have almost completed arrangements for a new connection, which will, I think, prove both pleasant and profitable for all the parties interested."

"Do you intend leaving Winnipeg?"

"No, I have not the slightest intention of leaving Winnipeg, but expect to be at work again at my desk inside of a week."

### FRUIT DEALERS ARE ANGRY.

The wholesale fruit dealers of St. John are in revolt against the apple packing firms of Nova Scotia. They claim that this city and other provincial parts are being made a veritable dumping ground for the poorer class of apples, while the best fruit is shipped to England and Europe. It seems as though this fact has been a thorn in the flesh of trade for a long time, but the irruption has grown to be so flagrant since the last crop of apples that some action is to be taken against it. The dealers claim the very best and highest priced apples that come to St. John are almost invariably of an inferior grade. The first two or three layers of the barrel will be good, sound fruit, but from there to the bottom "scrubs" are to be found. Complaints have come in from retailers in hundreds of instances, but the wholesalers can only explain how they are being duped and oftentimes lose money by their transactions. The apple growers and packers of Nova Scotia are doing very unfairly by the home trade the dealers claim, and the matter will be brought up for consideration at a meeting of the Board of Trade, and possibly it will be carried to the Maritime Board. An inspector is what the fruit men want and what they will struggle for in hopes of putting down what they claim to be a commercial evil.

### OTTAWA.

One of Baden-Powell's Officers to Superintend the Recruiting in Canada.

The Allotment of Seats in the House—Arrangements for Taking the Census.

OTTAWA, Jan. 10.—Major Fall, one of Baden-Powell's officers, is expected in Canada shortly to commence recruiting for the South African constabulary, for which force one thousand Canadians are wanted. Fall will personally visit the headquarters of each military district to enroll men, and in addition several parts in the west, such as Brandon, Regina, Calgary, Kamloops, Vancouver and Victoria.

The term of enlistment will be for three years. The salary of a third class trooper will be 5 shillings (a dollar and a quarter) per day. The pay list is as follows: Superintendent, per day, 15 shillings; staff sergeant, 10 shillings; sergeant, 9 shillings; second class sergeant, 8 shillings; corporal, 7 shillings; first class trooper, 7 shillings; second class trooper, 6 shillings; third class trooper, 5 shillings.

For commissioned officers the pay ranges from 20 shillings per day, for a second lieutenant, up to \$4,000 per annum for a colonel. Promotion will be by merit and commissions will be obtained in the ranks. The age must not be under 20 and not over 35. In addition to salary mentioned, an allowance will be made for extra high market prices to officers and men stationed north of the York river. This is provisionally fixed at 2 shillings per day. After serving five years and with a good character on retiring, an allowance of one month's pay for every year of service will be given.

Candidates to be accepted should be good riders and fair shots, as well as of good health and good physique.

Promotion to N. C. O.'s depends largely upon the knowledge which the men acquire of colloquial English. Judging from the large number of applicants for positions at the department of militia, it is not likely that there will be any difficulty in getting all the men who will be required in Canada.

The British government will furnish transportation and subsistence from the point of enrollment in Canada to South Africa, but the pay will not commence until the arrival of the men at the Cape.

Sir Charles Tupper was up today for the first time in a week after an attack of la grippe. A caucus of the opposition will be held here on Tuesday, February 5th, the day before parliament opens, to choose a leader and decide upon the line of policy to be adopted. Col. Smith, sergeant-at-arms of the house of commons, has been busily engaged for some days in allocating the seats of members in the new house.

It has been the rule since confederation, and the seniority of service has been followed by Col. Smith in arranging the positions of members. On the ministerial side there are several "knotty points" still to be settled, but practically the floor plan of the conservative side has been decided upon.

On the front bench the seats are allotted as follows: Row No. 1.—Counting from the speaker's chair, Messrs. Wilnot, Monk and Sproule, Joint desk mates; Wallace and Haggart; (vacant chair for leader); Tupper, Taylor and Lariviere, McLean and McNeill.

Row No. 2.—Messrs. Cargill and Hughes, Prior and Tisdale, Bennett and Cochran, Kaulbach and Bell of Pictou, Roddick and Northrup.

Row No. 3.—Messrs. Carson and Earle, Corby and Ross, Ingram and Clancy, Pope and Rossman, Clarke and Osler, Kemp and Brock.

The fourth and other rows accommodate the new members. Messrs. Barker and Bruce of Hamilton are on the fourth row immediately behind Messrs. Kemp and Brock. A cable from Sir Alfred Milner to the governor general announces the death of Clive Tova today from enteric fever at Drooper N. Hughes of "A" Squadron, 1st Batt. R. C. Dragoons. His next of kin is Mrs. Henbrick of Stratford.
