His work has not yet war, but stronger still is goodness; the need to remember that omnipotence is not in lampblack nor in lightning.

The earthquake is the least of God's energies. The mightiest forces in this universe are silent, noiseless and secret. Who can measure the power that in silence lifts all the sheaves and their place in the air. That silent energy makes the stroke of earthquakes the thunder of cataracts ridiculous. Eternal goodness is as silent as the sunbeam, as powerful as gravity, as piercing as the still small voice of God. For thirty years alone Jesus toiled on. Thought by thought, prayer by prayer, service after service, rigidly, fully, with absolute abandon, He gave Himself into the will of God. Calvary may save men, but thirty years of ssness saved Calvary. Three and thirty years of life made an hour of death redemptive. While the years came and went again the people of Nazareth entertained the angel and the Son of God unawares. But the hour struck when the city set on the hill could no longer be hid. For nineteen centuries it has marched steadily forward, overthrowing opposition, pushing back the horizons, crushing out iniquities, sowing virtue and happiness for peoples, saving society, out of the epoch and chaos of the Middle Ages. Today it is the sole barrier against chaos, license and lawlessness. Today its followers alone are the optimists, who are practical, and are helping to solve social problems, and destroy vested wrongs. Today its banners wave over one-half of our earth. Nothing can stay its further progress. It has no rivals. Go up and down this land and you shall find no voice urging or any Orientalism, as a cure for our social ills. In Wales, where industrial strife was bitter, unto blows and murders, and mine owners and coal diggers stood over against each other, like two men with swords, fighting to the death, today I say, in Wales, a revival of faith in Jesus Christ has solved the labor problem, and without arbitration or police or soldiers, or legislation, there is no struggle or warfare between labor and capital. The increase of bro-therly love and the spirit of good will alone can cure all our industrial ills. The hope of society is in Jesus Christ. His disciples must not lessen but quad-

Abdullah Sayre's Business Affairs Looked Into.

And Also the Assets and Liabilities of Fox, Allen & Co. of

Hawkshaw.

The creditors of Fox, Allen & Co. of Hawkshaw met in the office of Weldon & McLean yesterday afternoon. This firm have been in business for four years, and assigned a couple of weeks ago to H. F. Puddington, after the destruction of their premises by fire. The liabilities amount to \$25,000. The assets consist of fire insurance, stock-in-trade, book debts, timber lands, and other real estate. The total amount of fire insurance on the property destroyed was \$10,000. Previous to the firm's as signment, C. E. L. Jarvis had made an offer on behalf of the underwriter of \$5,800 in full settlement. The affairs of Fox, Allen & Co. are somewhat interwoven with the Skiff Lake Mercar tile Co., which firm took over some of their assets last spring, giving in payment promissory notes and paid up

Fox, Allen & Co. owned the store which was burned at Hawkshaw, but the mill at Skiff Lake and the store at Canterbury had been taken over by the Skiff Lake Co. The Bank of Mont real at Woodstock and Alex. Dunbar & Sons are large creditors. The bank holds as collateral \$600 Union Telephon stock and shares in the Skiff Lake Co., the par value of which is \$9,800. The Dunbar firm have filed a lien on a mill at Skiff Lake, which was built by Fox, Allen & Co. last winter. Their claim is for machinery and supplies, and amounts to \$3,700.

It was decided that the assignee and the inspectors interview Mr. Jarvis, with a view to securing a new insurance offer, and to report to an adjourned meeting on Sept. 28th at 3.30 p. m. Among those present were Mr. Dun-bar, Mr. Fox, Mr. Hickson, K. Macrae I. K. Kelly, J. G. Harrison, C. F. Inches, W. H. Harrison, F. A. Reed, Mr. McHugh and James S. Neill.

A meeting of the creditors of Abdal lah Sayre of Beersville, Kent county was held in the office of Hannington, Teed & Hannington yesterday after noon, the official assignee, Sheriff Legere, in the chair. The creditors authorized the assignee and inspectors to advertise and sell the real estate and personal property of the assignor a public auction, and to collect all the whatever action they deemed advisable in regard to the investigation of the

The assignee reported that he had fficially called upon the party who had received the insurance money after the fire which destroyed the stock and store of Abdallah Sayer, and that said person had informed him, the sheriff, that he had paid the money over to Mrs. Abdallah Sayre.

The assignee reported that the assets at present available were a lot of land and house thereon at Richibucto, some goods, another small piece of land, and the insurance monies, which have been paid over to Mrs. Sayre. It is understood that the insurance amounted to about \$2,700.
