The Centre Wellington Reform meting in the town hall at Fergus on Friday was largely attended, every part of the riding being represented. The chair was compled by the President of the Association, Mr. H. Cuil, of Garafraya.

The first business taken up was the election of officers. It will be seen that Mr. H. Cuil was re-elected, an honor which he richly dearwed, not alone for the services he rendered to the cause in the past, but for the fairness and moderation with which he regulates the business of the Association. The officers for the year are:

are: President, H. Oull, Garafraxa. First Vice-President, John Patterson, Maryboro'. Escond Vice-President, Jas. Gladstone

Secretary, John Oraig, Fergus.
Treasurer, S. M. Munro, Fergus.
Ocaveners—Maryboro', James Dunean,
Drayton; Peel, John Harris; Stirton;

Drayton, E. Neebel; Pilkington, Gro. A.
Wallace, Ponsonby; Elora, Frank Olark;
Nichal, John Hunter, Salem; Fergus, Dr.
Johnston; West Garafraxa, Forbes Moir,

The Association discussed in an enthusiastic manner the basis of organisation, resulting in a thorough supervision
of the voters' lists in all the municipali
ties being decided upon.
Mr. Semple was then called or, n1 in an
admirable speech discussed the public
questions of the day. He first alluded to
the hard work done by his friends at the
last election, predicting that they would
do the same again. He told his friends
that'if he had given any vote injurious to
the Reform cause he was quite prepared
to allow some other person to contest the
Riding, Continuing, he proceeded to speak
of the Jesuit Estates Act. He could not
see why there should be so much agitation
over that Act. It would be very wrong for
the Liberals of Ontario to deprive the
Province of Quebes of the Provincial
rights guaranteed to it by the British
North American Act. Ontarios fought for
Provincial rights ever since Confederation,
and to him (Mr. Semple) it appeared a
curious agitation which had for its object
the ourtailment and abrogation of these
rights. The speaker then quoted the
views of Hon. Edward Blake on the relaauthority, showing that the Provincial
Parliaments would be reduced to a sham if
they were not allowed to legislate within
their own jurisdiction. It was quite true
the Conservatives, who in the House of
Commons voted for the allowance
of the Jesuit Estates Act, viewed
the matter differently from the
Liberals. The Tories voted for principle.
It is not far to jadge the Jesuits of touay
by the conduct of Jesuits 290 years ago, no
more than it would be right to arraign
Protestants of the

ories which sought to detract enter from considering the best interests of the country. The issue was Reciprocity, and they should not forget it.

Mr. Eigla Myers, of Orangeville, in moving a resolution endorsing Unrestricted Reciprocity, made an elequent speech in favor thereof, dwelling on the benefits which would accrue. He characterized the agitation raised by the Mail over the Jesuit Estate Act as a plot to overthrow Mr. Mowat, in revenue for the exposure of the Mail's bribery piot in the Legislature, and for which it bore Mr. Mowat deep and unreleabing anmity. But the Liberals were beginning to understand the policy pursued, and he (Mr. Myere) was more were beginning to understand the rolley pursued, and he (Mr. Myers) was more than ever convinced that they would eschew suy false movement which had for its object the satisfaction of parsons! spleen or aggrandisement. The Austrian Policy.

Reignosity would be their watchword from this out. (Applause.)

Mr. McEwing, of Mayboro', seconded the resolution in a clear and neat speech. He recognized the importance of the Jesuit Estatus Act, but it ought not to come between the people and closer trade relations with the neighboring Republic. In his estimation some of the managers of the agitation had unjustly endeavored to direct it against the Mowat Government, but they would signally fail. The Liberal leaders deserved the confidence of the perty, and they had it to a marked degree. (Applause)

The meeting was brought to a close by cheers for the Opposition in Ottawa and the Mowat Government.

These Octta Works at Campsellaville.—A company is now clearing the ground fer the erection of an establishment at Campbellville for the manufacture of terra cotta brick and ware, which will employ twenty-five or thirty men. Two factories are now in successful operation near Milton, and this company has purchased some land in the upper part of Nelson township from which they will team the clay to Campbellville for manufacture. The clay on their property is considered a purer and better material than that obtained by the first establish ments, and the enterprise should prove a profitable one.

This Powder never varies. A marvel of purity strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BARING POWDER CO., 106 Wall Street, New York
