Dear Mr. Meighen

Please accept my
best congratulations.

At this writing we here-
abouts have strong hopes that
the elections may emerge with
a majority of seats for you
and that you can then form
a government in which we
will have real confidence for
Canada's future. We certainly
by are "at the turn!"

I did so wish to help more
at this time but my hands
were tied as you might
understand.
