Ottawa, Ont. October 23rd. 1923.

My dear Arthur:

I am somewhat late in acknowledging your letter of the 16th. October.

In the first place I am very grateful to you for your attitude toward the western Ontario delegates. The inspiration of the matter was just as you divined. For myself I have pretty much ceased to bother my head about these contrivances and am devoting my energies to discharging my duties.

Doctor Tolmie is just leaving now for Halifax to look ~~the~~ situation over there. No doubt though, we will put a candidate in the field if they open Halifax.

I am glad to see that you will be down in November. Be sure and write me a few days ahead so that there will be no mistake about my being in Ottawa.

Kindest regards.

Yours very truly,

Arthur R. Ford, Esq.,
