2. <u>The Minister of National Defence</u>
reported that a technical modification would be
required in section 15 of the Visiting Forces (North
Atlantic Treaty) bill. Its purpose would be to have
the proposed bill conform with recent amendments
to the Criminal Code.

3. <u>The Minister of Labour</u> said that an
additional provision would be inserted in the bill
to amend the Government Annuities Act to enable
administrators of annuities to create an annuity
that would fit in with the new old age assistance
and old age security provisions.

4. <u>The Secretary of State for External
Affairs</u> suggested that it might be desirable, if
possible, to modify the wording of the resolution
seeking approval of the continuation of Canadian
participation in action by the United Nations and
the North Atlantic Treaty nations so as to reduce
the degree of distinction between the references to
the United Nations and to the North Atlantic Treaty
Organization.

5. <u>The Cabinet,</u> after further discussion:

(a) noted with approval the proposal of
the Minister of National Defence for modification
of section 15 of the Visiting Forces (North
Atlantic Treaty) bill; a reprint bill to be
prepared accordingly;

to precede an amendment to the Government
Annuities Act and agreed that the draft bill
