

The Same Old Story.

It is the same old story that is told of interest earnings fully paid, no foreclosure of mortgage at any time in the Company's history, and no real estate ever owned by

The Temperance and General Life Assurance Company.

Not a dollar of interest due and unpaid on December 31st, 1894, 5, 6 or 7, is a record that requires no comment to satisfy the most exacting, of the care and wisdom exercised in making its investments. Add to this the fact that its death rate in its Temperance Section is away below any other recorded death rate for a similar length of time and a similar amount of business and the evidence that it is the best Company for the best risks is complete.

Having Heart and Nerve Troubles, such as Palpitation, Throbbing or Irregular Beating of the Heart, Shortness of Breath, Smothering Feeling, Loss of Memory, Dizziness, Feeling of Anxiety, or Morbid Mental Condition, etc. For Thin or Poor Blood, General Debility, after effects of La Grippe, etc., they are most valuable. These pills do not stimulate for the moment as brandy and other powerful stimulants do, but act as a tonic, slowly yet permanently, building up the tissues, restoring regular Heart action, regulating the digestive organs and neutralizing the poisonous acids of the blood.

Their direct action on the Nervous System gives tone and vigor to every nerve, so that sufferers from any Heart or Nerve Disease are sure to find almost immediate benefit.
