

Don't Bite

"Coupon Discounts" and "Free Tuition" are familiar baits. They belong to the "something-for-nothing" class, and therefore are to be avoided. Only schools that cannot compete on their merits use them. Attend a strong, reliable school, such as

The British-American Business College

Yonge and McGill Sts., Toronto and you will have no regrets. Full Term begins Sept. 1st. Write for catalogue.

T. M. WATSON, Principal

Another 1908 Improvement in "Hecla" Furnaces

The fire pot is the most effective radiating surface in a warm air furnace. That is why every manufacturer seeks to increase that surface by the addition of cast iron flanges, or pins or corrugations.

As each of these flanges or pins covers a large part of the primary surface of the fire pot there is a limit to the number of such cast flanges as can be effectively used.

The "Hecla" Steel Ribbed (Patented) Fire Pot is a step far in advance of any other fire pot. Instead of thick and sandy cast iron flanges those in the "Hecla" are steel and are neat and clean. Being uniform they can be set so close together that, where we formerly used 19 cast flanges we now use 97 steel ones without covering any more of the primary surface of the pot.

Steel Ribbed (Patented) Fire Pots provide twice as much effective radiating surface as any other fire pots made, and in consequence radiate far more heat with the same amount of fuel.

In a test extending over two years, Steel Ribbed (Patented) Fire Pots showed a saving of 11% in fuel, over cast flanged pots.

Our Catalogue explains other exclusive "Hecla" features viz: Patent Fused Joints, Individual Grate Bars, etc. 60

Representatives Wanted AT FALL FAIRS

A chance for you to make a good day's wages while attending your county or township fair.

The publishers of The Canadian Dairyman and Farming World wish to secure the services of a number of reliable persons to secure subscriptions for the above publication at the fall fairs.

Will YOU be a representative for your district? Almost every armer of your neighborhood will attend the fall fair. Here is an opportunity to secure their subscriptions without a lot of time spent travelling around the country. You can see several men at the fair for one you would see if you had to visit them at their homes.

The Canadian Dairyman and Farming World is a splendid paper to canvas for. It is the only farm paper in Canada published weekly at \$1.00 a year. It is also a paper that farmers like to read. A large number of canvassers are already at work securing subscriptions for The Canadian Dairyman and Farming World. Why not be one of them.

You will be paid a liberal commission on all new subscriptions you secure. Full particulars will be given on application.

Special Cash Prize

A special cash prize of \$15.00 will be paid to any of our representatives who secures for us a club of only 25 new subscriptions to The Canadian Dairyman and Farming World at \$1.00 each. This is not a prize which only one person can win, but ALL who secure the required number of new full year subscriptions and forward to us with \$25.00 will be promptly sent a cheque for \$15.00. We guarantee to give this prize to all who win it. Why not win one of these prizes during the season of the fall fairs. We agree only to hold this offer open to the end of October, 1908.

Full particulars, receipt forms, sample copies, etc., will be sent by return mail on application to,—
