GILSON SILO FILLER

Get your silage in at the proper time. Get the greatest food value from your corn. You can do it with your own cutter. There are three sizes of the Wonderful Gilson Cutter—one specially adapted to your needs. Made to run with light power—4 to 12 h.p. gas engine. The Gilson pours a steady stream of uniformly cut ensilage into a high silo at the rate of 8 to 30 tons per hour, according to size.

The Lightest Running Blower Cutter Made

Built for many years of service. Steel and iron construction, all but the feed table. All five main bearings are a part of the one-piece semi-steel frame. This secures perfect alignment of cutting mechanism at all times. Direct drive by heavy gears. No chains. Patented safety reverse prevents accidents. Every Gilson Cutter has six fans in place of the usual four. This is why the GILSON elevates in a more constant stream. It Throws as well as Blows.
