"Gem Holstein Herd."
NAP! \$75.00 CASH

Sir Archibald Mascot, No. 353, C. H. F. H. B., 4 years old 8th of October, 1895; was never sick a day; is very active, and a splendid stock getter, and is in every respect a first quality bull. We have used him as our stock bull with the very best results. Only part with him to change breeding. He was a prize winner three years in succession at Toronto Industrial Exhibition.

ELLIS BROTHERS,
BEDFORD PARK P.O., ONT.
Shipping Station, Toronto. 7-y-on

HOLSTEINS!

WE now offer young stock that have won prizes, and calves from our show herd, from one month to one year old, whose dams have large records—any age or sex—FOR SALE, at very low prices to quick buyers. Also some Poland-China Pigs, 1 and 6 months old; same quality (the best).

A. & G. RICE,
Brookbank Stock Farms, CURRIE'S CROSS-
ING, Oxford Co., Ont. 18-y-on

A. HOOVER & SON,

EMERY, ONT., BREEDERS OF
Holstein-Friesians of the choicest blood type; selections from our herd won the herd prize at Toronto Industrial and Montreal in 1895. Herd now headed by the two-year-old Baron Witzde, who has never yet been beaten in the show rings of Canada. Stock for sale. Prices right. 10-2-y-on

MAPLE HILL HOLSTEIN-FRIESIANS.

FOR SALE—Yearling Bull, Sir Aggie Barrington; fine dairy form, good color, and in good condition. His grandam, imp. Kaatje DeBoer, is now making, in my herd, from 24 to 31 lbs. of butter per day, at 12 years old. The bull resembles her very much in form and markings. Price, \$40.00.

11-y-on G. W. CLEMONS, St. George, Ont.

Featherstone.

GOSSIP.

Mr. E. Phelps Ball, Lee Farm, Rock Island, Que., finds that he must reduce his stock of high-class Jerseys before winter quarters are required. Read what his changed advertisement states.

The regular annual meeting of the members of the American Aberdeen-Angus Breeders' Association will be held at the Leland Hotel, Chicago, Ill., on Wednesday, November 11th, 1896, at 7.30 p. m. Thos. McFarlane, Secretary, Harvey, Ill.

Mr. C. M. Simmons, Ivan, Ont. (Simmons and Quire), writes:—"Having disposed of my two stock bulls, I have secured the imported bull, Blue Ribbon—5795—(65339), by Royal James (5492), dam Roselinty, by Gravesend (4661), to head our Shorthorn herd. Sales: Brampton M went to head the herd of James Crerar, of Shakespeare, Ont.; Royal Saxon I sold to Brown and Snell, of Galt. The yearling Strathallan heifer that took first at Toronto, second at Montreal, and first at Ottawa, in 1895, and first at London in 1896, is now the property of Mr. John Braddon, of Milverton. The red Strathallan bull calf left for a new home in Huron Co., near Fordwich, and another roan bull calf goes to McKillop, at Springbank. Mr. Quire reports sales of Berkshires to Green, Cox and others, amounting to over \$300. Shorthorns and Berkshires, although prices are low, will, I believe, pay rent of lands better and easier than wheat or oats can possibly do. I have quite a number of bulls and heifers left for the winter trade. The fairs of 1896 are over, and the breeders, amateur and professional, are doubtless now considering the lessons taught. I do not think it would be wise, for amateurs at least, to attempt to follow all the les- ons given in one year. Apply your own judgment in establishing a type that are profitable in your surroundings. P. S.—My cow, Mysie 41st, was not shown at Toronto, as your report of the Western Fair states, neither is she inferior to any one that showed against her at London—I mean as a true type of a Shorthorn cow."

NOTICES.

The season will soon be at hand when young men and others look out for an institution in which to receive a sound business education. The advertisement elsewhere of the Hamilton Business College, established 35 years, and which has over 2,000 graduates, deservedly recalls attention to that admirable institution. Write the principal, Mr. R. E. Gallagher, Hamilton, Ont., for prospectus.

It will soon be the time of the year when people are thinking about saving their season's wood. One of the best ways to saw it is with the Folding Sawing Machine, made by the Folding Sawing Machine Co., Chicago, Ill. One man can operate it and accomplish the work of two. It saws down trees and can be instantly adjusted to five different positions. Investigate its merits before deciding how this winter's wood is to be cut.

The Knitting Machine advertised in our columns, manufactured by the Dundas Knitting Machine Company, is particularly well adapted for family use, and is now so constructed that with ordinary care it will last a lifetime. Of course repairs are bound to be needed in any fast-running machine, and when it is considered that this machine will knit from 8,000 to 10,000 stitches per minute, you must expect some wear. The repairs, however, are very cheap, the parts actually performing the work costing only a few cents each. A machine with ribbing attachment is also made by this firm.

Mr. Isaac Usher, Thorold, called on us a few days ago, after a tour along the Lake Erie shore, where he has been inspecting the new cement-structures, to see that they are fit for occupancy, and reports the season's work generally well done. Mr. Usher is very vigilant in looking after the interests of his patrons. Many of the walls erected this season are the finest he has ever seen, and the silos promise, so far as he has seen, to give the best of satisfaction. He is planning to do a much larger season's business next year than ever before. People are only beginning to realize the utility of cement and to properly understand its use.
