R. J. & A. Laurie, Wolverton, Ont., write:
"In sending a change of advertisement, would
say that our stock is coming through the winter
fine. We have on hand boars and sows of
Sept. and Dec. farrow, sired by Sandy 3rd (S.S.)
and out of our Briery Banks Hugo and Nimrod
sows, and are nice lengthy pigs, which we are
offering very cheap, and expect to have pigs of
March farrow to dispose of. In poultry we
are prepared to furnish eggs from grandly
mated pens and containing our prize winners
at the leading county and township fairs. We
can also supply eggs for incubator purposes
from Barred and White Rocks, Silver and
White Wyandottes, Brown and White and
Black Leghorns, and Red Caps."

John Jackson & Sons, Abingdon, write us:
Kindly allow me to correct some misstate-
ments that appear in the stock notes contrib-
uted by W. & G. Telfer, Paris, published on
page 20, January 15th issue of the Advocate.
Referring to the shearing event in the illustra-
tion, it states: "also first at the Royal Coun-
ties Agricultural Society, England." Now, the
fact is, our ewes were not only first at the
Royal Counties Show, but were also champion
pen at the same show, and one of these ewes
won the sweepstake prize over both the Telfer
ewes at London. Again, referring to the shear-
ing ram—"has won four out of a possible six
firsts"—we showed against this ram three times
(only) and were placed first over him each time.

The prize list for the great International
Live Stock Exposition in Chicago next Decem-
ber is being arranged on an exceedingly liberal
scale. Over \$30,000 will be offered in prizes by
the various stock-breeders' associations, in
addition to the regular list, which, it may be
presumed, will be on broad lines. The classi-
fication in cattle has no section for 3-year
cow or bull. These will have to show with
aged animals. There will be senior and junior
championship prizes in both the male and
female divisions. The senior herd prizes are
graded as to ages, and the herd must consist of
a bull, 2 years or over; cow, 3 years or over;
heifer, 2 years and under 3; heifer, 1 year and
under 2; and heifer under 1 year. Breeders'
young herd to consist of bull under 2 years; two
heifers, 1 and under 2 years; and two heifers
under 1 year. All, except the bull, to be bred by
the exhibitor. There are prizes for the get of a
sire, 4 animals, either sex, any age, and for pro-
duce of a cow, 2 animals, either sex, any age.
The classification for sheep provides for show-
ing ewes singly, instead of in pairs, champion-
ships for ram and for ewe, any age, in each
breed. The flock prize is for ram, any age;
ewe, 2 years or over; ewe, 1 and under 2 years,
and ewe under a year. There are prizes for four
lambs, either sex, by one sire.

LIVE STOCK SHOW AT PARIS EXPOSITION.

The International Show of cattle, sheep and
swine in connection with the Paris Exhibition
was to have been held, according to dates fixed
some time ago, on June 21st to July 2nd, but
owing to these dates clashing with the English
Royal, to be held at York, June 18th to 22nd,
the Paris authorities have seen fit to fix their
dates for showing live stock from June 7th to
21st. The judging will commence on June 9th
and close with auction sales on June 18th, the
days before and after the dates named being
for the reception and removal of the animals.

ROBERT TUFTS & SON'S JERSEY CATTLE AND YORKSHIRE SWINE.

At Messrs. Robert Tufts & Son's stock farm,
near Tweed, Ont., a representative of the
FARMER'S ADVOCATE took a look over the herd
of Jersey cattle and Yorkshire swine, and
found that firm very enthusiastic over pure-
bred stock. Selections have been drawn from
various of the large herds, some containing some
of the choicest of breeding. This fact, aided
by new and modern facilities and personal
attention, has developed some grand animals,
possessing true dairying characteristics.

The Yorkshires were chiefly selected from the
noted Oak Lodge herd, and are up-to-date in
detail. More particulars later.

MR. W. F. TAYLOR'S AYRSHIRES.

While on an eastern trip recently we made
Mr. W. F. Taylor's comfortable home the ob-
ject of a visit, and again took a look over the
fine herd of Ayrshire cattle, and to our en-
quiries we learned that upwards of 20 cows
will drop calves during the coming spring and
summer. As has been before stated, Mr.
Taylor's herd was founded upon Red Rose, a
cow purchased in Prince Edward Co. on ac-
count of her excellent dairy qualities, with size
and constitution, having a splendidly shaped
udder of great capacity, and furnished with
large, well-set teats. Red Rose proved herself
a splendid purchase, for in a few years Mr.
Taylor had a valuable young herd of Ayrshire
cows which would be hard to duplicate, and as
he has been very fortunate in his male selec-
tions, each generation has been in strict keep-
ing with the times. Among the younger
females we noticed particularly some choice
daughters of Douglas of Loudoun, four of
which will be in milk during the approaching
summer, and in them we consider Mr. Taylor
has a splendid herd of young cows, from which
we would not be surprised to hear of sensa-
tional developments. Douglas of Loudoun fell
into good surroundings upon which to make a
record, but when we look back and remember
that he came through Mr. Morton's very best
families, we would suggest that the herd was
equally well favored by his presence, for the
combination worked admirably. A few of the
younger cows are safely in calf to the services
of Glencairn of Burnside, and the remainder to
Dewey 16419, by Dainty Lad of Elmshade, a son
of the noted Silver King (Imp.), and out of May
Flower 1093. We were shown a bunch of 4
young bulls approaching the serviceable age,
carrying in their veins not only the choicest of
breeding, but are full of Ayrshire character-
istics. Also a yearling bull out of White Lily,
by Earl of Percy, which should attract the
attention of parties requiring the services of a
good dairy sire. Mr. Taylor finds a growing
demand for all the choice young stuff he can
produce, and frequently finds his supply ex-
hausted too early in the season. He reports
having made sales in all parts of the Province,
as well as into different parts of the United
States. One of the last sales made was a pair
of extra choice heifer calves, selected by Mr.
John Reid, Carsonville, Michigan.

Aylmer Sprayer

Our Offer:

It is now universally ac-
knowledgeed by the
fruit-growing commu-
nity that the Aylmer Spray-
er leads, all others follow.
During the past two years
the Aylmer has won first
place at every contest
at which it was shown,
taking the Jubilee Award
at Toronto Industrial
Exhibition; also first
place at St. Petersburg,
Russia, and at Manchester,
England, and numerous other
exhibitions.

The General Public not being in a position to
select the best spraying pump, we make the follow-
ing offer: If you are a responsible party, we will
ship you the Aylmer Sprayer to thoroughly test in
competition with any other known make, and if the
Aylmer is not found the most satisfactory, it may be
returned at our expense, thus giving you the oppor-
tunity to judge from actual experience which is the
best sprayer manufactured, no matter what anyone
tells you. Agents wanted. Mention this paper. -o

Cheese & Butter

Makers of these articles, in many
instances, do not pay the necessary
attention to the quality of the Salt
they use. Some people think that
"Salt is Salt," and it does not mat-
ter where it comes from or who
makes it. This is a great mistake,
for it is essential that to produce
the best Butter or Cheese nothing
but the purest salt should be used.
The number of prizes obtained by
users of Coleman's or Rice's Dairy
Salt at the various exhibitions is
conclusive proof that these brands
of salt stand unrivalled.
