

SHOOTING STRENGTH SIMPLICITY

The essentials of a perfect gun are outstanding features of the

GREENER GUN

Its shooting capabilities are a household word wherever sportsmen congregate, and Greener Guns have won the World's highest honors.

The strength of the Greener action is phenomenal. The Greener Treble Wedge-Fast Bolt is the strongest breech fastening extant, imitated by gun makers all over the world.

The "Facile Princeps" action is simplicity itself, works easily, smoothly, and the striker is a traction of a second quicker than any other.

You get all these advantages if your gun is a Greener.

38 grades to select from.
\$56.00 to \$1,000.00

Make your cows more comfortable and secure better results this winter.

It is a fact that the cows in a stable equipped with stanchions give more milk than the same cows in a stable with the old-fashioned ties.

CATTLE STANCHIONS

allow the cows more freedom. They do not worry, but devote all their time to the making of milk. You will be surprised at the increase in your profits after installing our stanchions.

Our Catalogue tells all about them. Send your name and address to-day.

Handles Twelve Tons of Silage an Hour

Cuts corn any length, from 3/8 of an inch to an inch-and-a-half, and elevates it forty feet at the rate of twelve tons an hour. Yet the Thom's Ensilage Cutter uses no more power than the ordinary cutter of far less capacity. You want this machine for filling your silo. Its price is moderate.

There's strength and satisfaction built into every detail of

Thom's Ensilage Cutter and Silo Filler

Picture shows Model 13B, for general farm use—8 to 12 tons an hour. Style 16A handles 25 tons an hour—great for threshermen!

Equipped with Knives that STAY Sharp

Specially-tempered knives made for us in Sheffield, England, by Spear & Jackson—knives that hold a keen edge longer than you would think possible. Model, pictured here, uses only 4 to 8 horse-power to cut and elevate 400 pounds a minute. And it is mighty hard to get it out of order—it's built to stand the racket.

Does Its Work with Least Fuss

Every part that must endure strain is built with surplus strength—bottom drum, for instance, of ten gauge steel. Keep the Thom's going at top speed with no fear of a smash. Year after year satisfaction in this machine. Why not ask us NOW for particulars, proofs and price?

BOYS FOR FARM HELP The managers of Dr. Barnardo's Homes invite applications from farmers, or others, for the boys who are arriving periodically from England to be placed in this country. The young immigrants are mostly between 11 and 13 years of age; all will have passed through a period of training in Dr. Barnardo's English Institutions, and will have been carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to the terms and conditions upon which the boys are placed may be obtained upon application to Mr. Alfred B. Owen, Agent Dr. Barnardo's Homes, 50-52 Peter St., Toronto.
