

# A Plate with a Record

THE above illustration shows one of our Chromic Steel Grinding Plates for a No. 8 Krupp Ball Mill, after giving 1,000 hours longer wear than any plate used, and still in use.

Liners for Kominuters, Hardinge Conical Mills and Shoes and Dies made from the same material giving the same results.

CHEGUN Hard Iron Liners for all types of Tube Mills.

*Indispensable  
for Mining  
Operations*

## Electro Magnetic Rock Hammers

These tools will do the work of pneumatic tools of like capacity at about 15% of the power cost and without the expense and inconvenience of compressor, air piping, hose, etc. Over hand work, the economy is from 80% to 90% and it is by no means uncommon for a tool to save its cost in a week.

Materials and workmanship are of the best and all parts are made to gauges and are interchangeable. Each tool is complete with flexible wire and plug and may be connected directly to any lamp socket.
