MARKET REPORTS

From Saturday's Daily
There was a very large market this morning. Prices generally were a little higher.

The display of summer fruits was amazing. There were green peas at 15c a quart; beans 10c a quart; red currants 10c a box; white currants 7c a box; raspberries 20c a box; strawberries 15c a box. The array of vegetables and market produce was as usual large.

Eggs came up to 22c per dozen and butter sold at 27 and 28c per pound. Poultry were very plentiful, selling at \$1.40 to \$1.50 per pair. This year's chickens are worth 90c to \$1.00 per pair.
New hay was alone offered for sale this morning at \$12 to \$13 per ton. There was not much on the market. Hogs remain unchanged, dressed \$10.50 to \$11.00 and live \$8 to \$10.

THE CANADIAN PRODUCE ASSOCIATION

The Canadian Produce Association President's office, 241 St. Paul St. Montreal, July 9th, 1914.

Dear Sir:
The writer as president of the Canadian Produce Association, is taking the liberty of writing you in reference to the most enthusiastic meeting of egg buyers held in the Board of Trade Building here yesterday. Besides the Trade being fully represented, we had the pleasure of a talk from Mr. J. S. Porter and J. W. Macneil representing the Live Stock Department, Ottawa.

The result of the meeting was, that the resolutions passed at the Annual Meeting of the Canadian Produce Association, April 21st, by which all members of the Association agreed to buy and sell eggs on "A Loss Off Basis" was confirmed, and the members to further show their good faith, signed the enclosed copy of agreement.

At a meeting of the buyers held in Belleville last Tuesday, we understand it was difficult for the buyers to arrive at a decision to support this movement. However, another meeting has been called at Mr. A. F. Bailey's Office, Belleville for Tuesday, July 14th, at 11 o'clock sharp (as the Montreal dealers wish to return to Montreal by the 11 A.M. train leaving Belleville at 12:10) at which Mr. Porter, Government representative and several members of the Montreal Trade will be present.

The following gentlemen have been invited to be present at the meeting in Belleville:

T. J. Thomson, Esq.
T. S. Baker
Messrs. Flavell Limited
J. J. Ashley, Esq.
F. Garbutt, Esq.
Bert W. Squire, Esq.
A. E. Bailey, Esq.
W. E. McCroarty, Esq.

Hurray for the 12th of July celebration to be held at West Huntingdon next Saturday.

Party Had Fine Catch.

The bass-fishing expedition down the bay yesterday by the yacht "Where Now" was a grand success. Twenty-nine bass every one between 2 1/2 and 4 lbs in weight were caught all in the space of ninety minutes.

Sir Glenholme Falconbridge, of the King's Bench was the guest of honor. He is an enthusiastic disciple of Isaac Walton and was delighted with the catch. This was his first experience in the Bay of Quinte. He has heard stories of the great catches in this body of water, but being an angler, he was not too certain of the veracity of these tales. But yesterday dispelled all these doubts as to the fine bass fishing to be enjoyed in these waters.

The catch was boxed up and "expressed" this morning to Sir Glenholme Falconbridge's home in Toronto. Mr. Porter's other guests included members of parliament, government officials and friends.

Mrs. Calista Tree and sons, Muri and Lyle arrived in the city Wednesday from Wheeland, N. Dakota, to spend the summer with Mrs. Tree's mother, Mrs. G. C. Brimfield, Dundas street.

BOILER EXPLODED AT OSHAWA

Thursday morning about 9 o'clock a boiler exploded where Mr. J. W. McCutcheon, King Street, Oshawa, had been sinking a gas well at the rear of his residence. His son Arthur who was running the drilling machine was seriously hurt. The drilling plant was totally wrecked. Several windows were broken and adjoining houses were set on fire, debris being scattered all about. The main part of the big boiler was carried over a fence into T. H. Everson's lawn, a distance of 300 feet. Miss Everson was sitting in the bay window a few inches from where the boiler passed at the time. Young McCutcheon who was 18 years of age was taken to the hospital but the extent of his injuries is not known. The well had been sunk about 600 feet and they had secured a good flow of gas.

DO YOU BELIEVE IN DREAMS?

Mr. J. Ryman, of Trinity College School, saw in a dream on the night of June 30, the accident to Mr. W. H. Bleckley and the airship as it happened on the afternoon of July 1st.

The Orlia News Letter of June 17, said—

"Do you believe in dreams, forebodings etc? Often we scoff at this sort of thing but we don't know that it is always wise. There have been well authenticated visions, for instance, concerning the progress of the great war, which had they been heeded would have saved some lives. To several it seems to have been plain to reveal that something was going to happen; they spoke of it to friends and in at least one instance the party was so affected that it was decided to postpone the trip. It's difficult to determine exactly what there is in all this sort of thing, but it is not a question that we cannot afford to trust lightly. There are vast forces in the unseen-world that we do not comprehend. Some day perhaps we shall learn more about it all, but mean while it is worthy of note that dreams and visions occasionally come true."

ANOTHER FIRE SCARE

About four o'clock on Tuesday afternoon fire broke out on the top floor of the grist mill. It was first discovered by a couple of boys seeing smoke pouring out of the window. An alarm was given and a large crowd soon gathered, but for some time it was impossible to discover the source of the fire owing to the density of the smoke.

The Pearce Company's fire pump was soon put in operation and a string of hose run through the water to the engine. The fire was thoroughly soaked and as the smoke began to clear away the fire was found to have started in the dust collector. It was apparently a case of spontaneous combustion as there was no fire of any kind near the machine.

The building was not damaged to any extent but the machinery will all need to be thoroughly overhauled to protect the water. A very large quantity of grain, chop bran and shorts were badly soaked and much of it will be a total loss. Fortunately most of the flour was in the stock room and escaped damage, but forty or fifty bags will be injured. There will also be a considerable loss owing to the time it will take to put the machinery in running order again.

The stock was partly covered by insurance, but there was no insurance on the building or machinery. It was a fortunate thing for the village that the fire was extinguished before the building was destroyed as the mill probably draws more trade to the village than any other one source.—Marmora Herald.

POSTMISTRESS IS QUITE WELL AGAIN

Found Complete Cure in Dodd's Kidney Pills.

Mrs. Gray, who was Nervous and Run Down for Two Years, Tells How she Found New Health.

Titchborne, Frontenac Co., Ont., July 13.—Special—Mrs. H. Gray, the popular postmistress here, is telling her friends of the great benefit she has received from taking Dodd's Kidney Pills.

"For about two years" Mrs. Gray says, "I was all run down. My sleep was broken and unrefreshing, and I suffered from shortness of breath and heart fluttering. I finally decided that the kidneys were the cause of my trouble and decided to try Dodd's Kidney Pills. I took four boxes in all and I feel quite strong and like myself again. I certainly think Dodd's Kidney Pills are a good medicine."

The experience of the postmistress is similar to that of thousands of other Canadian women. They were run down, nervous and in bad health generally. They took Dodd's Kidney Pills and are strong and well again.

The reason is that when the kidneys get out of order they fail to strain the impurities out of the blood and general lassitude and weakness ensues. The natural cure is to cure the kidneys. The experience of thousands of others tells you that Dodd's Kidney Pills cure the kidneys.

Little Boy Lost

A four year old boy yesterday strayed away from his home on Alexander street. He found his way down to Mill street and was later found, but not until his parents had been greatly disturbed over his absence.

FOLEY & GLEASON START TUESDAY

Begin Excavation in Preparation for Pavement.

Messrs. Foley and Gleason, contractors for Belleville's new roadways, have already some of their supplies here for beginning the work on lower Front Street. The supplies include shovels, lanterns, ploughs, etc. for the preparatory operations in removing the surface of the roadway. The excavating begins tomorrow so the representative of the Messrs. Foley and Gleason state, at the lower end of Front Street.

DOMINION BANK CORNER SOLD

On Saturday morning a deal was put through conveying to the Dominion Bank that part of the McAnnaman Block, corner of Front and Bridge streets, at present occupied on the ground floor by the Dominion Bank and the Gorman shoe store. The bank also becomes proprietor of the second and third stories above these places of business, now held as offices and Ontario Business College. The building was the property of the Ridley and was put through by Mr. Geo. A. Kingston, K.C., assistant general manager of the Union Trust Company, Toronto.

The price has not been disclosed but we understand that since this is one of the most valuable properties in the city the consideration was a very substantial one. The Ridley estate still retains possession of the northern part of the block now occupied on the ground floor by the Symons and McGie stores.

ACTION FOR DAMAGES.

Dr. Latta of Coborn recently sued T. J. Turpin of Cobourg for \$60 damages to his buggy. Last fall Mr. Turpin was in the vicinity of Grafton with his automobile, and Dr. Latta claimed that while Turpin was running without his lights, he scared his horse, it running away and damaging the buggy. Judgment was given Dr. Latta for \$27.

HAIR! HAIR! HAIR!

Bald Men Do Not Miss This Chance.

Prof. Dorenwald, of Toronto, the noted hair-goods artist, known throughout the world, will be at the Hotel Quinte, Belleville on Thursday, July 23rd with a grand stock of Gentlemen's toupees and wigs superior to anything manufactured in the world and without a doubt the finest and most natural productions in hair-constructions ever seen in Canada. This is a special visit to advertise his art hair-goods in human hair devices that are now worn on over 250,000 heads. A demonstration will be given free to any bald gentlemen. Bring your friends along and you will never regret investing in one. His goods are featherweight, protect the head from heat and cold, can be worn day and night and on all occasions and produce younger effect.
