

# ANOTHER MAUSOLEUM HAS BEEN PROPOSED FOR MT. HOPE

## But the City Council Last Night Turned Down the Proposition on Final Reading of By-Law—Mr. Thresher is Appointed.

Another proposal to build a Mausoleum in Mt. Hope by another company than that which secured an agreement with the city council last summer, was launched at the council meeting last night. Coming as it did "like a bolt from the blue," it did not successfully navigate the treacherous waters of the by-law state. The company seeking to build is the American Mausoleum Company, and its representative, Mr. Cleveland, said whether crypts were sold or not, the company would build the mausoleum within six months. He addressed the council and described in detail the beauty of the building, for which plans and specifications were laid on the table. The by-law got through clause by clause until the third reading, when a two third vote was necessary. Then the by-law hit the rocks, as there were sufficient votes against its passing. The City Clerk had a strenuous time getting the vote recorded, having to call three times for the yeas and nays, while Mayor Spence had to deliver his first admonition that the aldermen were there for business and not for monkey work. Votes changed every time the City Clerk called for the yeas and nays.

It is said the by-law will be introduced at the next meeting of the council. Of other routine business, the appointment of Mr. John Thresher as Superintendent of the cemeteries, was the principal feature. Mr. John Hutchinson had a following, but Mr. Thresher got the vote and it was finally made unanimous.

**Board of Works**

The Board of Works reported as follows:

That the letter of H. F. Leonard of Dec. 10th, 1913, be filed.

That the letter of E. M. Reid (re. Kitchen) of Jan. 8th, be referred to the city solicitor.

That the City Engineer be authorized to call for tenders for supplying required by the board of works during the year.

Ald. Ward said that in regard to the cleaning out of the channel next to the bridge, the Chief Engineer of the Dominion Railway Board had been notified as to the serious situation.

Ald. Hollinrake, seconded by Ald. Robinson, introduced a by-law to authorize the borrowing of money to the extent of \$250,000 to meet current expenses. The by-law simply had to go through; therefore it went. The interest is not to exceed 5 per cent per annum, and means that the city will have to wait for taxes which are as sure as death, wherewith to pay off the debt.

**New Mausoleum**

Ald. Pitcher said the plans and specifications for the new mausoleum for Mt. Hope cemetery, which would hold 212 crypts, and more if necessary, had been received. The company designated the American Mausoleum Company, would start in six months and complete the building in a year. It would cost the city nothing.

Ald. Pitcher informed Ald. Charlton that the American Company was not the same as the one with which the city had already entered into an agreement.

Ald. Charlton said he did not feel justified in voting for something which had never been brought forward in detail.

Ald. Pitcher said the by-law would give all the details necessary. He thought the American Mausoleum would be more satisfactory than the International.

Ald. Charlton objected to the matter going through with a rush.

Mayor Spence said it had been intimated to him that the International proposed to take their mausoleum out near Farrington Church, and leaving Mt. Hope alone.

Ald. Ward took the same ground as Ald. Charlton. For weeks the matter was discussed, representatives of the International Company appearing as deputations before the council explaining everything.

Ald. Calbeck supported Ald. Charlton.

Ald. Broadbent said the American would not interfere with the International. The latter would have to sell so many empty crypts before they would build. The American Company, it was understood, would build anyway. It would not hurt to have two mausoleums in Mt. Hope, both of which would give a revenue to the city. Ald. Broadbent suggested that Mr. Cleveland, representing the American Company, be heard.

**Mr. Cleveland**

Mr. Cleveland, a rather portly American gentleman, appeared. He said money had already been subscribed in Brantford for the mausoleum. The building was the best of its kind on the continent. Mr. Cleveland enlarged on the details of the endowment plan of his company. A body lasted forever and aye, he said, in any crypt. A chapel was built to hold 500 people, only those who owned crypts. If the

public used the chapel the city got a revenue. The reason it was wanted to get it through as soon as possible trained experts had to be secured to sell crypts and they were available now. He believed 300 or 400 could be sold in Brantford. Further, he said this city was to be made the head office of the American Mausoleum Company. Granite and marble would be the construction, said Mr. Cleveland. The outside wall would be granite, the inside marble, reinforced by concrete.

Ald. Charlton moved, seconded by Ald. Calbeck, that the matter be left over for two weeks.

The council finally decided to go into committee of the whole and discuss the details of the proposition.

Thereupon an argument on compound interest on crypts at \$5 per for 32 years, etc., etc., proceeded between Ald. Charlton and Ald. Ryerson.

Mayor Spence pointed out that the by-law was almost exactly the same as the one Ald. Charlton voted for last summer.

There were six nays to the by-law when it was put through finally. Ald. Ryerson, Calbeck, Charlton, Dobson, Bragg, English—6.

Yeas—Ward, Woolams, Sutch, Broadbent, Pitcher, Sigman, Wood, Hollinrake—8.

The vote was not sufficient to carry, and therefore it will be introduced at some future time.

**City Council Brevities**

A number of ratepayers petitioned for a sanitary sewer to be extended to 42 Lyons Avenue.

The Bell Telephone Co. want to put up poles on Water street from Colborne to Market street.

The Board of Health has recommended to the city a large number of new sanitary sewers.

Frank Hubert said that a drain at the corner of Brock and Grey street caused the water to go into his cellar.

The resolution of Grand View residents strongly protesting against the pest house in their section was read by the City Clerk.

The honor roll at last night's council—Ald. Sigman, Wood, English, Broadbent, Woolams, Quinlan. These aldermen said nothing.

The City Clerk read several letters from applicants for cemetery and garbage jobs. They had all been looked over in committee previously.

Ald. Pitcher, as chairman of the buildings and grounds committee, refused to read off 42 names, all applicants for the job of Superintendent of Cemeteries. The names had previously been considered in committee.

Ald. Geo. Ward, as chairman of the board of works, holds his seat on the left of the Mayor, down pretty well. Ald. Ward has had experience and outside of talking pretty well himself on different questions, gets matters before council, put through with dispatch.

The quorum present was as follows: Mayor Spence, Ald. Hollinrake, Robinson, Wood, Charlton, Pitcher, Broadbent, Woolams, Ryerson, Bragg, Ward, Quinlan. Late arrivals in the order named were George Sigman, William Sutch, F. J. Calbeck, English.

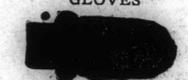

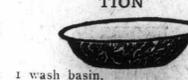

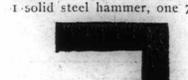

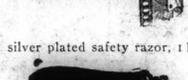

Mrs. Emma Schell, Secretary of the Victorian Order of Nurses, wanted a more liberal grant than \$100 from the city this year, the work of the order having grown greatly in importance. The amount of \$150 however was granted for 1914, on motion of Ald. Hollinrake.

Ald. Ward introduced three by-laws for the construction of Sanitary sewers, stating that it was particularly necessary in view of labor conditions to have the work undertaken and pushed through. Accordingly the by-laws went through. The sewers will be constructed under the local improvement act.

Ex-Ald. S. Suddaby and many others petitioned the council to accept the offer of J. T. Hewitt, whereby the city should build a dyke on land donated by Mr. Hewitt, thus providing a big industrial tract on the outskirts of West Brantford and also making the entire district in that vicinity absolutely safe from flood danger.

Dr. Cutcliffe, as city veterinary, submitted his annual report. He had inspected all civic horses, and stated that a couple of fire horses should be replaced this year. Two more new horses should also be purchased for the board of works. The police patrol horse had no place for the storage of hay. In the case of potatoes, butter, beef and pork on the market, a few seizures had been made. The doctor recommended a public abattoir. He also condemned the market scales, which were seldom in order. He advised the purchase of a larger, also a smaller pair of scales for the market, the fees from which would more than repay interest on the investment.

**C. P. R. NOTE CERTIFICATES.**

The new issue of note certificates by the C. P. R., from which it purports raising \$42,000,000, draws attention to the wide diffusion of the stock of the company—a diffusion which has given it the remarkable stability it discloses and which at the same time guards it from predatory attack by reckless speculators or unscrupulous syndicates.

The C. P. R. in fact, is the third of 100 companies in point of numbers of its stockholders, Pennsylvania and Telephone head the list. The number grows every year. For instance, in 1912 the number was 41,300, whereas in 1913 it was 48,000. The Atchison has 12,000 fewer stockholders than the C. P. R.

There is probably not a country in the civilized world in which the stockholders of the C. P. R. are not found. In India, the Hindu merchant has shares of C. P. R.; in China, Japan, even Persia, the fame of the company has spread; and thirty people have put their surplus money into C. P. R. stock.

The C. P. R. Stockholders are found in the South American republics. They take time to study the markets and have a shy at C. P. R. Even in Mexico, which is topsy-turvydom at present, there are many shareholders of the company.

The record shows that: Atchison has 36,451 shareholders; C. P. R., 48,111; Central of New Jersey, 790; C. B. & Q., 333; C. S. P. M., and O. M., 1, 123; Delaware and Hudson

6,613; Kansas City Southern, 2,571; Louisville and Nashville, 4,386; Missouri Pacific, 5,039; C. P. L. and P. Railway, 485; Rock Island Co., 4,157; Pere Marquette, 1,662; Southern Railway, 11,388; Texas and Pacific, 1,215. Altogether, these aggregate properties have 124,098 owners at present, with share capitalization of \$1,481,892,039. Each holder has an average of 119.9 shares. The increase all over the properties during the year was 15,128 stockholders. Three of the companies made additions to their capitalization during the year. Atchison by the conversion of bonds, \$2,000,000 more stock outstanding on June 30 this year than on the same date last year. The C. P. R. added nearly \$28,000,000 to the amount of publicly owned stock, but by the issue of its own shares.

**Good Old N.P. SOAP**

Your Mother and Grandmother used it. Cake soap can't touch it for Quality. And look at this. 4 cakes of ordinary soap cost 20¢. 1 bar of N.P. SOAP weighs more and costs only 15¢. you can surely save money on N.P. SOAP. Try it.

# FARMER KILLED PAREN

## Edgar Simpson Committed While Dem

## His Sister Imple Mercy and Wa Her Lif

GUELPH, Jan. 28.—son, 29 years old, son of a farmer residing in concession of Garafraxing shot and killed his mother and later, after himself in the house a posse of the neighbors which he had committed upon himself, the bullet heart. So close was the weapon held to the murderer that his clothing and partly burned. The crime was committed temporary fit of insanity Simpson had been ill and it is supposed that came affected.

As soon as the news reached Guelph, a porter started for the far as Ferguson by auto as the other ten miles. The first newspaperman on found the entire neighborhood of great excitement that they hardly realized they had taken place.

**Neighbor Tells**

Mr. Samuel Dewey, who corners, about three quarters from where the shooting gave a vivid description. He stated that very breakfast, Mr. Simpson, son of Orton, a mile and a half load of chop. He left the family, consisting of his wife, Maggie, aged 19, and son, The latter had not been well since he came back Northwest in December, bed at the time. He had planned to visit his mother of a head, and when spoken to her, Maggie, answered in a sharp manner, most unusual. Nothing more was thought however, until about 10 o'clock the young man came out room, armed with a Winchester and deliberately shot his sister entering her mouth a out under her right ear.

When the first shot was fired ran out of the house, and seeing her father driven into the yard with chop from Orton and had unloaded, ran to him crying come and help. Ed. has shot.

**The Father's Dea**

The father ran as fast as to the house and just as he to enter the kitchen door, by the frenzied son and s

# SUSPECT DESERTER BABE IN

## Hamilton Police Seek W Left Child With Mrs. J. That City.

HAMILTON, Jan. 28.—ilton police are commencing London and Brantford Western Ontario places to locate Mrs. H. Verrell a little baby with Mrs. J. Fife street, under false name. Recently an advertisement in a local paper for a woman to care for a baby for a fee. The name of Verrell, Hamilton P. O., mentioned. Being in a position after a baby Mrs. Holmes the ad. The following day veiled woman, apparently years of age, called at Mr residence carrying a small green suit worn a green large black ostrich plume. lengthy conversation an was reached.

The mysterious Mrs. Verrell address as 22 John street, and gave assurance money would be sent waiting patiently for over for her money. Mrs. Holmes to investigate, and upon Dundas discovered that no such address.

Yesterday she visited office. Last night they found that has the woman leaving the G.T.R. for London or
