Boston Red Sox Win The World's Title

Take Fourth Consecutive Game From Phillies by 5 to 4.

Philadelphia, Oct. 14.—Extra base-slugging—it cannot be fittingly described as mere hitting—made the Boston Red Sox champions of the world to-day. Again they came from behind the Philadelphia Nationals and literally pounded out a victory by 5 to 4. The Phillies did no little slugging on their own account, but their every attack was met with heroic counter-attacks. Both teams hit harder than in any other game of the series and Foster, Mayer and Rixey were subjected to a clattering bombardment. Four consecutive victories over the National Leaguers demonstrate rather clearly the superiority of the American League representatives.

RED SOX LEAVE NO DOUBT

Yesterday's was by far the most thrilling of the five games. It has been contended that seven games are not enough to decide beyond question the superiority of one team over another. That may be true, but the fact remains that the four-in-a-row victory of Boston shows that team to be a better one than the Philadelphia Nationals. The Red Sox beat Alexander, admittedly the best pitcher in the game to-day, and they should have beaten him twice instead of once. "Big Alex." on the opening day of the series won the luckiest game a pitcher ever won in an important series.

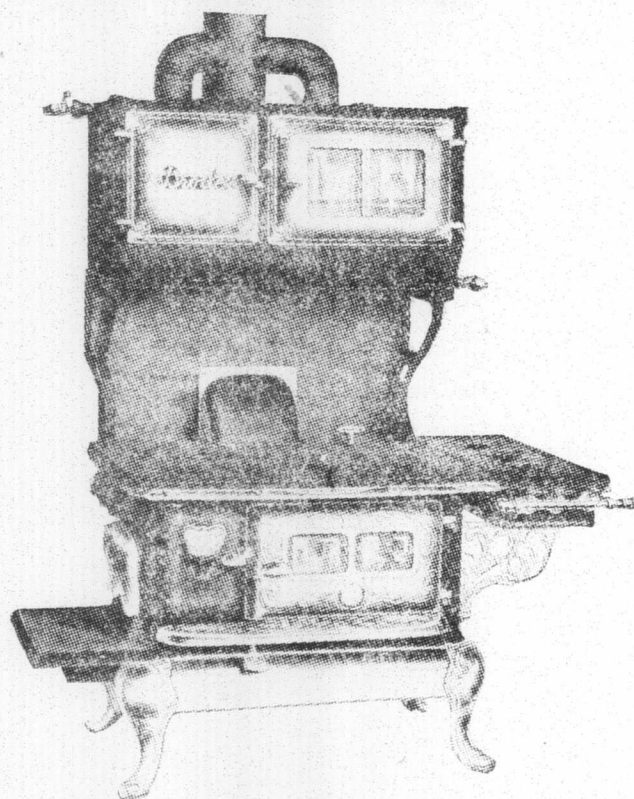

The Boston team were regarded as a light hitting aggregation, but they outhit the Phillies in every game. Carrigan depended upon his great outfielding trio to do the hitting for him.

CRIPPLED STARS ARE PROTECTED

Again yesterday Burns showed that the absence of Killifer made no particular difference to the strength of the Philadelphia Nationals. Doubtless Moran chose the wiser course in keeping his star backstop out of the series. Killifer's arm "went dead" three weeks ago and has not yielded to treatment. Moran is credited with saying that he would rather lose the series than lose the services of Killifer, and has hopes that the great backstop will be as useful as ever next season. Carrigan, likewise, declined to take a chance with "Smoky Joe" Wood, although the latter pleaded to be allowed to pitch.

Fred Mitchell, the former Toronto pitcher, has never now acts in an advisory capacity to the Boston National pitchers, paid a pretty compliment to Eddie Fitzpatrick, formerly of the Leafs, last night. He says that he has never seen a player develop as fast as has "Fitz." Many of the experts throughout the country point to the fact that Johnny Evers was out of the game so much as the cause of the failure of the Braves to repeat their performance of last season. Mitchell says that Fitzpatrick is now covering more ground than Evers and is hitting just as well. "Fitz" may be played regularly at third base next season in place of J. Carlisle Smith.

RIVAL MANAGERS AIR THEIR VIEWS

Moran Gives Red Sox All the Credit—Carrigan Praises the Pitchers.

BY BILL CARRIGAN.

"I knew we'd do it. They gave us a hard fight, those Phillies, but we won. I had great confidence in my pitching staff, and I am sure that it demonstrated in this series as well as through the regular season that it is one of the best ever welded together. "The boys played real baseball from start to finish. They battled every inch of the way in every game. Nothing ever discouraged them; nothing kept them back. After that first defeat they kept on coming, and they won the championship after that in the shortest way possible. "It was a real fight though. I never expected such opposition as the Phillies gave us. They fielded beautifully, their pitchers showed up in wonderful style in most of the games, but we beat them in batting. We could hit when his meant the game—and they couldn't. And that's the whole story."

BY PAT MORAN.

"My hat is off to those Red Sox. They played grand baseball from start to finish, and they beat us fairly. Their pitchers showed up in great fashion all through the series, and before our boys really found their batting eyes the count was 3 to 1 against us. "We hit to-day—in the old-fashioned way—but the Red Sox out-hit us. They smashed the ball right into those sections where a home run was a certainty, and their home-run bombardment beat us. It was a tough game for us to lose, as were those other three. "But we fought them all the way in every game. Everyone must admit that they won four in a row from us, after we had beaten them in the opener, but in three of those games we held them until the ninth. "My boys did well, I wanted them to win, but they didn't. They gave me the best they had—and no man can expect more than that."

Boy Knight Notes

Mr. Alfred Hunt has received the following letter from Lieut.-Col. Schumacker, A. H.

London, Eng., 20th Sept. 1915. The Commandant Boy Knights, C. C., No. 302, Brantford, Ont., Canada: Dear Sir—I have just returned from South Africa, and am delighted to see that your A team have won the second prize in connection with the Imperial Challenge Shield Competition. Allow me to congratulate yourself, the Cadets and their instructors on the success that has been achieved. The results of the Canadian teams are of especial interest to me.

The improvement in the number of entries in 1915 over 1914, was very marked. I am confident that it will continue to grow at a rapid rate. The conditions of 1916 will be issued shortly and there will be only a few very slight modifications.

In the future, if possible, enter as many teams as you are able, even if the remaining cadets cannot put up a winning score. The effect of entering the competition and practicing shooting is almost bound to improve their efficiency in musketry, and that is, after all, the main thing that we must strive for.

We must look to big numbers having all round efficiency and not to small numbers, even if their excellency should be great. I feel confident that you will agree with me, and remain,

Yours very truly
Raymond W. Schumacker,
Lieut.-Colonel.

An informal meeting of those interested in and supporters of Boy Knight work was held at the City Hall by discussed in all its phases. The following officers were elected as an executive board: President, Mr. Harvey Watt; vice president, Mr. Frank Read; secretary-treasurer, Mr. Harry Sterne; members of committee: A. J. Ludlow; Major G. Smith, James Deming, Peter Noble, Walter Eastman.
