Town Talk.

READ J. S. Gee's advt. on page 8.

J. M. ROBERTSON, representing Messer & Ward, shirt firm, Galt, is visiting his sister, Miss Aggie Robertson.

JAMES IRWIN, Atwood, has a type-written letter received from Sir John during the last general campaign. The Premier's signature, written by himself, is attached.

REV. SAMUEL WOODS and daughter, of Spokane Falls, W. T., spent Sunday with Dr. J. R. Hamilton. The rev. gentleman preached Sunday morning and evening in the Presbyterian church.

JOHNSTON McCORMICK and Miss I. R. McBain, teachers, will have a union school picnic in Thos. Jackson's bush, near Trowbridge, next Saturday, 13th inst., instead of the 20th as announced in the Trowbridge correspondence last week. A "large" time may be anticipated. All are welcome.

PEOPLE cannot be too frequently urged to keep out of debt and all the perplexities which debt entails. This can only be done by a fixed determination to pay at once for things you purchase and by practising the most rigid economy in expenses. This duty should not be postponed; commence now. Many are careless and during the summer months thoughtlessly spend their hard earned wages in a foolish manner, forgetful of the fact that a hard winter has again to be faced. Ponder upon this advice.

THIS is the opportunity that you have waited for. H. S. Earl, the well known sewing machine and clothes wringer repairer, of 317 Dundas St., London, is now stopping at Loeger's hotel, Atwood, for one week only, to do repairing on the above named articles. He guarantees all his work or no charges. Mr. Earl comes highly recommended from Brussels, where he makes a stay of three weeks in each year. This is your chance. Mr. Earl says if Atwood will pay his expenses he will call every time he comes to Brussels and Listowel. He has a full line of springs, hobbins, needles, and shuttles for all machines. Give him a call and save money.

OUR SUB-EDITOR.—Some people, ignorant of what good editing is, imagine the getting up of selected matter the easiest work in the world to do, whereas it is the nicest work done on a newspaper. If they see the editor with scissors in his hand they are sure to say: "Eh, that's the way you get up original matter?" accompanying their new, witty question with an idiotic wink or smile. The facts are that the interest, the variety and usefulness of a paper depend in no small degree upon the selected matter, and few men are capable for the position who would not themselves be able to write many of the articles they select. A sensible editor desires considerable select matter, because he knows that one mind cannot make so good a paper as five or six. An editor has not necessarily to be a walking encyclopedia, although many people evidently think he should be.

AN awning improves the front of the Atwood bakery.

THE Stratford Times has begun the publication of a semi-weekly edition.

REV. MR. BAYLIS, of Trowbridge, made THE BEE a pleasant call on Wednesday.

J. H. MCBAIN will preach next Sunday morning and evening in the Presbyterian church.

BYRON PELTON, theological student of Hillsdale College, Mich., was visiting relatives here this week.

HONESTY is the best policy, because it is the only policy which insures against loss of character.

WM. FORREST removed his stock of furniture and undertaking supplies to his new building this week.

ALL that is mortal of Sir J. A. Macdonald was laid in Catarqui cemetery, city of Kingston, on Thursday.

R. H. KNOX, student of Toronto University, is in the village this week shaking hands with old friends. R. H. looks well.

A REPORT of the proceedings of the Walkerton Association of the Baptist church, held here this week, will be given in our next issue.

R. GRAHAM's hotel and stables have recently undergone decided improvements. The Pacific is now one of the best furnished hotels in the west.

Mrs. JAMES FERGUSON and children are visiting relatives in Mount Forest this week. Mrs. Ferguson has not been very well of late and the change will doubtless prove beneficial.

THE Methodist pulpit was acceptably filled last Sabbath morning by Samuel Wherry, and in the evening J. H. McBain preached a sound, practical sermon from the text: "As a man thinketh in his heart so is he."

HO FOR GUELPH!—The date for the North Perth Farmers' Institute excursion to the Model Farm, Guelph, has been fixed for Saturday, June 27th, 1891. Elaborate preparations are being made by the management to make this the excursion of the season. Fuller particulars regarding fares, etc., given next week.

DOMINION DAY RACES.—The Summer Meeting at Listowel is on July 1st and 2nd. There will be two days dead game races from the word go. The first day there are two trots and a mile and a quarter dash; the second day a 2.40 trot, an open trot and a three-quarter mile run, best two in three. Their splendid track never was in better shape. They are in the Great Western Trotting Circuit and some of the best horses in Ontario will be on the track. If you care to see good horses go for all they are worth, visit Listowel on one or both days.

It has, not without reason, been suggested that the remains of Sir John Macdonald be placed in Westminster Abbey, as the proper resting place of one who has contributed to the confederation of the British colonies on this continent, who was so loyal to British institutions, and whose unusually long term of public service has been filled with important events. The Imperial government, in that event, might send a vessel to bear his remains across the water to be placed among those of distinguished Englishmen who have been faithful to the empire.

THE ILLUSTRIOUS DEAD.—As will be seen the first page of THE BEE is in mourning, which is regarded as the highest tribute of respect that can be paid to departed greatness by the press. Only once in the history of this journal (June 27, 1890) have we felt it our sad duty to "turn the column rules." On that occasion the township of Elma, nay, the Province of Ontario, lost one of her noblest and most gifted sons—the late George A. Harvey. Today we mourn the loss of the father of United Canada and the central figure in our our national life for half a century.

PASSED WITH HONORS.—While many young men get plucked in their exams, at Toronto University every year, it is gratifying to know that our "Varsity boys, Harvey, Knox, Elliott and McBain, pass through the refining fire brighter than ever, even to taking first-class honors. In the results of Toronto University exam, held last week, R. H. Knox passed very creditably his third year's course. R. H. took honors in the following subjects:—Mineralogy (Practical); Natural Sciences (Chemistry); Natural Sciences (Practical Chemistry); Natural Sciences (Biology); Natural Sciences (Practical Biology); Natural Sciences (Minerology and Geology).

HON. OLIVER MOWAT expressed himself as follows, touching the death of Sir John Macdonald:—He and I for many years have belonged to opposite political camps, and I am not aware that in any speech of mine I have ever said of him anything which I have now to regret, but in political controversy one is apt to forget that every man has a good side, while in the case of a dying man one is disposed to think of this side only. In this view, if I were to sum up what I think to be some of the leading characteristics bearing on Sir John Macdonald's public life, so far as I know them, I should say something like this: Though by education and personal leanings he was Conservative, he did not shrink from dealing with very large questions which were novel or with new ideas. His success in public life demonstrates his possession of important qualities to which success was largely owing. He was a conciliatory man, an able administrator, an effective debater. He had great ideas, was very clear-headed, had an excellent memory, and was on various subjects exceptionally well-informed. He possessed, also, in an eminent degree the art of pleasing those whom he came in contact with, being a genial man, with a keen sense of humor and considerable wit. Few men with like opportunities made so many friends as he, or had so many admirers, or have in death been mourned by so large a section of the general public as he will.

DOUGLAS R. PELLY, who was such a prominent witness in the great Birchall trial, is visiting in Toronto.

MR. GALBRAITH will give a lecture on "Phrenology," in the Town Hall, Atwood, on Monday night, June 15th, at 8 o'clock. Mr. Galbraith has a wide reputation and comes highly recommended. See bills.

CRADLE.

TAYLOR.—In Grey, on June 1st, the wife of Mr. Wm. Taylor, of a son.

B. F. BROOK & SON.

Richmond Pea Harvester!

THIS attachment is greatly improved for 1891. It is the best, simplest and cheapest device for harvesting peas ever invented. It can be attached to any ordinary mowing machine, and will work well on any field where a Mower will cut grass. I have the sole agency for Elma township. Price of pea harvester, complete, \$12.00.

I also manufacture first-class Buggies and Wagons. The closest attention given to

HORSESHOEING AND REPAIRING.

I keep road carts, all makes. Anyone requiring a cart should call and get prices before purchasing elsewhere.
