LOCAL ELECTIONS

We are again nearing the election of representatives to our local house of parliament. Nominations have been made for both Conservative and Laberal parties in nearly every county in the province. With some of the electors (alas, that it is so!) the main question is, something like this, main question is, some on a get for my vote?"

"How much can 1 get for my vote?"

Every self respecting man will not is spending her vacation with her ply of Apples on this side is not like-pressed for a few paltry dollars. It is a saying that "every man has his price" (for his vote.) This is a bis price." (for his vote.) While the average politician is all pready to purchase the poor man's to ready to purchase the poor man's tion, there are strong, sturdy men in these counties who would scorn a bribe either large or small. If the governments are corrupt it is as much

the fault of the electors as anybody. Water will rise to its level and the politicians who corrupt the electorate count of the dry season the crop wili corrupt the government when

Don't be a hide-bound party man on either side. Study the great question before the province, and ask yourself, "Is such a course right? yodrself, "Is such a course right? Is such action for the good of our province?" If the present government has been false to their trust, use your ballel to put them out. If, on the other hand, after consideration, you come to the conclusion they have ruled wisely and for the best interests and prosperity of our province, help to return them to power. Above all things, on Oct. 2nd go to the polls untrammelled by any bribes and give your honest vote as your conscience dictates.

For simple fevers, colic, constipation, disordered stomach, diarrho a, irritation accompanying the cutting of teeth and indigestion, Baby's Own Tablets are a certain cure. In fact in almost any disorder common to children these tablets should be given at once and relief may be promptly looked for.

Never give the babies so-called socthing medicines which simply put them into an unnatural sleep. These tablets are small, sweet, pleasant to take and prompt in acting. Dissolved in water, they will be taken readily by the smallest infant.

No use to hunt tigers with bird-shot. It doesn't hurt the tiger any and it's awfully risky for you.

Consumption is a tiger among diseases. It is stealthy -but once started it rapidly eats up the flesh and destroys the life. No use to go hunting and it with ordinary food and medicine.
