BLEEDING A KING.

Louis XIV., a Greedy Physician and an Unscrupulous Surgeon.

In 1693, when Louis XIV. began to feel the first touches of age, his physicians ordered him to be bled once a month. That duty was of course entrusted to Marechal, his Irish surgeon. There was at the time in Paris, says the British Medical Journal, a young brother of the craft who conceived the idea of making his fortune by bleeding the king. The enterprise was difficult, but he knew that the most solid doors can often be opened with a golden key.

Following the advice of Iago, he put money in his purse and sought an introduction to Antoine Daquin, the king's chief physician. The negotiation was conducted on a strict business footing. Daquin, who was known to love money, was told that 10,000 crowns were deposited with a notary who had instructions to transfer the sum to him as soon as the surgeon had got the job.

It was not an easy thing to manage, as Marechal never left the king. One day, however, he asked permission to leave Versailles for three days. Daquin seized the opportunity to introduce his protégé, whom he had ready at hand for the purpose. Feeling the king's pulse one morning, as usual, he pretended to be alarmed at its strength and volume and ordered the illustrious patient to be bled forthwith. As Marechal was away, the king hesitated, but fear soon made him yield to his physician's proposal. The young surgeon bled the king, and Daquin got his money.

In the meantime a message had been dispatched for Marechal, who was not far off. He returned to Versailles in haste and was much surprised to find that the king, whom he had left in the best of health, had been bled. He was not on friendly terms with Daquin, and he quickly grasped the situation and forced him to disclose the truth, he flew into a terrible rage, ordered Daquin to be arrested and placed the matter in the hands of the council of state. That obsequious body, after a very short deliberation, unanimously voted that the physician who had trafficked in the blood of the king deserved death. The royal wrath, however, subsided to some extent, and he graciously spared Daquin's life, but deprived him of his office and exiled him from the court to Quimper-Corentin. The too greedy physician did not long survive his disgrace.—London Standard.

POINTED PARAGRAPHS.

Cheerfulness is a great aggravation to an angry man.

Nearly every one thinks he is a good judge of human nature.

You can't do anything very well if you don't want to do it.

It is not difficult to prove you are right from your own point of view.

How people economized in the old days! But not many people do it now.

Some men would do wonderful things if some little thing were not in the way.

When a boy wants a favor from his parents he asks his father's permission and tells his mother he is going to do it.

The average friendship is wrecked upon the fact that the average person's idea of a friend is some one he can impose upon.

WHAT MADE THE DIFFERENCE.

Little boy, said the lady, how much do you sell this lemonade for?

This kind is 3 cents a glass, and that is 5 cents.

Why, what makes the difference in the price?

Well, you see, ma'am, me dog fell in the 3-cent kind.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in the knowledge of this conviction, he writes with pride of the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most perfect stomach, liver, invigorant, heart tonic and regulator, and blood purifier known to medical science. Dyspepsia, indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. E. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's most peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription. It is amply attested by thousands of unimpeachable testimonials contributed by grateful patients who have been cured by it of catarrhal, pelvic, ovarian, uterine, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original, planned by Dr. Pierce, and they are carried on by the skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle wrapper.

FOREST FIRES RAGING.

Six Bridges Burned—Smoke Rendered Traffic Dangerous.

Fort William, June 21.—East of here fire is running along the line of the C.P.R. track on both sides. It extends for miles, and trains running on the Lake Superior division travel through dense clouds of smoke.

Wednesday the smoke was so thick that it was necessary to light the lamps of the cars early in the afternoon, and it was not until the train reached Mackenzie that the trainmen were able to turn the lights off. Trainmen state they have never before experienced anything like it. Engineers are able to see but a few feet ahead of them.

North of Peel River practically the whole country is red hot. Flames and smoke are shooting hundreds of feet into the air. People living all along the line are in the greatest terror, and they are ready to flee to the towns at a minute's notice.

Railways Less Heavily. On the C.N.R. the fire is still raging fiercely, and the losses to the company will be very large. No less than 20,000 ties were destroyed at one point, and 6,000 at another. Six bridges also were a prey to the flames between the fifteen-mile post and Silver Mountain.

At one time residents of Rymer were seriously considering the advisability of deserting the place. On the main line of the C.N.R. the bridge at Mattawin was destroyed, in addition to 15,000 ties. The conflagration is so serious that two train crews were sent out from Stanley to fight it.

It finally burned itself out, and the bridge was rebuilt, so that the line is once more clear.

King Wants to See Humorist. London, June 21.—Mark Twain (Samuel L. Clemens) has accepted an invitation to attend a garden party at Windsor Castle, June 22, when King Edward will entertain 8,000 guests at a wind-up to the Ascot race meeting.

His Majesty has expressed a desire to meet the American humorist, and it is possible that a private audience will be arranged.

Or is it inclined to run away? Don't punish it with a cruel brush and comb! But just ask your doctor if Ayer's Hair Vigor, new improved formula, won't make it stay at home on your head, just where it belongs. See what he says.

We publish the formulae of all our preparations. J. C. Ayer & Co., Lowell, Mass.

Seventh Day Adventists—3 and 7.
Campbell A. M. E.—11 and 7.30.
St. Joseph's R. C.—7.30, 9.00, 10.30 a. m., and 7.30 p. m.
First Baptist—11 and 7.30.
Union A. M. E.—11 and 7.30.

NOTICE TO PASTORS.

Pastors and others who contribute news items to this department of Saturday's Planet will confer a favor by seeing to it that their "copy" reaches this office not later than Friday at 4 p. m. Matter received later than that hour cannot be guaranteed insertion.

INTERNATIONAL S. S. LESSON FOR TO-MORROW.

(By Dr. R. A. Torrey.)

Second Quarterly Review.

Golden Text.—"When thou passest through the waters I will be with thee, and through the rivers they shall not overflow thee."—Isaiah 43, 2.

The lessons of the past quarter beautifully illustrate the providence of God in His divine purpose to make a great nation, and in the history we have opened up to us the working of His plans to this end.

Jacob's story shows us how God graciously and patiently taught a backward, scheming scholar until He turned his faulty character into a good one.

In Joseph's story we see the care God had over a soul set on doing His Heavenly Father's will, and how such a life is made to shine on the darkest of background, either as a prisoner or a prince; he put God first, and all things were made to work together for good, and the scheming of Satan and wicked men were overruled to further God's plans.

From Moses' story we see the care God exercises over one He chooses as a leader and deliverer, from the very cradle this leader is led and the seemingly impossible becomes possible when undertaken in faith at God's command.

These bright, polished, shining examples of what God's loving providence and grace has done should encourage our ordinary folk who serve Him in our day and generation, for we, too, are God's fellow workers, God's husbandry—or tillage—God's building.—Cor. 3, 9.

If we neglect our lessons, shrink our work, are we true to the light He gives? It means grief to Him, harm to others, and endless loss to ourselves.

CHURCH NOTES

FIRST PRESBYTERIAN.

Rev. A. H. MacGillivray, pastor. The pastor will conduct the services and preach on both occasions to-morrow.

Sunday School and Bible Class at 3 p. m.
Regular weekly prayer meeting on Wednesday evening at 8.

CHRIST CHURCH.

Fourth Sunday after Trinity. Rev. Robert McCosh, rector. Rev. Mr. McCosh will conduct the services, assisted by Rev. W. H. Colles and F. L. Carrington.

During the hot weather the Sunday School will be held in the morning instead of the afternoon. The school will meet to-morrow morning at a quarter to ten sharp.

The Holy Communion is administered the first Sunday of every month at the 11 o'clock service, and the third Sunday of every month at 8.30 a. m.

ST. ANDREW'S.

Rev. Dr. J. R. Battisby, pastor. In the forenoon the Children's Patriotic Service will be observed. The children will conduct the service of praise. Dr. Battisby will address them. In the evening he will preach on "The Power of Kindness."

Sunday School and Bible Class at 3 p. m.
Regular weekly prayer meeting on Wednesday evening at 8.

HOLY TRINITY.

Fourth Sunday after Trinity. The rector will preach on both occasions to-morrow.
The 24th Regiment will parade to the morning service.
The several Masonic bodies will attend the evening service.

Sunday School and Bible Class at 3 p. m.
The Church and Chancel Guilds will meet in the school room on Monday evening at 8 o'clock.
Baptism any Sunday at 4 p. m. when previous notice has been given.

PARK ST. METHODIST.

The pastor will preach on both occasions to-morrow. Subject for the morning, "The Unreaped Corner"; evening, "The Supreme Friendship." Sunday School and Bible Class at 3 p. m.

Regular weekly prayer service of Wednesday evening at 8.

(Central Baptist Church)

Gospel services in I. O. O. F. Auditorium at 11 a. m. and 7 p. m. Mr. Geo. Berube will preach.

Sunday School at 3 p. m.
WILLIAM ST. BAPTIST.

W. E. Matthews, B. A., B. Th., pastor. The pastor will preach on both occasions to-morrow. The annual floral service under the auspices of the Sunday School will be held in the

THE HIGHEST RECOMMENDATION

for the shares of the LUCKY BOYS GOLD MINES, LIMITED, is the fact that large blocks are being rapidly subscribed for at Cobalt, Halleybury, New Liskeard and Larder Lake. We are receiving letters from mining engineers and miners every day reserving large blocks of LUCKY BOYS shares. These men have been over the ground, and in all of the letters we receive from them they say that the properties are even better than we represent them, and that LUCKY BOYS will be the greatest and most profitable mines in the Larder Lake district. The fact that these experienced men are investing their own money in LUCKY BOYS should be sufficient to satisfy the most skeptical. Miners employed on the nearby mines are all pining their faith to the LUCKY BOYS. They are buying all the shares they can. They realize what a splendid investment they are getting in buying LUCKY BOYS shares at SIX CENTS PER SHARE. They know a good thing—when they see it. Are you going to join them in making a fortune? Bankers and conservative business men throughout the whole country are now buying LUCKY BOYS for their investment. We strongly advise our clients not to hesitate, but buy LUCKY BOYS to-day at SIX CENTS PER SHARE. We have only one million shares to dispose of at this price, and at the rate that these shares are being absorbed we predict that they will not last long. The public will be falling over themselves six months from now trying to buy

LUCKY BOYS

at One Dollar per share or more. We strongly urge the immediate purchase of these shares. We are placing our own funds in it and we are willing to stake our reputation on the merits of LUCKY BOYS.

The LUCKY BOYS properties consist of 20 claims of 40 acres each, making a total acreage of 800 acres. Some of the claims adjoin the famous Reddick claims, others adjoin the Proprietary Gold Fields, and others adjoin the wonderful Blue Bell properties.

We have sent our own mining engineers to examine and report on the properties, we have looked exhaustively into the merits of LUCKY BOYS before offering the shares to our clients. We question if an opportunity like this will ever present itself to you again. We advise our clients to buy LUCKY BOYS.

We advise you to buy all you can, you are bound to greatly profit thereby. The stock of the LUCKY BOYS is actually worth a great deal more money than the price we are asking for it. Our engineers figure there is in sight on the properties of this Company gold equal to many times the par value of the total capitalization of the Company. All it requires for investors to make money is to have faith and confidence in the LUCKY BOYS proposition, and we strongly advise investors to put every dollar that they can in these shares at the present price.

Could you visit the Larder Lake district and examine the properties, as we have done, you would not hesitate a single moment in placing every dollar at your command in the shares of LUCKY BOYS at

6 CENTS PER SHARE

(Par Value, \$1.00. Fully Paid and Non-assessable.)

It should be noted that all of the Directors of the Company are well-known and successful business men—not men that are simply interested in a mine—but men that are miners in every sense of the word, and who know how to operate, maintain and conduct a mine in a business-like manner, and who have been connected with the strongest and most successful mines in the Cobalt camp. These gentlemen are just the kind of mining men that investors should be glad to become identified with.

The fact that some of these gentlemen, who are Directors of the Company, and originally owned a part interest in some of the LUCKY BOYS claims, are buying the shares at 6 cents each with the cash that they receive for their interest in the properties should be sufficient to satisfy the most skeptical. These men know what a splendid investment they are getting in buying the shares at 6 cents each.

The mineral production during the current year has been remarkable as compared with former records, and it will be still greater in 1907. Remember, when you see the enormous advances in the prices of Larder Lake mining securities that are coming immediately and that will continue for months and months, if not for years, that we told you to select one or more good stocks, and that a small investment in them will yield inside of a very short time enormous profits that would be impossible in any other industry.

We are not trying to sell stocks of LUCKY BOYS to uneducated or half-witted people. We are trying to interest legitimate business men in a proposition that we believe will turn out to be one of the greatest of its kind the world has ever known, and again we say, if you are not in a position to hold this stock until such time as the LUCKY BOYS GOLD MINES, LIMITED, properties are developed, we do not want you to buy it. A mine cannot be developed in a day any more than a railway of 50 miles can be built in an hour, and no railway ever paid dividends or ever amounted to anything until the trains were running, and a mining property cannot amount to anything until the ore is being treated. People who purchase the stock of the LUCKY BOYS cannot expect the Officers and Directors of the Company to pay dividends until dividends are earned. We do honestly believe, however, that before the present summer is past LUCKY BOYS will be paying dividends to its stockholders. We are in business to-day and we propose to stay in it while there is any business to be had, and we can say to you now that in some years to come we expect to be counted among the financial houses that are spoken of and referred to in the highest terms by investors.

When we offered the first block of Blue Bell shares, we predicted that the Larder Lake district would be the greatest gold district in the world, and our predictions are being endorsed daily by miners arriving from the golden north with the beautiful specimens of pure free gold. These men fully endorse our predictions. The time is not far distant when the eyes of the whole world will be concentrated upon the wonderful golden north of New Ontario.

A year ago very few white men had trodden the trail through the Larder Lake district. To-day the greatest stampede the world has ever known is taking place. Capitalists, mining engineers and prospectors are now "hitting the trail" and hurrying through as fast as they can. Millions of dollars will be offered for some of the Larder Lake properties within the next few months.

THOMAS McCAMUS,
President.

Vice-President of The Temiskaming and Hudson Bay Mining Company and President of The Temiskaming Telephone Co.

The price of LUCKY BOYS shares will TAKE A JUMP some of these days, and then it will be too late to buy them at the first issue price.

FRANK WESLEY HAYNES
Vice-President.

Director of the New Liskeard and Northern Ontario Mining Company.

Wire or telephone orders at our expense. Prospectus, with full information, containing application blanks, mailed to any address.
