Everybody wanted a Planet Sou-

Any old time these foreign military bands beat our own. Chatham Old Boys' are the best-natured crowd in the world.

And the Satellite enjoyed seeing the

Old Boys' too at ten cents per enjoy.

Well, I guess the Detroit and Windsor Old Boys came home, and they had a good band.

"Finest work of art ever published," said the Detroit Old Boys as they eagerly purchased Planet Sou-

Come again boys, we hardly had time to renew our oaths of friend-ship. Come again and we'll talk over old times. "What has been and what might have been."

The Maple City Gun Club are hav-ing a cracking good time at their tournament, judging by the sounds that emanate from Riverside Park.

We used to have some decent weather when the making of it was in the hands of Providence, but since the Rev. I. R. Hicks has monopolized the job he has made an awful mess of it.

Why of course there is a sun, foolish one, but the Maple City didn't need the big sun yesterday. She had enough brilliant sons of her own here to make the town bright enough.

SPECIALS TO THE SATELLITE. Mayor Maybury—I don't blame the Detroit Old Boys for going home when they were able to get such a beautiful work of art as The Planet Souvenir.

President Roosevelt-It is lovely.

President Roosevelt—It is Tovely. I'm going to put one in the Congress Library. Remember me to the fish commission, Messrs. Pike and Salmon. King Edward — Congratulations; couldn't have been better.

Chauncey M. Depew—The Chatham Old Boys use almost as good language as I do myself. They're mighty clever writers.

Bussell Sare—I'd like to corner that

Russell Sage—I'd like to corner that issue of The Planet Art Souvenir. You're not getting what it is worth.

#### A PRETTY SIGHT

"Principal J. W. Plewes, of the Cenral School, is to be commended for providing one of the prettiest fea tures of 'yesterday'," remarked Veteran Fireman George Wanless this morning. "When the veteran firemorning. "When the veteran fire-men were parading yesterday, Mr. Plewes marched the pupils of the Central School down to the corner of Queen and Wellington streets. They were all lined up and as the Detroit old boys and the firemen passed the children wavea flags and cheered. It was indeed a pleasing sight and those in the march appreciated it very much."

#### SWEET REVENGE WAS THEIR'S

Maple City Aldermen Wipe off an Old Score With Algonac.

Ald. Tye's Great Pitching Record— Few Features of a Wonder-ful Game.

Revenge is sweet-and that is why

Revenge is sweet—and that is why the Maple City aldermen are all so happy this morning. Last year they went to Algonae and played a game of baseball with the Yankes town aldermen. After the game was over there wasn't enough sore on the Chatham side of the slate to cause any difficulty in computing it, while the Algonae aldermen's score looked like the remains of a cricket match, Yesterday, the Michigan men came for the return game and they got it. The handsome trophy which is the cause of the battle between these two famous baseball aggregations once again returns to the possession of the Maple City sporting nine. The defeat of last year has been a sore spot with this city ever since the disaster happened. To ward off a similar fatality this year, the citizens at the last election strengthened the team by the election of Ald. Westman and Ald. Burney Weldon. They were the pro tem. councillors. Ald. Cartier was goal keeper, while Ald. Depew was dealer. Ald. Weldon being musically inclined was given the first base to play. Ald McCoig played cover point. Ald Tye was another of the musicians and he was given for days in Boys.

Ald. Certier was the first to serve ald. Cartier was the first to serve ald. Cartier was the first to serve ald. Cartier was the first to serve the hall out in with the content of the musicians and he was given for any the server and and Ald. Edmondson covered the territory outside home.

Ald. Cartier was the first to serve the hall out in with the care and they are all soons and the was given the first to serve the content of the musicians and he was given for the first to serve the days the content of the musicians and he was given for the first to serve the first to

base. City Clerk Merritt played point. Ald. Piggott, Ald. Westman and Ald. Edmondson covered the territory outside home.

Ald. Cartier was the first to serve and dropped the ball out in right field for two bags. Ald. Depew hit the ball on the first deal. Ald Weldon did likewise. About this time the Maple City afdermen began to indulge in some strange actions for honest and upright civic representatives. They actually began to steal bases. Some of them were caught at this work. Ald. McColg decided it was too far to run around the bases, and as the pitcher looked a little hot he fanned him three times. He would have dome it some more only Referee Geo. Perrin refused to allow it. Ald. Gunnis, the Algonac pitcher, couldn't see where City Clerk Merrit was standing and as a result the Clerk got a pass. Ald. Tye batted the ball and secured first. Walter Piggott was strong on fouls. He made several. Then the pitcher made a hit and Ald Piggott walked. Everybody expected that the member of the Board of Works would make a hit, and he did, but it wasn't the kind of a hit that he likes to make. Ald. Edmondson always had a long reach when it came to a waggin' tongue, and that is probably why he tried to reach all over the diamond in an effort to connect with Gunnis' curves. He tried once to get away on a foul strike, but Referee Perrin made him go back and try it all over again. Mr. Edmondson made a base on balls.

Ald. Westman tried his best to stop the ball with himself. Then the people wondered why both of the feap year aldermen succeeded in making hits.

Ald. Cartier was caught out and this was the end of the innings.

Then the Maple City aldermen took the field. They didn't see anything

Then the Maple City aldermen took the field. They didn't see anything else to take or they would have taken it, having such taking ways.

Ald. Weldon fielded. Ald. Taggart out at first.
Ald. Sheenan, the village plumber,

Dr. Stringer batted the ball to Dr.

Dr. Stringer batted the ball to Dr. Tye at point but Burney failed to pick up the throw.

Ald. Walters fanned the zephyrs that flew over Tecumseh Park.

Ald. Depew opened the second innings by getting to first base on a hit, stealing second and being put out at third.

Ald. McCoig again made three frantic efforts to land on the ball.

Algomac now endeavored to tie the score. Mayor Smith got to first and stole second on the Board of Works chairman's error. Catcher Cartier threw to second to cut off Mayor Smith's attempted steal.

Ald. McCoig tried to sit on the ball but he wasn't quite quick enough and it went through.

Ald. Westman was mext seen chasing the ball down Tecumseh Park while Algonac's Mayor scampered home.

The fun continued but no more

while Algonac's Mayor scampered home.

The fun continued but no more runs scored.

In the third Ald. Edmondson was cruelly hit by the ball, but Referee Perrin said it was a sacrifice hit and refused to allow the base. This made the chairman of Property anny and he looked so fierce that the pitcher was afraid to put the ball anywhere near him and he waked.

Ald. Westman was so strong that he broke a bat in his effort to get first and advance Ald. Edmondson to second. The side was them retired.

Ald. Piggott, out in centre field, was considered a good catch. At least the mothers of marriageable daughters so regarded him until a high fly came his way. Then it was a case of miss the ball with Ald. Walter, although he said he Min-to get it.
