The Canadian Pacific railway announces a series of harvest excursions to the North-West on August 14th and 21st and Sept. 4th.

The manager of the excursion to Parrboro, by steamer Hiawatha to-morrow, authorizes us to say that the best of order will be maintained on board the boat going and returning.

Prof. Frank Bowles of Harvard University, and a frequent contributor to magazines and newspapers, arrived in Yarmouth on Wednesday. He is writing up Nova Scotia from Yarmouth to Cape Breton.

Nothing better in the line of Blood Purifiers than our Sarsaparilla at one half the ordinary price—50c. Drug-store.

Sportsmen should bear in mind that the season for duck shooting does not open this year till the first day of September, and the penalty for shooting out of season is from five to ten dollars for each offence and one dollar for each bird after the first.

Attention is directed to the business announcement in another column of the firm of Armstrong & Higgins, who have begun a general coal business in this town. They have constructed a new shed on the old wharf, and have every facility for handling coal.

CHRISTIANITY AND MODERN THOUGHT AND DIFFICULTIES.—The second sermon of the series will be preached in St. James' Church, Kentville, on Sunday evening next, August 6th, service at seven. Subject, of sermon. "Sceptics admit some books of the New Testament to be both authentic and true; from these books what may we learn with certainty that the first Christians thought about Jesus Christ?"

That "fired feeling" that so much is said about and is so common can be cured by using Sarsaparilla Blood Purifier, 50c. per bottle at the Drugstore.

It has always been our pleasure to notice, as far as we are able, progress and improvement whenever they are displayed in our vicinity. A good illustration of these qualities is shown in the property of Mr. Edward Paine. Three years ago he bought about twenty acres of only partially cultivated land just outside the town. Since that time he has built a neat and substantial dwelling and fine outbuildings. He has also brought his land under a high state of cultivation and although it was supposed by some to be unfavorable for orcharding, yet quite a large portion of it is now covered with a flourishing young orchard, which promises to be a valuable possession in a few years. His success shows that cultivation and care are the only necessities for successful fruit-growing in this vicinity.

Yesterday's Races.

The races at the Kentville track yesterday afternoon were of an interesting character. Our going to press so soon after their completion prevents us giving a full report this week. There were two races—three minute class and colt race.

In the first the following horses took part: "Fanny Rampart," "Nicholas," "Sealette," "Maud C.," "Foundry Boy" and "Prince Lambert." In this race "Sealette" drew a pneumatic sulky, a novelty in horse-racing here. In the colt race there were seven starters: "Belmont," "Book Mark," "Greenwich Wilks," "Basil," "Samba," "Young Rampart" and "Zozie." The track was in fairly good condition, the day was all that could be wished, there was a good field of horses, and a full attendance.

Buy an appetite. You will find it in a package sold by all druggists and marked K. D. C. Free Sample, K. D. C. Co. Ltd., New Glasgow, N. S. Canada, or 127 State St. Boston, Mass.

The Canadian Pacific railway has a personal interest pending for the up-building of the North-West. When a settler in the western wilderness wants to get married, the railroad sells him a round trip ticket at the usual rate, having a "matrimonial stub" attached. On presenting the return coupon, a stub and a marriage certificate, the road furnishes free transportation for his bride to their western home.

Now's the time to stick 'em, flies we mean, with Tanglefoot, the best and surest footed paper in the market. We have just received a large supply.
