THE POLITICAL SITUATION

Dear Editor: Anyone reading the Conservative papers would think that the main thing in the coming Dominion election is the personal fight between Messrs. Carvell and Fleming. Nothing could be more absurd. If one or both of these men should die before election day our political business would go on. Others would take their places. They are merely the leaders of two parties that stand each for distinct principles and it is on those principles that the people must decide and not from the popularity of either Fleming or Carvell.

The liberal party is the party of the common people. It is the party most in favor of the masses of which in rural Canada are chiefly farmers. The Conserva-

tive party is the party of the Capitalists, The railway Corporations, The Banks, and the manufacturers. The party for the monied men.

Nothing could be more emphatic of this distinction along party lines than the attitude of the present government in power. When it became necessary to raise more revenue they resorted to their old expedient of increasing the duty on imports. Now that works two ways whereas it gives more revenue to the government it also enables the manufacturer to increase the price of his goods by the amount of the tariff so the mass of the people that consume the goods are the one that pay the tax and the manufacturer gets off scot free.

Is it not an outrage when the people in this war crisis are finding times hard enough yet they must bear this extra burden which

could be more easily carried by the monied class of the nation? It was only by the exertion of the members of the maritime provinces (including Mr. Carvell) that prevented a heavy tax being imposed on fertilizer and that at a time when the Motherland is calling to the farmers of Canada for increased production. These men would tax the chief source for increasing food supply for our army and the British population and then approach us at election time with the sanctity of a Fleming shouting loyalty.

Not only has the Borden government laid on taxes by the means of the tariff but they have resorted to direct taxation. Here again it may be seen that the taxes are partial to the richer class for example, we pay a tax on every railway ticket but the members of Parliament the railway men and others holding passes and he that rideth in the Private car escape the tax. The imposition is not fairly proportioned among all classes. The millionaire members of the Borden Cabinet do not pay in the same rates as the poor man.

The worst feature of all is that this extra tax is not to provide for the expenses of the war for we have borrowed the money for that purpose and the liberal opposition fully supported the measure but this money raised by this special taxation is to make up for the reckless extravagance of a government that should have conserved the finances like private citizens who have been obliged to economize in such a time as this.

The demands of the war have been met in the most reckless manner. A terrible state of graft has been exposed shameful to the nation. Middlemen have

made immense profits on the necessities of our soldiers. The government at Ottawa have trafficked with the blood of our heroes sending our soldiers illfitted to the front and it is without doubt that the miserable footwear provided for the soldiers was the cause of many deaths among our Canadian boys at Salisbury Plains.

The Borden government threw over the naval policy of the Laurier administration yet when war broke out they made haste to buy sub marines for the ports of British Columbia. But what about our Atlantic ports? What about St. John? It has been more from fate than any design on the part of the part of the Borden government that our own ports have escaped a shelling. Had the Laurier Naval Policy been followed we would have formidable cruisers to protect our shores. See what Australia has done in this war? Can anyone deny that Canada might have the same by the Borden government bringing forth an impossible Policy—a policy that cannot be followed until we have an imper-

ial federation. He thus hindered Canada from helping in the Empire's defence at whose door lies the blame? Laurier framed a Policy and put it in force! Borden did nothing.

These are a few of the Principles upon which we are to decide the result of the next Federal election. These may be added to one locally confined. The Conservative party of Carleton and Victoria have taken the obligation by their action to declare ex-premier Fleming guiltless of all his conduct concerning the Crown lands and the Valley railway of this Province. Mr. Fleming himself has stated he saw no wrong in grafting immense sums from the treasury of the Province for political purposes. It is not a question of what we think of James K. Fleming as man. The question is do we as a people approve of the Principle for which he stands. Do we believe that a man that was not worthy longer to hold even his seat in the Legislature is a fit person to represent us in the higher political field at Ottawa?

It is a time of great crises in the Empire and in Canada as a part of that Empire we need the best men at the head of the Nation; the time tested, and responsible men the men here fitted to give support and council in this period of great effort on the part of the British people.

Yours Sincerely
Pro Patria.

Cured Fifteen Years Ago of Piles and Eczema

By Using Dr. Chase's Ointment—Certifies That the Cure Was Permanent.

Some people have tried so many doctors and so many treatments in their search for cure for piles and eczema that they find it difficult to believe there is an actual cure.

The strong point about Dr. Chase's Ointment is that it not only brings relief promptly, but brings about actual and lasting cure.

In 1897 Mr. Ketcheson, 38 Douro street, Peterboro', Ont., wrote as follows:—"I was troubled for thirty years with itching piles and eczema. I could not sleep at night, and when I got warm the itching was terrible. Eczema covered my legs down to the knees, perfectly raw. I have tried

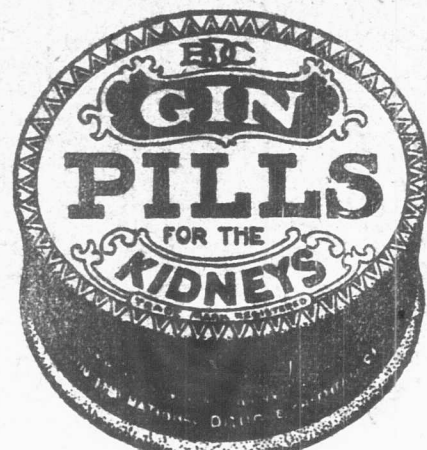

every preparation I could hear of. Seeing Dr. Chase's Ointment advertised, I procured a box, and this Ointment effected a complete cure."

On Sept. 28, 1912, Mr. Ketcheson wrote as follows:—"I received a letter from you to-day, saying that you found on file a statement made by me 15 years ago. I have always given Dr. Chase's Ointment a good name since it cured me, and shall tell you how I came to use it."

"I had suffered for many years from eczema and piles, and had tried doctors and everything I could hear of in vain. Reading about Dr. Chase's Ointment, I purchased it at once, and was soon completely cured. That was fifteen years ago, so there can be no doubt of the cure being a permanent one. I have met a great many people who have been cured by Dr. Chase's Ointment."
