GOT THREE JURORS FOR THAW TRIAL

Three Others Tentatively Accepted.

May Take Two Weeks to Get a Jury.

Night Sessions Make It Hard for Lawyers.

New York, Jan. S .- When the Thaw was resumed this morning there were three jurors in the box who had been sworn in, and who, unless some thing unforeseen happens, will remain until the trial is ended. In addition there were four others, who have been tentatively accepted, but who may be peremptorily challenged at any time before they are actually sworn in. Hardly one of the talesmen examined during the two days the trial has been on ha been asked if he had an opinion regard-ing the guilt or innocence of the young Pittsburger who is accused of the wilful murder of Stanford White. Whether or not they are acceptable to the lawyers engaged in the case depends entirely upon the strength of that opinion. There were men called who said their opinions were fixed, while others believed that

were fixed, while others believed that they could go into the jury box, leaving whatever opinion they nad outside. Only a few of the second veniremen re-main and the third hundred of the ori-gical special venire beported this morn-leg. One of the attorneys who has been connected with the case almost from the night of the shooting stated last night that he believed it would require at least, two weeks longer to secure a jury which would prove satisfactory to both sides. The night sessions which Justice Dowling has insisted upon add two hours a day to the time of the court, and although evoting all their energies to this important stage of the trial, the

stra hours will materially shorten the stra hours will materially shorten the me required to obtain the jury. Predictions were freely made at the egiming of this, the third day of the mal of thany K. Thaw, for the killing if Stanford White, that a jury will not e secured before the middle or latter aut. of next week.

These same doctors, however, and verviously testified on the witness stand in response to Mr. Jerome's fameus hypothetical question that they believed Thaw knew what he was about when he shot and killed Stanford White on the Madison Square roof garden. at the Macison Square roof garden.

He was finally selected, and took chair No. 8.

And Now Jefferson Stevens Wants \$1,000 Damages From John G. Nash -Tucker Gets \$800.

Justice Teetzel took the case of Ste ens vs. Nash, for breach of a contract, at the Assize Court, late yesterday afrnoon, and it was continued this morning. Jefferson Stevens asks for \$1,000 damages from John G. Nash for the loss of a crop of strawberries on the grounds of alleged misrepresentation. Mr. Stevens, who is a fruit grower in the Township of Barton, claims that he went to Mr. John G. Nash, who is also a fruit grower, in Salffleet Township, and contracted with him to buy a number of strawberry plants known as the "Williams." When Mr. Stevens received the plants he took them in as the genuine "Williams" and set them out. He claims that they were of an inferior and almost worthless quality, so much so, that he says, the whole patch was a failure. He claims that the lost a lot of money, and now wants damages. Mr. S. F. Washington, for the plaintiff, and Mr. J. W. Nesbitt for the defendant. Mr. R. Secord is a third party to the action, he having charge of the property of Mr. Nash. The case was still on at press time.

The jury awarded a verdict of \$800 to Robert Tucker, who was injured at the International Harvester works while working one of the press machines. He had four fingers of his left hand taken off. THEY'RE AFTER HIM

But Murphy Manages to Keep Out of Way.

Tom Murphy, well known around Ham ilton, is a much wanted man by the po-lice, and they are keeping their eyes open night and day to get a line on him. On Monday afternoon they saw him for the first time since the assault on the Chinese in the restaurant on John street, Two men were arrested for this offence and both got off, as the Chinese could and both got off, as the Chinese could not identify them. A warrant for Murphy's arrest has been out for some time. On Monday afternoon Constable Lentz spotted Murphy, and grabbed him on the street, but Murphy jerked loose just as the officer was starting him off for a walk to the cells, and ran north on James street, with Lentz in pursuit. The officer was hampered greatly by his overcoat, and Murphy managed to make good his escape. The police say that he must have left the city immediately, as they have caught nothing in their drag net, which has been working overtime to get him. If he is caught

TEA CONFISCATED

The tea was brought into this country from Hamilton, Ont., by the firm of Balfour & McLaren.

It is claimed by the Government that the tea was first landed at New York in 1906, and because it was inferior in purity and fitness for consumption was rejected by the United States Board of General Appraisers and exported out of the United States to Camada. The Gov-ernment alleges that this was an at-

A member of the firm of Balfour & McLaren said to-day that this tea was imported from an English firm, and, as stated, was refused entry at the port of New York, and then brought to Canada. It was purchased by the local firm in the usual way, and inter sold to a firm in Cleveland, but was again refused entry. It is against the law to make a second attempt to send goods into the States already refused entrance, and for this reason, the tea was confiscated. Balfour & McLaren were not aware that the tea had been refused entrance at New York. The English firm admitted it was at fault in not notifying them of this, and reimbursed them, so that they do not lose anything on the deal.

Since yesterday morning two more cases have been discovered, the victims being Mrs. Wright, 95 John street north, and Robert VanDuzen, 107 Wentworth street north. The first case came under Dr. Roberts' attention early in the week, and yesterday he pronounced it smallpox. Mrs. Wright has a boarding house, and four people are under quarantine there. The doctor reported to the Board that he had another case under suspicion, that of Mr. VanDuzen, and this morning he prenounced it smallpox, too. Both these cases were traced to what was supposed to have been chickenpox. The supposed chickenpox patients have recovered. This makes ten cases reported and four now under the Board's care. Sylvia Boothman, the East avenue girl, has recovered and will probably be released to day.

There are two men in the smallpox shack now, and the two cases just discovered will be removed to the isolation hospital as soon as possible.

The Board last night passed accounts amounting to nearly \$300 for expenses incurred over the disease. Part of this went to reimburse James Patterson, one of the victims, for groceries taken from his store and destroyed. The officials say they destroyed everything that might in any way spread the disease.

The smallest increase in any month of 1907 was 15 per cent, while some ran as high as 90 per cent. Mr. Bridgett has endeavored to do business in a straightforward, honest way, with up-to-date goods of honest quality, with one price to all, and this he claims has been the secret of his success. Mr. Bridgett desires to make his store so attractive that the buying public will always consider it a pleasure to call at the Slater Shoe Store, and he assures them that the treatment they will receive will express his hearty good will and anxiety to please. Some of the members of the union are much worked up about the case, as they think that the union has been dealt a hard blow by the dismissal of the president.

This morning the Grievance Committee of the local union waited on Traction Manager Greeen and asked him the reason for Theaker's dismissal, and if there was any charge against him. No information was imparted by Mr. Green, and the committee arranged for an audience with Hon. J. M. Gibson, President of the company. The meeting will take place to-morrow morning.

Reason He Wants Finance Chairmanship.

Two Other Tories to be Reckoned With.

Date of Caucus Not Fixed Yet.

Alderman Bailey is out for the Conervative nomination as the mayorality candidate for 1909. This fact developed to-day as a result of the scramble for civic chairmanships. A story was circulated in civic circles this mornnig that last year Alderman Dickson promised Ald. Bailey if he would stand aside and let the former have the chairmanship of the Finance Committee, he, Ald. Dickson. would step aside in Ald. Bailey's favor this year Some of the Tories argued is morning that Ald. Dickson was tinus tied hand and foot this year and had no claim on the chairmanship. The facts of the case are these: Ald. Bailey told Ald. Dickson last year that he would stand aside last year, but that if he made up his mind this year to run for mayor in 1909 the argument was not to be used that he should not have the chairmanship of the Finance Committee, because

of the Finance Committee, because A'd. Dickson precided over it last year. The matter was to be fought cut on its merits.

And just in this connection there is a storm looming up that threatens to jar the Tory party unless things are straightened out before next January. A number of Conservatives say that, athough it is looking a long way ahead, Ald. Nichoson has prioglaim on the party's endorsement for mayor next year by reason of his twenty years' service in the council. Most of them seem to be overlooking Ald. Sweeney who is known to have bis eye on the mayor's chair for next year

The date of the Tory caucus has not been fixed yet, nor has the place where it is to be held decided upon. Up to 1905 the caucuses were held in the Sua Life building. In that year it was decided to hold it in the City Hall. There was a scene at that meeting when a Times reporter and a Liberal alderman walked in, and it looks as if the caucus would be at Tory headquarters this year. In some quarters it was hinted that Ald. Farrar had not just made up his mind yet, and there is still a possibility of the plans being upset as to the distribution of the chairmanships. This seems very improbable, because Ald. Farrar expressed himself yesterday as in favor of all the chairmanships, going to Tories. It was also stated that there was a possibility of one of the Tory aldermen, who strongly opposed Farrar last year, refusing to swallow him this year. Ald. A. J. Wright is out after the chairmanship of the Sewers Committee, but there does not seem to be any chance of his landing it. That job will undoubtedly go to Ald. Jutten. Ald. Wright may have to be content with the chairmanship of Ald. Jutten's old committee, the Harbor Committee. No one has been picked yet for the chairmanship of the House of Refuge Committee, presided over by Ald. H. G. Wright last year. Ald. Farrar does not want a chairmanship, but he wants to be placed on the Finance Committee. The other chairmanship, but he wants to be placed on the Finance Committee.
