**OTHER TABLETS NOT  
ASPIRIN AT ALL**

Only Tablets with "Bayer Cross"  
are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

**BEAVERBROOK  
SCHOLARSHIPS  
ARE AWARDED**

The Beaverbrook scholarship committee convened Wednesday afternoon in Lieut-Governor Pugsley's office and awarded five scholarships to New Brunswick candidates. These scholarships are good for four years and worth \$325 each year. John Bond Jr., who has had such an excellent scholastic record, is the committee's selection from St. John. The other four successful applicants are: Miss Margaret Wallace, of Fredericton; Harry M. MacMackin, of Rothesay; Thomas Foukes, Jr., of Campbellton; Randolph B. Lutz, of Moncton. Thomas Foukes will enter McGill University this fall and begin his course in electrical engineering; MacMackin also will go to McGill and will take up medicine. The other three will commence their studies at the University of New Brunswick. Bond will begin a course in electrical engineering; Lutz will take up applied science, and Miss Wallace will pursue an arts course. The members of the committee are Mr. Justice Crocket, His Honor the Lieut-Governor and P. B. Ellis.

**NO GASOLINE**

Car owners in Moncton cannot purchase gas on Sundays hereafter. The Lord's Day Alliance Act prevents the sale on Sunday and the law is to be rigidly enforced.

**SHE WAS ALMOST  
A NERVOUS WRECK**

Had Suffered For Four Years  
But Tanlac Restored Her  
Health, say Husband

"At the time my wife began taking Tanlac," said John A. Hayer, of 123 Maynard St. Halifax, N. S., "she had suffered from stomach trouble for four years and was almost a complete nervous and physical wreck. She scarcely ate anything, as everything disagreed with her so bad, and often for days at a time she didn't eat a mouthful. She bloated terribly after meals and suffered from awful cramping pains in her stomach. She also had headaches and dizzy spells constantly, and was hardly able to do her housework."

"One day a friend told her about Tanlac and got her to try it. Well she eats anything she wants now without the least pain or distress, has a fine appetite and, in fact is rid of all her troubles and is doing her housework with ease. We can't praise Tanlac too highly."

Although it has been something over a year since Mrs. Hayer's experience with Tanlac, she stated in an interview with a special Tanlac representative that she was still feeling fine, which is another link in the long chain of evidence regarding both the immediate and lasting results being obtained from the Master Medicine. Tanlac is sold by all leading druggists everywhere.

**ACCOUNTS SENT OUT**

Subscription accounts of "The Union Advocate" are now being made out and within a short time will be mailed. We trust our readers will remit the amount, as shown by the accounts, immediately on receipt of same. Generally each amount is small, but are large in the aggregate. It is a big undertaking, making out and mailing newspaper subscription accounts and we hope our subscribers will appreciate the work involved and remit promptly the amount due.

**VISITS SOLDIERS'  
FAMILIES ALONG  
THE NORTH SHORE**

There are 325 families which came under the supervision of Miss Mabel Marven, as head of the women's department of the Soldier Settlement board in New Brunswick, and whenever any special need arises Miss Marven is quickly sent for. The families are scattered in every county of the province, some living in log huts, some on crown lands and some on the borders of towns. It is generally a case of sickness which brings a call for Miss Marven, and she knows of all the trials and vicissitudes of the households under her supervision. She has just returned from a visit to Campbellton and the north shore, where she had ten families to call upon. She said the assistance given by the Red Cross Society was a wonderful aid to her work. Not only the provincial headquarters, but the local branches in Kilburn, Fredericton, Moncton, Salisbury and many other places came forward most generously to the relief of distress, and the patriotic fund also contributed readily.

Miss Marven has been supervisor for the women's department of the Soldier Settlement Board in New Brunswick for one year, and during that time she has been able to notice a very marked improvement in the general conditions of the soldier settlers and a deepening content among the families. Especially is this true of the overseas wives. In the spring through the assistance of the Red Cross Society the settlement board was able to hold six short courses in household subjects for the wives of soldiers. The short courses were held in scattered districts and were very popular and successful ventures. Those who were able to attend the short courses are very keen on having the fall picnics which the settlement board is hoping to arrange for them soon. The short courses were a means of bringing social enjoyment which the soldiers' wives in isolated districts found sadly lacking and the picnics are looked forward to as a chance to renew friendships made at the short courses.

One great lack which Miss Marven often finds the families in the more remote districts feel keenly is the lack of reading. At Chipman the nucleus of a small library has been collected through the energies of the soldier settler wives. The books now collected have reached the grand total of sixty volumes. Some have been sent from St. John church societies and some have been given by interested friends in Moncton. Especially to the overseas wives is reading matter of all kinds most heartily welcomed. Miss Marven said. In all there are 430 soldier settlers in New Brunswick, and they are making good. In their re-payments of loans they have been among the first by comparison with other provinces. They are for the most part well established on their farms and are taking kindly to their surroundings.

**PIONEERS OF CLOVERDALE**

The strongest of lures, the lure of the land, led one of the prominent business men of Winnipeg, Mr. Thomas Hulman, of the firm of Hulman Brothers, to forsake city life, about twelve years ago and take up residence in the Okanagan Valley. His ranch, "Cloverdale," has become one of the most interesting spots in the valley, comprising 3,000 acres of bench and bottom lands, presenting a fine idea of operations on a large scale in a fruit-ranching country, with everywhere evidence of initiative. It is situated in the Elliston district, sloping from the hills to the famous old Mission road that leads from Kelowna to Vernon. There are about 300 acres of orchard and thirty thousand fruit trees have been planted. Mixed farming is carried on, including stock raising, grain-growing, gardening, small fruit culture, orchard growing, chiefly cherries and apples and hay meadows.

There are ten miles of road built through "Cloverdale," sixty miles of fencing and the distributing system of irrigation water consists of about twelve miles of pipes and flumes. This system has recently been rebuilt in a permanent manner with vitrified clay pipe and cement diverting boxes. A trip to the head of the irrigation system was of particular interest when a fine view of the large tract was obtained. In the bright sunlight a lovely valley was unfolded—bright green meadows, dark green fields, orchard slopes, and pine clad hills.

During the war an evaporating plant was operated at "Cloverdale" and has become a permanent industry there. Carrots and onions were evaporated and sent as army supplies to the front while apples and the manufacture of tomato pulp are other industries that have been inaugurated. The yields from the valuable bottom lands average from 12 to 18 tons per acre, in onions and the yield of tomatoes is from 15 to

20 tons per acre, the canneries making contract with the growers for their output. The original owner of "Cloverdale" was Mr. George Whelan who now resides on a 200 acre tract nearby, and a visit to this fine British Columbia pioneer who, at 76 years of age, is enjoying life by reading, keeping abreast of the times and rich in experience, makes one realize that elderly men are one of the nation's greatest assets. Mr. Whelan arrived from England at the time of the gold rush at Cariboo and made good in placer mining, afterwards losing what he had gained. He finally drifted down into the Okanagan country with "a square of canvas, an axe and a dollar," setting up a tent in two feet of snow, on Christmas eve, 1872, on the property that is now part of "Cloverdale." He acquired 320 acres of land, adding from time to time till 3000 acres was acquired and as the first farmer in the valley to grow clover, he named his farm "Cloverdale."
