TION TO THE ADVOCATE

YOUNG DAUGHTER MADE WELL

Mother Tells How Her Daughter
Suffered and Was Made Well by
**Lydia E. Pinkham's Vegetable
Compound**

Vancouver, B.C.—"My daughter is a
young girl who has been having severe
pains and weak and dizzy feelings for
some time and had lost her appetite.
Through an older daughter who had
heard of a woman who was taking it
for the same trouble, we were told of
Lydia E. Pinkham's Vegetable Compound.
My daughter has been taking it
for several months and is quite all right
now. It has done all it was represented
to do and we have told a number of
friends about it. I am never without
a bottle of it in the house, for I myself
take it for that weak, tired, worn-out
feeling which sometimes comes to us all.
I find it is building me up and I strongly
recommend it to women who are suffer-
ing as I and my daughter have."—Mrs.
J. McDONALD, 2947 26th Ave. East,
Vancouver, B.C.

From the age of twelve a girl needs all
the care a thoughtful mother can give.
Many a woman has suffered years of
pain and misery—the victim of thought-
lessness or ignorance of the mother who
should have guided her during this time.
If she complains of headaches, pains
in the back and lower limbs, or if you
notice a slowness of thought, nervous-
ness or irritability on the part of your
daughter, make life easier for her.
Lydia E. Pinkham's Vegetable Compound
is especially adapted for such
conditions.

GREAT VICTORY FOR CONSERVATIVES

There are three or four out-
standing facts about this election
which must be observed," declared
Hon. G. Howard Ferguson, when
the swift coming election returns
had shown beyond doubt an over-
whelming Conservative victory in
Ontario.

First it shows that the people of
Ontario are thoroughly imbued
with the necessity of clinging to
British practices in government
and that they would not tolerate
any departure from the principle
of cabinet responsibility. There
has been so much vacillation and
erratic movement, so much want
of stability and lack of policy, in
the last government, that the public
entirely lost confidence in it.
Another thing that I think
weighed a great deal was that
Mr. Drury emphasized every-
where that the old parties had
been discarded by the people for
their want of sincerity, and that
only made more prominent his
own lack of sincerity, and the lack
of adherence to the programme
issued by his party."

Questioned as to the cabinet
which might be formed, Mr.
Ferguson stated that beyond
certain men, obviously of cabinet
rank, and entitled to the first
consideration, he had not consid-
ered the matter.
The Gregory Commission he said
would be asked to make any state-
ment which they might care to.
They will also be asked what they
are doing.

"In any event," said Mr. Fer-
guson, "they will not be allowed
to continue on the present scale.
They have achieved nothing, nor
have they merited the people's trust."
"I have a great sense of apprecia-
tion of the responsibility given me,"
declared the new premier, "and I
hope my efforts will justify the
confidence shown in the very large
vote."

"The Government has endeavored,
during the campaign, to carry
on a clean, educative discussion
of the public questions before the
people. After having done so, if
the people do not agree with the
government's policy, I accept
their verdict most cheerfully."

FRANCE WILL NOT EVEN CONSIDER GERMANY'S OFFER

The German reparations offer
elaborated in the note delivered
to the Entente Allies remains en-
tirely unacceptable to France, it
is declared in Government cir-
cles at Paris. It makes no appre-
ciable advance over the previous
offers, and France cannot even
discuss it with Germany, for as
was decided at Brussels, the pas-
sive resistance in the Ruhr must
be abandoned before any negoti-
ations can begin.

The note is characterized as
unsatisfactory for four main rea-
sons:

First, because it makes no
mention of abandoning the pas-
sive resistance, which is the first
of the Franco-Belgian condi-
tions.

Second, Germany offers no
definite sum as the total repar-
ations.

Third, in suggesting an impar-
tial International Commission to
fix reparations total Germany
ignores and seeks to violate the
Versailles Treaty, which created
the reparations commission
for exactly that purpose. The
French see no reason why the re-
paration commission should be
supplanted.

Fourth, the suggestions for
guarantees might be open to
discussion if Germany proposed
their administration by the Al-
lies, but if the Germans adminis-
ter the guarantee the French
would expect no satisfactory re-
sult.

The French are still unconvin-
ced, they say, when Germany
pleads inability to pay. They
declare they have seen her living
sumptuously and that they
know she can meet her obliga-
tions.

Canned Fruits And Vegetables Are Now Standardized

Housekeepers run practically
no risk of getting a poor quality
of canned fruits or vegetables if
they will be careful to order by
quality grade. All canned goods
put up in the larger factories must
conform to legal standards, and
these are shown on the label of
the can. The system of stand-
ardizing canned fruits and vege-
tables is explained in the May-
June number of the Agricultural
Gazette by C. S. McGillivray,
the Chief Canning Inspector of
the Department of Agriculture at
Ottawa.

The four legal standards of qual-
ity for fruits and vegetables are—
"Fancy Quality," "Choice Qual-
ity," "Standard Quality," and
"Second Quality."

In addition to general standards
for vegetables, specific grades
have been established for canned
peas. There are as follows: Size
No. 1, Size No. 2, Size No. 3, and
Size No. 4. The size is deter-
mined by the opening in the sieve
through which the green peas
will pass.

Canned fruits are graded for
quality and syrup. In grading
for syrup, the terms "Heavy Sy-
rup," "Light Syrup," and "With-
out Sugar" are employed. If the
pucker so desires, he may substi-
tute the words "Packed in Syrup-
less sugar," (stating the percentage
of sugar in the syrup).

The terms denoting quality and
grade must appear upon the main
portion of the label in plain type
of a size not less than 3-8 of an
inch in height. Thus, in the case
of peas the label must indicate
the quality and size of the peas
contained in the can, thus "Fancy
Quality," size No. 1". In the
case of fruit, it must indicate the
quality of the article as well as
the consistency of the syrup so
far as sugar content is concerned
thus "Fancy Quality—Heavy
Syrup."

DROUGHT FELT BY FARMERS IN ALL SECTIONS

The Provincial Department of
Agriculture in its semi-monthly
report upon crop conditions has the
following:—Local showers during
the past fortnight have done little
to relieve the country wide droughty
conditions. Cool weather with a
light frost on the fifteenth pre-
valled until the nineteenth when it
changed decidedly warmer and re-
gistered 94 degrees. Upland pas-
tures and hay fields suffer for rain
Interval and Marsh does not lack
moisture. Hay is only fair, and in
the North Shore counties it will
be a light crop. Milk production
is below normal in all parts of the
Province. Oats, barley and wheat
are growing strongly. The total
acreage sown to these is less than
last year on account of many men
having been compelled to leave
farm work before seeding was com-
pleted to fight the forest fires.
Planting potatoes is completed and
in the St. John river valley dis-
tricts these are showing above
ground. No change in early es-
timate of comparative acreage viz.
seventy five per cent of last year.

PREMIER PLEASED

WITH ELECTIONS
Hon. Dr. P. J. Veniot, Premier
and Minister of Public Works when
asked to express his opinion on the
Ontario election, smiled and repli-
ed that he was glad to see that at
least they were getting back to
stable government and he hoped this
was the death knell of group gov-
ernment in Canada.

RED ROSE For COFFEE particular people

"How good it smells"—for it is
packed fresh roasted, and the
doubly sealed can preserves its
rare aroma and flavor.

A Fine Kettle

This is a fine
kettle, not only for
soup, but for boil-
ing meat or stew-
ing, cooking vege-
tables or preserv-
ing. Be sure each
utensil you buy
carries the SMP
trade mark.

SMP Enamelware

Three finishes: Pearl Ware, two coats of pearly grey
enamel inside and out. Diamond Ware, three coats, light
blue and white outside, white lining. Crystal Ware, three
coats, pure white inside and out, with Royal Blue edging.

Canada Confident of the Future

CANADA is endeavor-
ing to regain her
after-the-war stride
in the midst of many
difficulties,—debt,
deflation and depression being
some of them.

Quack remedies and academic
theories beset her path on every
side. Some suggest that our debt
worries can best be eased by go-
ing further into debt. Others
preach blue ruin, decry their own
country and indulge in mis-
chievous propaganda generally,
while still others look for a new
social order or some miraculous
sign to indicate a better coming
day—all this in apparent forget-
fulness of the fact that just as
there was no royal road to win
the war, there is now no royal
road to pay for it or regain our
former buoyancy, vigor and
confidence.

Some are leaving Canada hop-
ing to escape taxation, only to
find there is no escape anywhere.
In seeking for easy remedies too
many of us overlook the fact
that the greatest remedy is hon-
est, hard work faithfully and
intelligently performed, accom-
panied by old-fashioned thrift.

It takes time, it takes patience,
it takes grit. But every Canadian
knows in his heart that Canada
is coming through all right.

Our Experience Proves It

Look back over the path Canada
has trod. The French Colonists,
cut off from civilization by 3,000
miles of sea, faced a continent—
a wilderness—without the aid of

even a blazed trail. They had
to fight savages, frosts, scurvy,
loneliness and starvation.

The United Empire Loyalists
subdued an unbroken forest in
one generation, growing their
first wheat amid the stumps and
snags of the new clearing.

The Selkirk settlers came to
Manitoba when the prairie was a
buffalo pasture, and grew wheat
where none had grown before
and where those who knew the
country best at that time said
wheat would never grow. To-
day the Canadian prairies grow
the finest wheat in the world.

In proportion to population Canada
stands to-day among the wealthiest
nations in the world, with average
savings on deposit per family of
\$800. Canada's foreign trade per head
of population stands amongst the
highest of the commercial nations,
being \$192 per capita in 1922-23, as
compared with \$135 in 1913-14, the
"peak" year before the war.

New Opportunities for Canada

In Canada, although prices in the
world markets fell below war level,
our farmers reaped last autumn the
largest grain crop in Canadian his-
tory, and Canada became the world's
largest exporter of wheat, thus in
large measure making up for lower
prices.

Last year, Great Britain, after an
agitation extending over thirty years,
removed the embargo on Canadian
wheat, and a profitable and practically
unlimited trade is opening up for
Canadian stockers and feeders.

"The 20th Century belongs to
Canada"—if Canadians keep faith.

The next article will suggest prac-
tical opportunities for profit making
on our Canadian farms.

Have Faith in Canada
