PAINS ACROSS
THE BACK

Relieved by Lydia E. Pinkham's Vegetable Compound

Mitchell, Ontario.—"I have taken your medicine for a number of years. I do not take it steady all the time, but I am never without it. I always keep it in the house. I took it first for pains in the abdomen and bearing-down pains, headaches and pains across the back. I have my home to look after and many a day I could not get up at all. I saw the advertisement in the paper about Lydia E. Pinkham's Vegetable Compound, and Mrs. John Miller told me about it, too. Every time I take it, it makes me feel better and I always recommend it to my friends. I am willing to answer letters from women asking about this medicine and you may use this letter as a testimonial."—Mrs. F.J. WASSMANN, Mitchell, Ontario.

The merit of Lydia E. Pinkham's Vegetable Compound is told by women to each other. Many women know by experience what this medicine will do and they are anxious for others to know. Such testimony should cause any woman suffering from the troubles so common to her sex to give this well-known medicine a fair trial.
Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes."
This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.

A Grand Medicine
For Little Ones

Mrs. Avila Noel, Haut Lameque, N. B. writes:—"I can highly recommend Baby's Own Tablets as they have worked wonders in the case of my baby. I always keep them in the house and would not feel safe without them." What Mrs. Noel says concerning Baby's Own Tablets is just what thousands of other mothers say and feel. The Tablets are a mild but thorough laxative which regulate the bowels and stomach, thereby banishing constipation, colic, indigestion and a host of other minor ailments of little ones. The Tablets are absolutely guaranteed to be free from opiates or narcotics or any of the other drugs so harmful to the welfare of the baby. They cannot possibly do harm—they always do good.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

MAIL PARCELS EARLY

Now is the time to see about those Christmas presents you are going to send your friends and relatives. The earlier you mail them the better chance your parcels have of reaching their destination before Christmas. A great many people wait until the last few days before Christmas at a time when the post office is choked up with mail. Consequently there is bound to be a certain amount of delay to some parcels and yours may be among the unlucky ones. So when we ask you to have your parcels mailed as early as possible you can see that it is for your own good. Above all, be sure to wrap them carefully as a tremendous amount of mail passes through the Post Office during the Christmas season. If you do this, your parcels will stand the strain of Christmas mail conditions and arrive in good order.

Gets Lock Of
Napoleon's Hair

A lock of Napoleon's hair, originally presented by France's emperor to his blood relative, Prince Charles Lucien Bonaparte, has been given to the Massachusetts historical Society by Mrs. Archibald Hopkins of Washington.
The memento has been an heirloom in the donor's family for three generations, having been given to Edward Everett when minister to Egypt by Prince Charles in 1845.

DON'T FUSS

The curse of modern town life is fussiness. The country makes people restful, town makes them restless. Town today is ever encroaching on country and fussy people more and more outnumber the restful. It would not matter if fussiness increased efficiency. The opposite is the fact.

The more people fuss the more they waste energy. Things are not brought to pass more quickly by fussing for them. On the contrary it is the quiet, insistent demand that is effective. A telephone exchange is no poor example of this. The subscriber who loses his temper, yells and bangs down the receiver gets the worst attention. And it is the same in big affairs of life. Look at health for another example. The over-worked, hurried town-dweller fusses over every little ailment. His nervous system makes it impossible for him to do otherwise. Consequently he increases his own bad health and looks with envy on the ruddy, slow-witted healthy rustic. Not to fuss is the crying need of civilized man in towns. It is a state only to be reached by exercise of the will. There are a favored few who nothing can ruffle. Not slow of wit, they are imperturbable of temper. These are the exceptions. The rest of us have to learn to curb fussiness.
