now make and galvanize their own wire. They have erected and equipped the most modern Wire Drawing and Galvanizing Plant in existence. The scientific Annealing Process guarantees us that the Wire is uniformly brought to the proper temper or pliancy, so that it is neither brittle nor soft; thoroughly cleansed, with a bright surface, the wire is given as heavy a coat of zinc as it is possible to retain, and still have a smooth surface; hence Frost Fence Wire is found to last the longest, and therefore the cheapest wire made. Retail price on No. 9 coiled wire, 4c. per lb., or 1,700 feet for \$4.00. Also Frost Woven Wire fencing, Garden fencing, lawn fencing, No. 9 soft wire and staples, Frost Steel Gates, plain and fancy, all sizes, and all galvanized. For prices and particulars apply to
