Morris's Muddled Financial Statement

The inability of the Daily News to straighten out the tangle between the Premier's financial statement, its own estimate, and the Finance Minister's Budget Speech is apparent on the face of it, and confirmed by the continuance of its silence to direct daily communication with St. John's and the rest of the island. Within a year from now the important districts of Placentia & St. Mary's and Ferryland will also be connected by railway. We are now engaged in building the branch to Heart's Content, and that will be opened next year and we have yet three other branches to construct, namely, one to Bay de Verde, one to Bonne Bay and one to Fortune Bay. The railway to Fortune Bay will possess a particular and special interest for the District of Burin, because when that railway touches the waters of Fortune Bay at Terranceville, it will cross over to Boat Harbor, Placentia Bay, and then go up the Shore through the splendid agricultural land around Boat Harbor, Bay de L'Est, Baie Harbor, Rushoon, Red Harbor, Jean de Bay, Spanish Room, Rock Harbor, Marytown, Mortier Bay, Burin, Corbin, St. Lawrence, Lawn, Lamaline, Fortune and Grand Bank. Grand Bank being the terminus of the Fortune Bay branch.

"By a successful loan of four million dollars at three and a half per cent, which I raised last year in London at ninety-seven and a half, the highest rate ever obtained by the Col-

GRAND SUCCESS.—Rev. Dr. Whelan's bazaar at North River closed last night. It was a great success and upwards of \$2,000 was realized.

A Horse Buried.

At 9.30 this morning, as Edward Power was driving his horse and express up Cathedral Hill, when nearly opposite Mr. J. A. Robinson's residence the earth gave way over the sewer, there and the horse sinking through was completely buried only his ears showing above the surface. Instantly a gang of men collected and with the driver cleared away the earth to give the animal breathing space and the animal was dug out and taken up with ropes and tackle. Sergt. Savage and Dr. Donnelly were present also, and the latter on examining the beast, found it was not seriously hurt.

A Centenarian.

While the Cheekers was down collecting fish, and when up in the bottom of White Bay, the crew made the acquaintance of an interesting personage. This is an old Irish woman who came to this country many years ago, stayed two years in St. John's and then went to White Bay where she has lived the past 48 years. She has a little plot of land, raises vegetables, sheep, etc., and lives alone. She is 101 years and 8 months old, is still possessed of all her faculties, and is a strong healthy woman.

The Butler Case.

The annals of the police have never afforded a case of such magnitude as that of Mrs. Butler. The police will call in the aid of an expert dry goods man to classify and arrange the goods, after which they will be ready for the inspection of the trade and those who have missed articles from their residences.

Coastal Boats.
